**Basic Grants Management Course**  
Wildlife and Sport Fish Restoration Program  
National Training Program  
Shepherdstown, WV  
May 23 – 26, 2016

**MONDAY**

- 8:30 a.m. Welcome/Introductions/Getting Acquainted  
Review Agenda – Unit 1  
Course Goals and Objectives – Unit 2  
E-Learning review - Unit 2
- 9:45 MORNING BREAK
- 10:00 Guest Speaker –WSFR headquarters Update
- 10:30 Using iPads in Class – Unit 2
- 10:45 Grant Management Resources and Systems – Unit 3  
Guidance Hierarchy / Training Opportunities
- 12:00 LUNCH
- 1:00 Understanding WSFR Grant Programs – Unit 4
- 2:45 AFTERNOON BREAK
- 3:00 Compliance (Program, NEPA, Sec 7, NHPA) – Unit 5
- 4:30 p.m. ADJOURN

**TUESDAY**

- 8:00 a.m. Review Day 1/Preview Day 2
- 8:30 Pre-Award Project Statement – Unit 6
- 9:45 MORNING BREAK (group photo)
- 10:00 Pre-Award Project Statement (continued)
- 11:00 Grant Application Package – Unit 6
- 12:00 LUNCH
- 1:00 Risk Assessment – Unit 6
- 1:45 Award – Unit 7
- 2:45 AFTERNOON BREAK
- 3:00 Award Continued – Unit 7
- 4:30 p.m. ADJOURN

**WEDNESDAY**

- 8:00 a.m. Review Day 2/Preview Day 3
- 8:30 Batwing Lake –Unit 8
- 9:45 MORNING BREAK
- 10:00 Batwing Lake (continued) –Unit 8
- 12:00 LUNCH
- 1:00 Debrief Batwing Lake Practical Exercise – Unit 8
- 2:45 AFTERNOON BREAK
- 3:00 Post-Award- Grant Implementation, Cost Principles, FFATA -Unit 9
- 4:30 p.m. ADJOURN

**THURSDAY**

- 8:00 a.m. Review Day 3/Preview Day 4
- 8:30 Post Award - Revising Awards - Unit 9
- 9:45 MORNING BREAK
- 10:00 Post Award – Reporting – Unit 9
- 11:00 Grant Closure – Unit 10
- 12:00 LUNCH
- 1:00 Case Study #1 – Unit 11  
Case Study #2 – Unit 11  
Case Study #3 – Unit 11
- 2:45 AFTERNOON BREAK
- 3:00 Post Closure - Unit 12
- 3:30 BGM Quiz Bowl
- 4:15 Course Review/Post Test/Course Evaluation/Certificates
- 4:30 p.m. ADJOURN

**FRIDAY Depart**

**THIS PAGE LEFT INTENTIONALLY BLANK**

# TAB 2

## Goals and Objectives

Welcome to USFWS – Wildlife and Sport Fish Restoration Training Program. The goal of the Training Program is to:

Provide a systematic and ongoing national training program to develop basic and specialized grants management knowledge and skills that result in the consistent and sensible application of regulations, processes, and decisions in the Federal Assistance grant programs.

The purpose of the **Basic Grants Management Course** is to provide a basic knowledge of Federal requirements to submit, review, approve, manage, and audit Federal Assistance grants.

### Course Goal

More effective management of WSFR grants through: (1) partnering; (2) knowledge; (3) communication; and (4) consistency.

### Course Objectives

Upon completion of this course, the participant will be able to:

1. Describe the organization and functions of WSFR.
2. Describe the WSFR grants and processes.
3. Describe the roles and responsibilities of Federal and State/Grantee partners in managing WSFR grants.
4. Process and manage a basic WSFR grant.
5. Use the WSFR toolkit and other guidance and information resources.
6. Build a network of professional grant management contacts.

#### Handouts:

- 2-1 E-Learning Evaluation Questions

**THIS PAGE LEFT INTENTIONALLY BLANK**

## E- Learning Evaluation Questions

Select all correct answers for each question. More than one answer may apply.

- 1) The source of revenue for the Wildlife Restoration Trust Fund is generated through a federal excise tax placed on which of the following items?
- A. Sporting arms and ammunition
  - B. Pistols, handguns and revolvers
  - C. Bows, archery and arrow components
  - D. All of the above

Answer D

- 2) Which of the following activities are eligible for funding through the programs supported with the Wildlife Restoration Trust Fund?
- A. Projects for the conservation of wild birds, mammals and their habitat
  - B. Projects for education of hunters and development of shooting ranges
  - C. Projects for the conservation of reptiles and amphibians

Answer A and B.....wild birds and mammals are the only animals eligible for Wildlife Restoration funding. Hunter Education activities including shooting range construction and maintenance became eligible in 1972 when handguns and revolvers were added to the items being taxed.

- 3) Which of the following broad categories of activities are **not** eligible for Wildlife and Sport Fish Restoration funding?
- A. Projects with a major emphasis on law enforcement
  - B. Projects with the main purpose of producing revenue
  - C. Public relation activities promoting a state fish and game agency
  - D. All of the above

Answer D.....law enforcement, revenue producing, and public relation activities are not eligible for funding.

- 4) What are the factors in the distribution formula of Wildlife Restoration funds to the states?
- A. The state's overall population in proportion to the overall U.S. population
  - B. The number of hunting licenses sold annually in proportion to the national total
  - C. The total square miles of a state's land and inland waters in proportion to the national total
  - D. The square miles of a state's land available for public use

Answer B and C

- 5) Which of the following indicates the required minimum state share of Wildlife and Sport Fish Restoration grant project costs?
- A. 50%
  - B. 75%

- C. 65%
- D. 25%

Answer D.... The state is required to provide 25% match for project costs.

- 6) Who was the author of the Wildlife Restoration legislation bill?
- A. Senator Key Pittman
  - B. Representative Willis Robertson
  - C. Representative John Dingell
  - D. Carl Shoemaker

Answer D ....Pittman and Robertson sponsored the bill but did not write it. John Dingell was one of the sponsors of the Sport Fish Restoration Act.

- 7) Which following statement is not fully in compliance with assent legislation?
- A. Must restrict control and use of a state's hunting and fishing license revenue solely for the administration of the state fish and game agency
  - B. Must restrict a state's hunting and fishing license revenue solely for fish and wildlife management projects

Answer B..... assent legislation requires that license revenue be restricted to control by the state fish and game agency and be used only for its administration.

- 8) What are the factors in the distribution formula of Sport Fish Restoration funds to the states?
- A. The state's overall population in proportion to the national total
  - B. The number of fishing licenses sold annually in proportion to the national total
  - C. The total square miles of a state's land, inland and coastal waters in proportion to the national total
  - D. The square miles of a state's land and waters available for public use

Answer B and C

- 9) Which of the following is a source of revenue for the Sport Fish Restoration and Boating Trust Fund?
- A. A federal excise tax on fishing tackle
  - B. Import duty on recreational boats
  - C. A portion of marine fuel tax revenue
  - D. All of the above

Answer D

- 10) Which of the following answers are requirements of the Sport Fish Restoration Program?
- A. Each state must obligate at least 15% of its annual Sport Fish apportionment on Boating Access projects
  - B. Each state is limited to spend no more than 15% of its annual Sport Fish apportionment on Boating Access projects
  - C. Each state must obligate at least 15% of its annual Sport Fish apportionment on Aquatic Education projects
  - D. Each state may obligate no more than 15% of its annual Sport Fish apportionment on Aquatic Education projects

Answer A and D.... 15% annual minimum spending requirement is mandated for Boating Access projects (although this is combined with all other states in the federal region and averaged over 5 years). A 15% maximum restriction is placed on annual Sport Fish Restoration apportionments for Aquatic Education spending. There is no minimum required spending on Aquatic Education.

- 11) The State Wildlife Grant Program provides funding for which of the following group of animals?
- A. Only animals on the endangered species list
  - B. Only non-game (not hunted or fished) species
  - C. Species of greatest conservation need

Answer C....State Wildlife Grant funds may include endangered species but are not exclusively for endangered species. The State Wildlife Grant program does not exclude projects that benefit species that are hunted or fished.

- 12) Which of the following indicates the required state share of costs for **implementation** projects funded with State Wildlife Grant funds (as of October 1, 2010)?
- A. 30%
  - B. 75%
  - C. 35%

Answer C

## GMP Questions

### Pre-Award Review Questions:

Whose responsibility is it to review project information on NEPA, Sec 7 of the Endangered Species Act and the Historic Preservation Act and make final determinations for compliance? (B)

Whose responsibility is it to review and approve a grant proposal? (B)

### Award Review Questions

Whose responsibility is it to distribute terms and conditions of the Award letter to state project leaders and staff? (A)

Whose responsibility is it to obligate the federal authorized amount of funds? (B)

### Post Award Review Questions

Whose responsibility is it to conduct activities to accomplish grant objectives? (A)

Whose responsibility is it to monitor sub-grantee activities? (A)

### Award Close-Out Review Questions

Whose responsibility is it to provide final performance and financial reports (A)

Whose responsibility is it to officially record the final financial report and close out the grant? (B)

### Post Close-Out Review Questions

Whose responsibility is it to maintain management control of WSFR acquired real property assets? (A)

Whose responsibility is it to provide program accomplishments to interested parties? (C)

**TAB 3**

**Objectives:**

1. Identify resources used in the grants management process.
2. Describe the information management systems used to track, account, and report on grants and their role in the grants management process.
3. Describe briefly new systems being implemented.

**Handouts:**

- None.

## **WSFR Systems and Resources**

### **Wildlife and Sport Fish Restoration Website**

The WSFR website provides information on grant programs administered by WSFR, apportionments and funding, competitive grant information as well as links to regional websites and contact information.

<http://wsfrprograms.fws.gov/>

### **The Financial Assistance Wiki (FAWiki)**

What is a Wiki? A Wiki is a website developed by many users providing content to develop a knowledge base. In this instance, it is FWS Financial Assistance. The FA Wiki is a recently developed knowledge base built to contain FWS Financial Assistance policies, laws, rules, guidance, and best practices for individuals who have grant program and/or cooperative agreement management or grantee/recipient responsibilities. It provides a lasting, accessible knowledge base of guidance for our respective Financial Assistance managers, specialists, and award recipients.

<http://fawiki.fws.gov/>

### **The Wildlife and Sport Fish Restoration Program Toolkit**

The WSFR Toolkit is a collection of full text, searchable documents, fillable forms, and Internet links pertaining to the Service's WSFR grants.

<http://fawiki.fws.gov/display/WTK/Toolkit>

### **Wildlife TRACS**

Tracking and Reporting on Actions for Conservation of Species (TRACS). TRACS is an online data management tool to facilitate WSFR tracking and reporting accomplishments related to Federal assistance grants. It is comprised of two parts: Data TRACS that stores information and a public viewer that displays information.

<http://tracs.fws.gov/>  
<https://tracs.fws.gov/wiki/>

---

---

---

---

## WSFR Systems and Resources (cont.)

### Financial Business Management System (FBMS)

The Department of the Interior has implemented the Financial and Business Management System (FBMS). FBMS provides Interior with standard business practices supported by a single, integrated finance and administrative system for all Bureaus. FBMS is an integrated suite of software applications that helps Interior to manage a variety of business functions, including:

- Budget Formulation
- Budget Execution
- Core Financials
- Personal, Real, and Fleet Property
- Acquisition
- Travel
- Financial Assistance
- Enterprise Management Information

### Prism Grants

The Financial Assistance component of the new system is performed by Prism Grants. The system follows the grants management life cycle, Pre-Award, Award, Post-Award and Close-out.

- Prism Grants accessed through FBMS Portal
- Real time Integrated with FBMS Financial System
- Interface with grants.gov
- FBMS interfaces with ASAP
- Single process and system for all DOI Bureaus
- Financial and performance reports entered online

---

---

---

---

## **WSFR Systems and Resources (cont.)**

### **Grants.gov**

Grants.gov is a government wide system that was developed as a result of P.L. 106-107. It is a storefront for all Federal grant opportunities. Federal agencies are required to post grant opportunities and packages for discretionary grant programs and may post opportunities and packages for mandatory grant programs.

<http://www.grants.gov/>

### **ASAP**

As part of the FBMS implementation WSFR began using the Automated Standard Application for Payments (ASAP) to provide reimbursement to grantees.

ASAP is managed by U.S. Treasury – Financial Management Service (FMS). It is a centralized payment system that makes payments for FMS and other Federal agencies.

<http://fms.treas.gov/asap/>

# The Guidance Hierarchy

---

---

---

---

---

---

---

---

---

---

## Governing and Administrative Regulations

All FWS administered grants and cooperative agreements, approved or amended on or after December 26, 2014, are governed by 2 CFR Part 200 – referred to as “The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.” Previous to this date, such FWS grants and cooperative agreements were governed by 43 CFR Part 12 – referred to as “The Common Rule.” Additionally, other core award management regulations are used in managing specific activities related to Financial Assistance.

Review each of the below items and briefly describe what type of guidance is provided:

1. Wildlife Restoration Act

[Pittman Robertson \(Wildlife Restoration\) Act](#)

---

---

2. 2 CFR Part 200

[Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#)

---

---

3. 50 CFR Part 80

[Administrative Requirements Pittman-Robertson Wildlife Restoration and Dingell-Johnson Sport Fish Restoration](#)

---

---

4. Presidential Executive Order 13186

[Responsibilities of Federal agencies to protect migratory birds](#)

---

---

5. USFWS Service Manual Part 517 Chapter 7

[Sport Fish Restoration – Recreational Boating Access Subprogram](#)

---

---

6. USFWS Service Manual Part 522 Chapter 21

[Allowable recreational activities and related facilities on lands acquired with Federal Assistance funds](#)

---

---

## Training Opportunities

The Wildlife and Sport Fish Restoration Program offers a wide range of training opportunities. The training is offered tuition free to FWS staff and our State partners. Training Opportunities are announced on the WSFR Website, FA Wiki, TRACS Wiki and through email from the Fish and Wildlife Service Regional Office.

### Course Catalog

- E-learning
  - Introduction to WSFR Programs
  - The Grant Management Process
- Basic Grants Management (BGM)
  - Instructor-led course (4 days)
  - Recommended within first 12 months
  - 2 annual course offerings
  - All WSFR Staff, State Coordinators and key State Fiscal Leads
- Advanced Grants Management (AGM)
  - Instructor-led course (4 days)
  - Recommended within first 2 years
  - BGM is a prerequisite
  - 1-2 Offerings a year
  - All WSFR Staff, State Coordinators and key State Fiscal Leads
- Project Leaders Course (PLC)
  - Instructor-led course (2 days)
  - By request of State
  - Hosted at State facility
  - Scheduling is conducted each July for the following year
  - State project leads
- Lands Course (LC)
  - Instructor-led course (3 days)
  - 1 course offering a year or WSFR regional office request
  - WSFR Staff, State Coordinators and realty specialists
  - Focused on real property acquisition, use, management and disposal
- TRACS Training
  - Instructor-led course at various locations
  - Virtual instructor-led courses
  - E-learning offerings
    - Downloadable distance learning material
    - Lunch and learns
  - All TRACS users

### Learning Points

- ✓ WSFR Toolkit contains searchable documents, fillable forms and Internet links relating to WSFR grants.
- ✓ When citing legal or authoritative references for WSFR grant management issues, questions, or processes, always use the appropriate original document title as your authoritative reference. Do not cite the WSFR Toolkit as the authoritative reference.
- ✓ Grants.gov is a government wide initiative to allow organizations to find and apply for federal grants.
- ✓ FBMS is an Enterprise Resource Planning (ERP) Software package that integrates the Department of Interior onto a single information system to manage a variety of business functions (including Financial Assistance) that has been implemented by the Department and all Bureaus.
- ✓ Prism is used to create and post announcements to grants.gov, download applications from grants.gov, manage applications received, award, track and report on grants.
- ✓ ASAP is the payment system used to electronically reimburse grantees for approved grant expenditures.
- ✓ All FWS administered grants and cooperative agreements, approved or amended on or after December 26, 2014, are governed by 2 CFR Part 200 – referred to as “The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.”

**TAB 4**

**Objectives:**

1. Explain the requirements and/or mandates relating to Wildlife and Sport Fish Restoration Program managed grant programs.
2. Recognize the need for monitoring legislation affecting the State Fish and Wildlife Agency
3. Describe the consequences of not having or removing assent legislation and the term diversion

**Handouts:**

- 4-1 Sport Fish Restoration Flow of Funds
- 4-3 Wildlife Restoration Flow of Funds
- 4-4 State Wildlife Grants Apportionments
- 4-5 Grant Program Quick Reference Sheets

**Assent Legislation**

The Wildlife Restoration and Sport Fish Restoration Acts require grantees to pass legislation that assents to the provisions of the Acts.

What is required in a State’s assent legislation?

- Assent to the provisions of the Acts
- Ensures the conservation of fish and wildlife
- Restrict license revenue to the administration of the State fish and wildlife agency

*The State assents to the provisions of the act of congress entitled "An Act to Provide that the United States Shall Aid the States in Wildlife Restoration Projects, and for Other Purposes", 16 U.S.C. 9 669 et seq., and the director of the fish and wildlife agency is authorized to perform those acts that may be necessary to the conduct and establishment of cooperative wildlife restoration projects, as defined in that act of congress, in compliance with that act and with rules and regulations promulgated by the secretary of the interior under that act; and no funds accruing to the State from license fees or interest from license fee accounts paid by hunters shall be diverted for any other purpose than the administration of the division of fish and wildlife.*

Notes:

---

---

---

	<b>Assent Legislation</b>
50 CFR 80.10	Administrative Requirements Federal Aid in Fish and Federal Aid in Wildlife Restoration
	Sport Fish Restoration and Wildlife Restoration Acts

**What happens if a State is not in compliance with the Assent Legislation requirement?**

- A State/Territory not having or removing this restriction is ineligible for this program
- Eligible States/Territories removing this restriction or using revenue from license fees for purposes other than for the fish and wildlife agency may be declared ineligible and may be "in diversion"

**50 CFR 80.21-23, Diversion** occurs when paid hunting and fishing license fees are diverted to purposes other than the administration of the State fish and wildlife agency.

- Removal of the legislative restriction on use of funds
- Use of license funds for purposes other than administration of fish and wildlife agency
- Use of funds for wildlife damage management (under certain conditions).
- Loss of control of assets purchased with license fees (522 FW 20)

	<b>Diversion</b>
50 CFR 80.21-23	Administrative Requirements Federal Aid in Fish and Federal Aid in Wildlife Restoration
	Sport Fish Restoration and Wildlife Restoration Acts
522 FW 20	Loss of Control and Disposal of Real Property

## What are License Fees?

- All proceeds from State-issued general or specific hunting and fishing licenses, permits, stamps, tags, access and use fees and other charges to hunt or fish for recreational purposes
  - Real or personal property acquired with license revenue
  - Income from the sale, lease, rental of, granting rights to, or a fee for access to:
    - real or personal property acquired or constructed with license revenue
    - a recreational opportunity, product, or commodity derived from real or personal property acquired, managed, maintained, or produced by using license revenue
  - Interest, dividends or other income earned on license revenues
  - Reimbursements for expenditures originally paid with license revenue
  - Payments received for services funded by license revenue
- 
- 

## What happens if a diversion of license fees occurs?

If a diversion of license fees occurs, the State/Territory becomes ineligible to participate under the Acts from the time the diversion is declared by the Director until:

- Adequate legislative prohibitions are in place to prevent diversion of license revenues
  - All license revenues or assets acquired with license revenues are restored, or an amount equal to the license revenue diverted or the current market value of assets diverted (whichever is greater) is returned and properly available for use for the administration of the State fish and wildlife agency
  - Federal funds obligated for projects approved prior to the date of diversion remain available for expenditure. However, the State may not make new obligations until the diversion status is resolved
- 
-

## Monitoring Assent Legislation and Diversion

### State executive branch actions

- Vehicle fleet plans and other equipment pools
- Staff and services sharing
- Transfer of management authority on property acquired with restricted funds
- Directives to expend restricted funds on activities unrelated to the administration of the State's fish and wildlife agency

The State is responsible for monitoring actions that impact its compliance with the assent legislation requirement

---

### State legislative branch actions

- Legislation that transfers land or assets to control of another entity
- Elements in the budget bill that mandate expenditures from restricted funds for activities unrelated to the administration of the State's fish and wildlife agency
- Changes to the assent legislation

---

### Agency actions

- Law Enforcement
  - Parks
  - Environmental Protection
  - Nuisance animals
  - Agency central services
- 
-

**Exercise: WSFR Grant Program Overview**

Using the quick reference sheets starting with handout 4-5 please answer the questions below relating to the grant program assigned to your team.

Program: \_\_\_\_\_

1. Who are the eligible grantees?

\_\_\_\_\_  
\_\_\_\_\_

2. What types of project are eligible?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

3. How are the funds distributed?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

4. Does the program have a matching requirement, if so what is the level of match required?

\_\_\_\_\_  
\_\_\_\_\_

5. Are there any special requirements, conditions or mandates?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

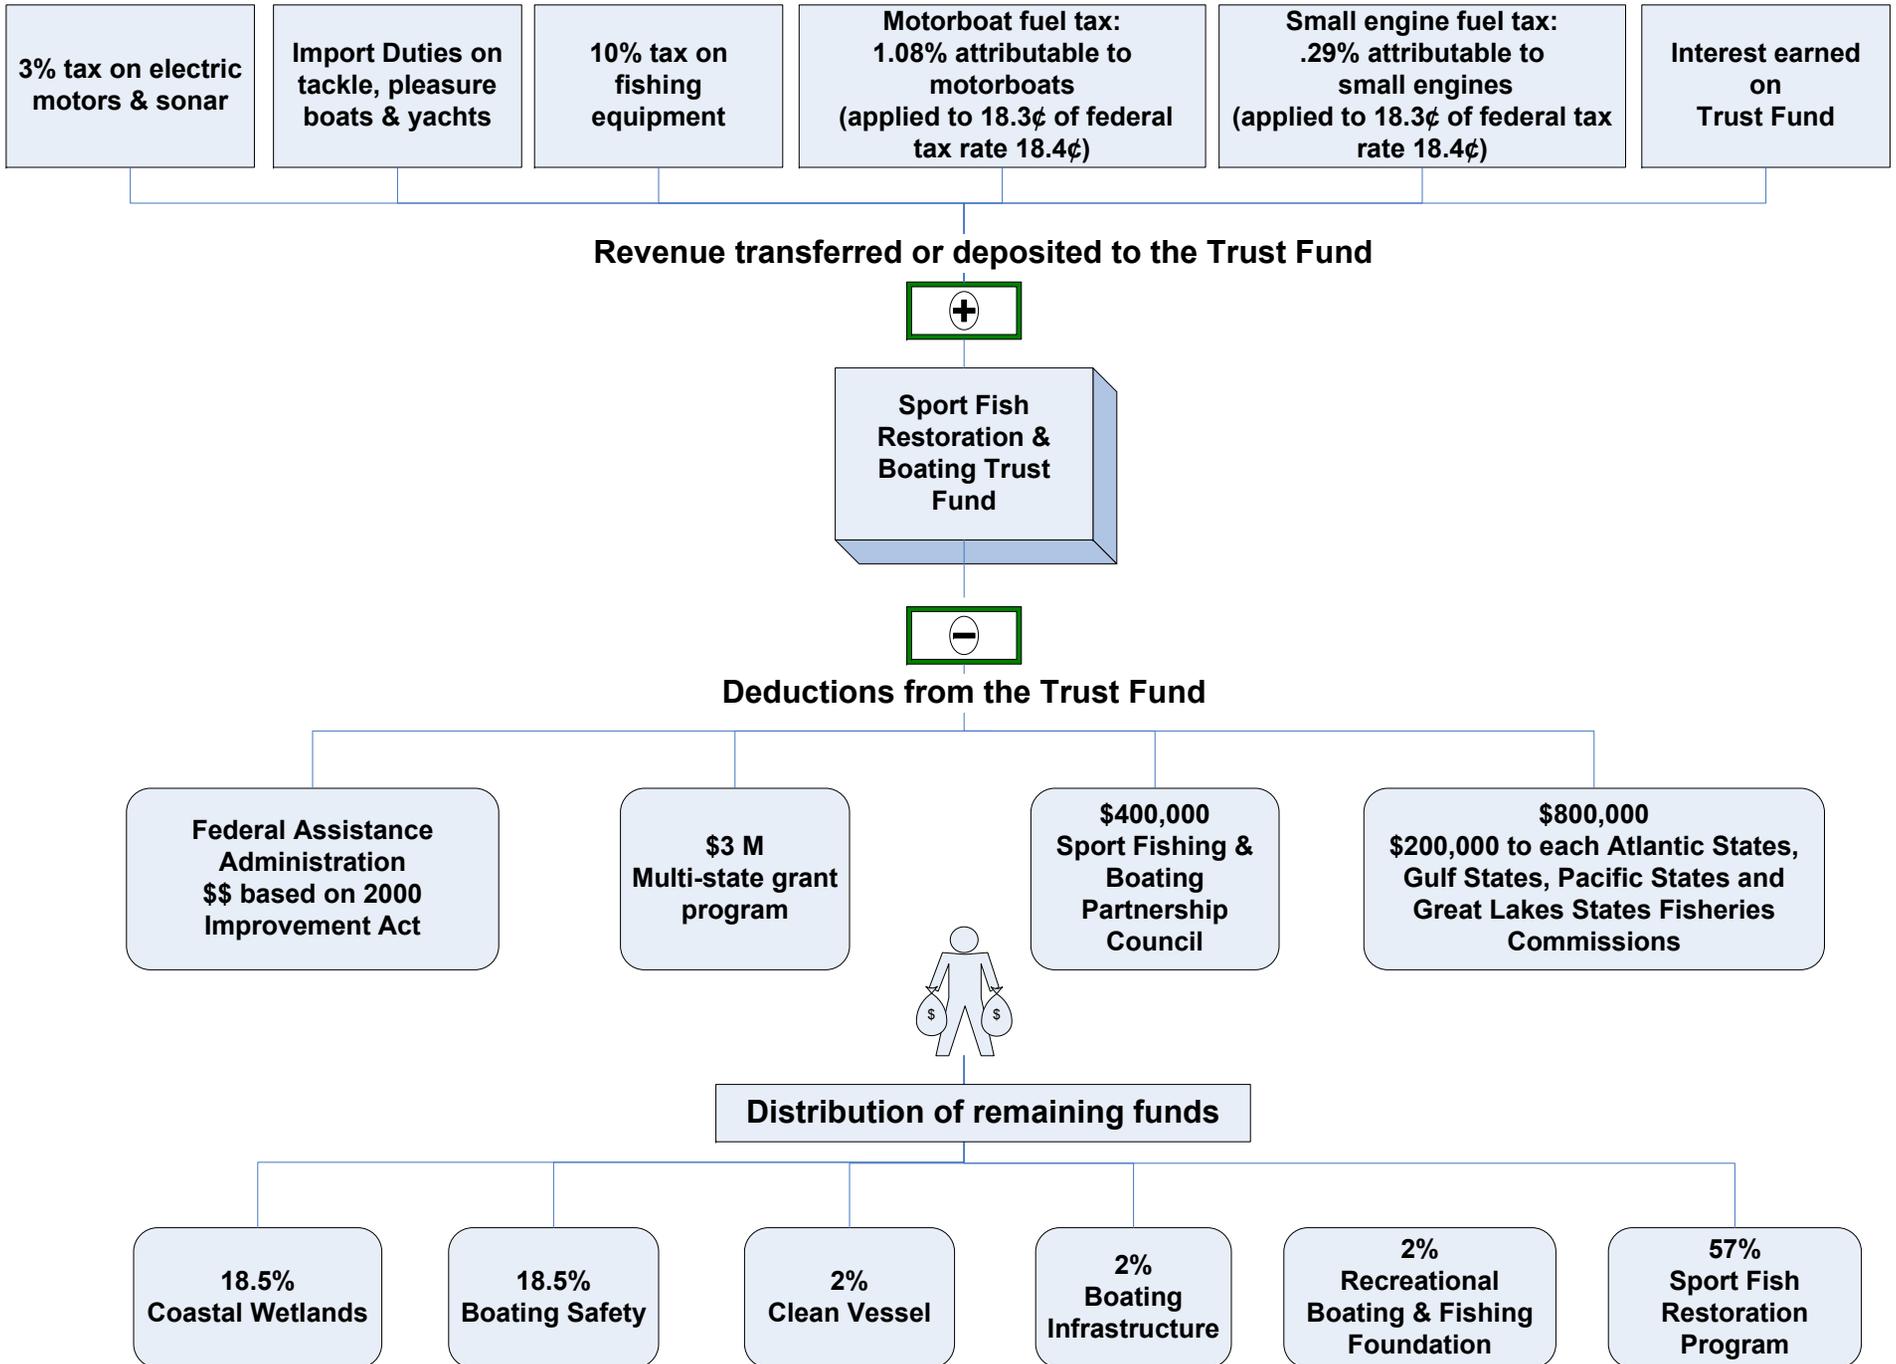

## Learning Points

- ✓ WR and SFR Acts contain spending mandates, limits, regulations, and requirements for making funds available—based on formulas and/or national competition—to grant programs

---

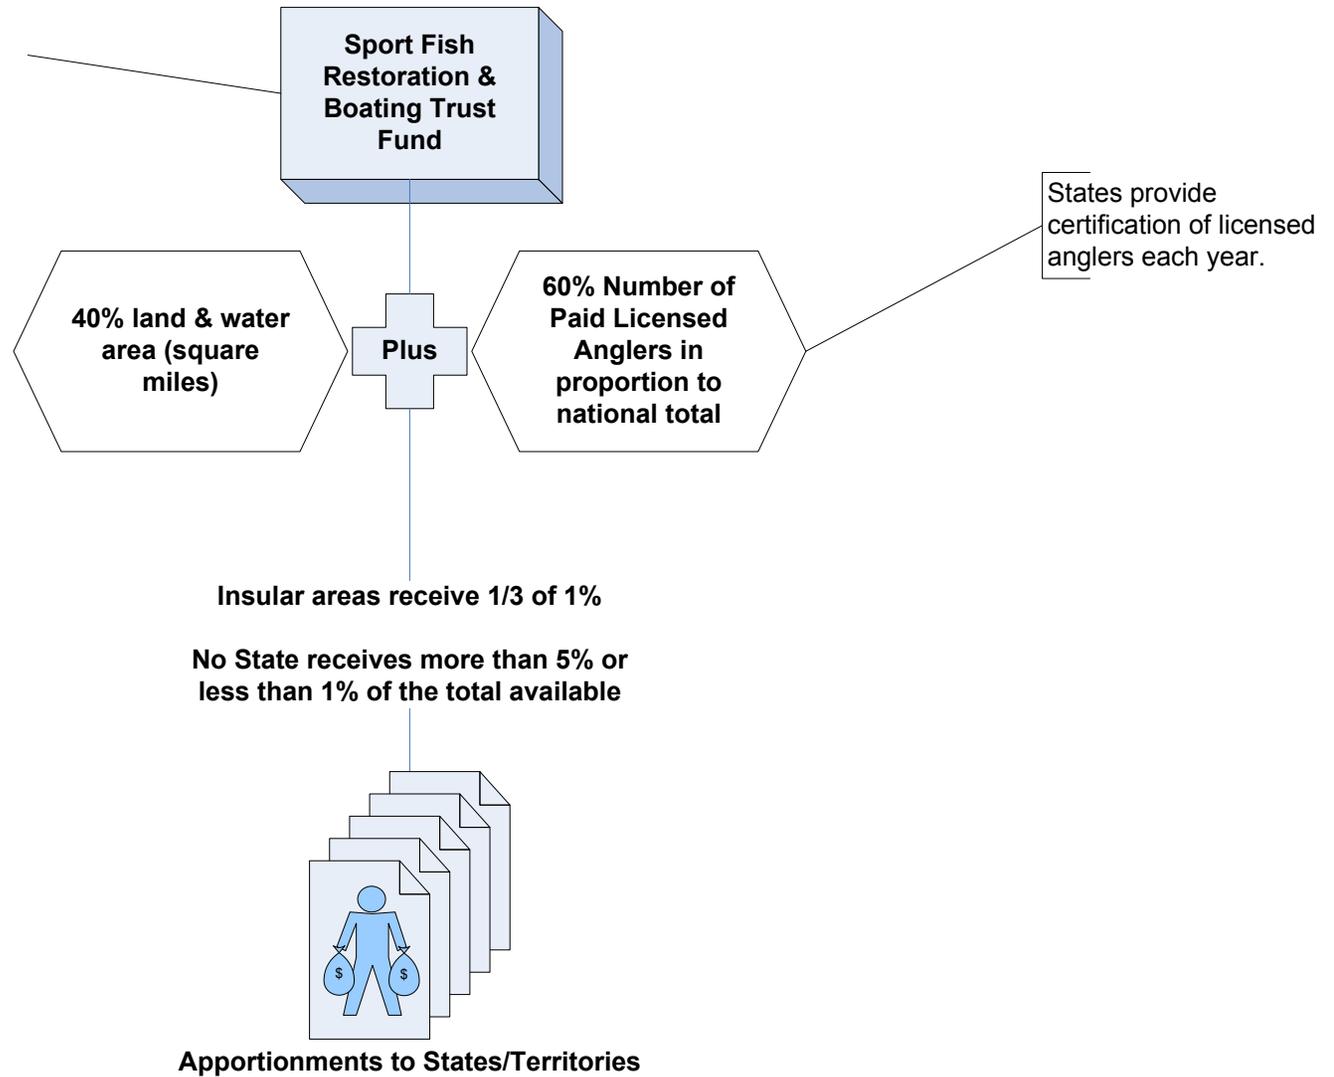

**THIS PAGE LEFT INTENTIONALLY BLANK**

# Sport Fish Restoration Act

# Sport Fish Restoration Program Apportionment Formula

SFR Program receives 57% of funds remaining in Trust Fund after deductions annually.

# Wildlife Restoration Act

11% tax on firearms and ammunition

10% tax on pistols, handguns and revolvers

11% tax on bows, quivers, broadheads, points  
\$.48 per arrow shaft

Revenue transferred or deposited to the account

+

Wildlife Restoration Account

Interest earned on fund

-

North American Wetlands Conservation Fund

Deductions from account

-

WSFR Administration  
\$\$ based on 2000 Improvement Act

\$3 M  
Multistate Conservation Grant Program

\$8 M  
Section 10 Hunter Education & Shooting Range Enhancement

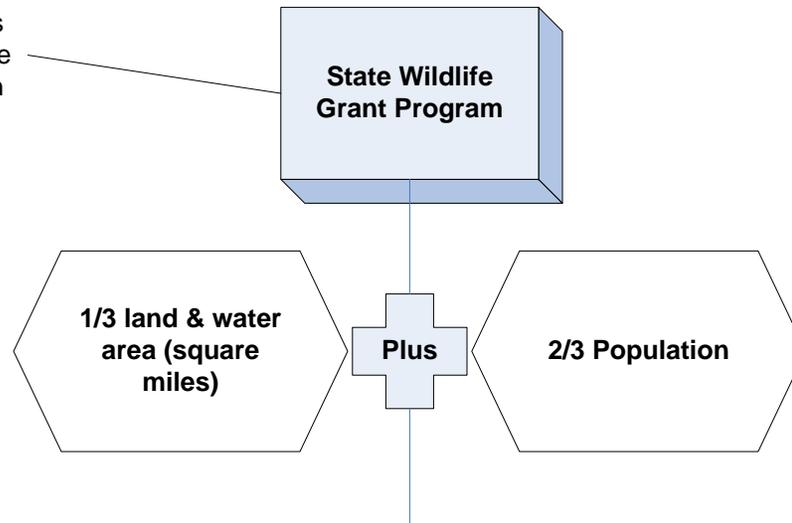

Section 4 (c)  
1/2 of taxes collected on pistols, revolvers, bows, quivers, broadheads, shafts, apportioned to states/insular areas  
Hunter Education

Distribution of remaining funds

Apportioned to states/insular areas for Wildlife Restoration Program

# State Wildlife Grant Program Apportionment Formula

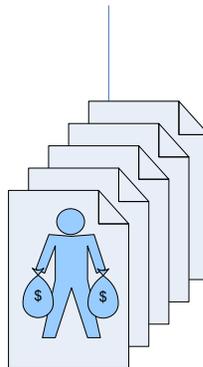

Funds appropriated annually less amount allocated to Tribal Wildlife Grants and 3% for Administration

DC and PR receive 1/2 of 1%

Guam, American Samoa, CNMI, VI receive 1/4 of 1%

No State receives more than 5% or less than 1% of the total available

Apportionments to States

# AQUATIC RESOURCE EDUCATION PROGRAM

UPDATED JUNE 2015

U.S. Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Apportioned based on formula:  
Maximum 15% of Sport Fish Restoration Funding

## Governing Guidance

- Sport Fish Restoration Act also known as Dingell-Johnson (DJ) Act of 1950 (enabling legislation)
- 50 CFR 80
- 2 CFR 200
- USFWS Service Manual Chapters

ELIGIBLE GRANTEES: ALL STATE/TERRITORY FISH AND WILDLIFE AGENCIES WITH ASSENT LEGISLATION

**Purpose** Enhance the public's understanding of water resources, aquatic life forms, sport fishing, and develop responsible attitudes and ethics toward the aquatic environment

## ELIGIBLE PROJECTS

- Projects that enhance the public's understanding of aquatic resources
- Projects that improve communications with anglers, boaters, and the general public on sport fishing and boating opportunities
- Projects that increase participation in sport fishing and boating
- Projects that advance the adoption of sound fishing and boating practices, including safety
- Projects that promote conservation and responsible use of aquatic resources

## SOURCE OF FUNDS

*Sport Fish Restoration & Boating Trust Fund*

Includes Revenues from:

- Excise taxes on sport fishing equipment, electric motors, and sonar
- Import duties on fishing tackle, yachts, and pleasure craft
- Portion of gasoline tax attributable to motorboats and small engines
- Interest earned on Trust Fund

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Provides reimbursement of up to 75% federal funds, 25% match requirement from non-federal sources
- 100% federal funding for District of Columbia, Puerto Rico, Northern Mariana Islands, Guam, Virgin Islands, and American Samoa
- Annual apportionment available for obligation to grants for two years before it reverts. Reverted funds are reapportioned to the Sport Fish Restoration program during the subsequent year

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* State fish and wildlife agencies must pass and maintain assent legislation
- \* State fish and wildlife agencies must submit annual license certifications
- \* State fish and wildlife agencies may spend a maximum of 15% of their annual Sport Fish Restoration apportionment on aquatic education programs.
- \* 15% maximum does not apply to DC, Puerto Rico, Northern Mariana Islands, Guam, Virgin Islands, and American Samoa

# BOATING INFRASTRUCTURE GRANTS

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

### DISTRIBUTION METHOD

**Tier 1-State:**

Provides up to \$200,000 per year to each state

**Tier 2-National:**

Nationwide funding based on set ranking criteria

### Governing Guidance

- Sport Fishing and Boating Safety Act of 1998 (Enabling Legislation)
- 50 CFR 86
- 2 CFR 200
- USFWS Manual Chapters

## ELIGIBLE GRANTEES: GOVERNOR DESIGNATED AGENCIES OF STATES AND TERRITORIES

### Purpose

Provide grants to States and Territories to construct, renovate, or maintain tie-up facilities for transient recreational vessels twenty-six feet or more in length

### ELIGIBLE PROJECTS

- Construction, renovation, and maintenance of boating infrastructure tie-up facilities solely for transient recreational vessels twenty six feet or more in length
- Produce information and education materials specific to BIG or BIG-funded projects (i.e. charts, cruising guides, and brochures)

## SOURCE OF FUNDS

**Two percent of amount in Sport Fish Restoration & Boating Trust Fund.**

**Includes Revenues from:**

- Excise taxes on sport fishing equipment, electric motors, and sonar
- Import duties on fishing tackle, yachts, and pleasure craft
- Portion of gasoline tax attributable to motorboats and small engines
- Interest earned on Trust Fund

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Requires minimum of 25% matching funds, federal share not to exceed 75% total costs
- Funds not obligated within three years are reverted and are made available to the U.S. Coast Guard for Boating Safety
- Maximum amount of federal share for Tier 2-National is \$1,500,000
- Funds are available from time of obligation until the grant closure. Unspent funds are added to new funds in the subsequent fiscal year

### SPECIAL CONDITIONS OR REQUIREMENTS

- \* Facilities constructed, operated, or maintained with grant funds must offer reasonable access for all transient recreational vessels for the full period of their useful life
- \* Facilities must be open to the public during reasonable time periods
- \* Entities may charge fees. Fees must be comparable to the prevailing rate in the area
- \* New construction and renovations must be designed to last throughout its useful life

# BOATING ACCESS PROGRAM

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Apportioned based on formula

## Governing Guidance

- Sport Fish Restoration Act also known as Dingell-Johnson (DJ) Act of 1950 (enabling legislation)
- 50 CFR Part 80
- USFWS Manual Chapter 517 FW 7

**ELIGIBLE GRANTEES: ALL STATE/TERRITORY FISH AND WILDLIFE AGENCIES WITH ASSENT LEGISLATION**

**Purpose** Provide facilities that create or add to public access for recreational boating

## ELIGIBLE PROJECTS

→ A broad range of access facilities and associated amenities that benefit recreation boaters may qualify

- Projects that seek to acquire, develop, renovate, maintain, or improve facilities that create or improve public access to the waters of the United States or improve the suitability of these waters for recreational boating. These facilities may include auxiliary structures to ensure safe use by recreational boaters. Projects may include surveys to determine information needed to plan for providing access to recreational waters for any size or type of recreational boat
- Maintenance and operations projects can be funded for boating access sites, facilities, and structures, even if the Sport Fish Restoration Program did not fund their acquisition or construction
- Facilities funded through the subprogram must be available to all recreational boaters, but States may restrict uses for public safety, property protection, noise abatement, or aquatic resource protection. Examples of restrictions include limiting the horsepower or types of boat motors and setting speed limits, no-wake zones, or hours of use
- States are responsible for maintenance of all capital improvements they acquire or construct using Sport Fish Restoration Boating Access funds throughout the improvement's planned useful life.

## SOURCE OF FUNDS

*Annual apportionment from the Sport Fish Restoration & Boating Trust Fund (authorized through 2015)*

Includes Revenues from:

- Federal excise taxes on boating and angling equipment
- Import duties on boating and angling equipment
- Portion of gasoline tax attributable to motorboats and small engines
- Interest earned on Trust Fund

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- At least fifteen percent of the Region's Sport Fish Restoration apportionment over a five-year period must be used for Boating Access projects
- WSFR calculates the Regional allocations for separate five-year periods that coincide with Federal fiscal calendars
- If total Regional allocation for the five-year period is less than fifteen percent, States may agree among themselves in a memorandum of understanding which State(s) will make the additional allocations to meet the Regional requirement
- With Regional Director approval, a State may change its current-year allocation up to, but not after, the close of the Federal fiscal year which funds were apportioned
- States must use Recreational Boating Access funds in the year that the State receives them, or in the following four fiscal years, otherwise the funds will revert to the Service and be reapportioned
- Primary project purpose must be to benefit recreational boaters and other uses must be incidental or secondary
- If the primary project purpose is to benefit users who are not recreational boaters, program funds may only be used to the extent that recreational boaters use a facility and other expenses must be matched through other methods. For example, if survey information shows that only 40% of facility's users are recreational boaters, program funds can account for no more than 40% of project costs

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* Send to Regional Director an application for Federal assistance to use funds available under Act
- \* Commit to provide the required match
- \* Propose to use funds for specific activities eligible under the subprogram and demonstrate compliance with applicable policies and regulations

# CLEAN VESSEL ACT

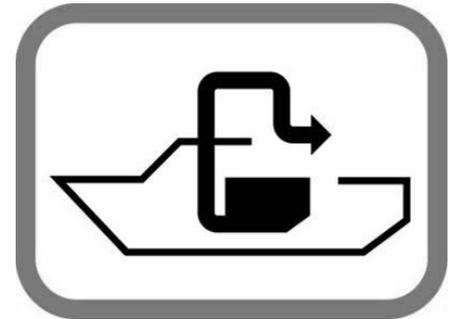

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Nationally competitive based on ranking criteria

## Governing Guidance

- Clean Vessel Act of 1992, Amendment to the Sport Fish Restoration Act (Enabling Legislation)
- 50 CFR 85
- 2 CFR 200
- USFWS Manual Chapters

## ELIGIBLE GRANTEES: GOVERNOR DESIGNATED AGENCIES OF STATES AND TERRITORIES

**Purpose** Provide grants to States and Territories for pumpout stations and waste reception facilities to safely dispose of recreational boater sewage.

## ELIGIBLE PROJECTS

### Coastal States:

- Identify operational pumpout and dump stations
- Survey of recreational vessels in coastal waters with holding tanks/portable toilets
- Developing list of operational pumpout & dump stations and plans for construction/renovation of pumpout & dump stations in coastal zones

### All States:

- Construction, renovation, operation, and maintenance of pumpout & dump stations including floating restrooms used solely by boaters
- Education / information programs to educate / inform recreational boaters about environmental pollution resulting from sewage discharges from vessels
- Location of pump out & dump stations
- Activities involved with holding, transporting, and getting sewage treatment facilities to accept sewage

## SOURCE OF FUNDS

Two percent of the amount in Sport Fish Restoration & Boating Trust Fund

Includes revenues from:

- Excise taxes on sport fishing equipment, electric motors and sonar
- Import duties on fishing tackle, yachts and pleasure craft
- Portion of gasoline tax attributable to motorboats and small engines
- Interest earned on Trust Fund

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Require 25% match, Federal share not to exceed 75% of total costs
- Unspent funds are returned to the CVA Program to be awarded in addition to new funds in the subsequent year
- Must be spent on needs identified in the Act
- Funds not obligated three years from date of availability are reverted and made available to the U.S. Coast Guard for use on Recreational Boating Safety.

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* Requires each coastal State to develop and submit plan for construction and/or renovation of facilities within coastal zone
- \* Only equitable fees may be charged
- \* Facilities constructed, operated, or maintained with grant funds must be accessible to public for the full period of their useful life
- \* CVA signage must be displayed and visible to boaters from the water

# ENDANGERED SPECIES GRANTS

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

### Traditional Conservation Grants

Funding allocated by formula to USFWS Regions based on number of species covered in cooperative agreements. Regions further allocate funding to States by formula or competitive basis

### Habitat Conservation Planning Assistance

Awarded based on National competition

### Habitat Conservation Plan Land Acquisition

Awarded based on National competition

### Recovery Land Acquisition Grants

Awarded based on Regional competition

## Governing Guidance

- Endangered Species Act of 1973 —Section 6 (Enabling Legislation)
- 2 CFR 200
- Notice of Availability of Federal Assistance for Section 6 ESA Grant Program
- USFWS Manual Chapters

## ELIGIBLE GRANTEES: ALL STATE AND TERRITORY AGENCIES THAT HAVE ENTERED INTO A COOPERATIVE AGREEMENT WITH THE SECRETARY OF THE INTERIOR

### Purpose

Provide assistance to State fish and wildlife agencies to assist in development of programs for the conservation of endangered and threatened species on non-federal lands

## ELIGIBLE PROJECTS

Animal, plant and habitat surveys; research; planning; monitoring; habitat protection, restoration, management and acquisition; and public education

## SOURCE OF FUNDS

**Cooperative Endangered Species Conservation Fund**

### MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Provides up to 75% federal funding, 25% required from non-federal sources (up to 90% federal funding when two or more States cooperate to conserve an endangered or threatened species of common interest)
- 100% federal funds for Virgin Islands, Guam, American Samoa, and Northern Mariana Islands

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* State or Territory must currently have or enter into a cooperative agreement with USFWS
- \* Submit proposals meeting eligibility requirements for specific grant program

# HUNTER EDUCATION PROGRAM

UPDATED JUNE 2015

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Apportioned based on formula that includes a factor for population size

## Governing Guidance

- Wildlife Restoration Act, also known as Pittman-Roberson Act of 1937 (Enabling Legislation)
- 50 CFR 80
- 2 CFR 200
- USFWS Manual Chapters

ELIGIBLE GRANTEES: ALL STATE/TERRITORY FISH AND WILDLIFE AGENCIES WITH ASSENT LEGISLATION

## Purpose

To teach students to be safe, responsible, conservation-minded hunters; provide instruction in safe firearm operations, wildlife management, ethics, game laws, outdoor survival, wilderness first aid; and build/operate archery and firearm range facilities.

## ELIGIBLE PROJECTS

### Basic Hunter Education (BHE):

- Teach the skills, knowledge, and attitudes necessary to become a responsible hunter
- Construct, operate, or maintain firearm and archer ranges for public use

### Enhanced Hunter Education (EHE):

- Enhance programs for hunter education, hunter development, and firearm and archery safety. Hunter-development programs introduce individuals to and recruit them to take part in hunting, bow hunting, target shooting, or archery
- Enhance interstate coordination of hunter-education and firearm- and archery-range programs
- Enhance programs for education, safety, or development of bow hunters and archers
- Enhance construction and development of firearm and archery ranges
- Update safety features of firearm and archery ranges

## SOURCE OF FUNDS

### Wildlife Restoration Trust Fund Includes Revenues from:

- Excise taxes on sporting arms and ammunitions (firearms, ammunition, pistols, handguns, revolvers, bows, archery, arrow components)
- BHE funds: 1/2 of taxes collected on pistols, handguns, revolvers, and archery equipment
- EHE funds: \$8 million from Wildlife Restoration Trust fund

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Provides reimbursement of up to 75% federal funding, 25% from nonfederal sources.
- 100% federal funding for Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands.
- BHE apportionment available for two years before it reverts.
- BHE reverted funds are provided to the Migratory Bird Program.
- EHE apportionment available for one year before it reverts. Reverted funds are apportioned, the following year, to those States who fully obligated their current year BHE apportionment to BHE eligible activities.

## SPECIAL CONDITIONS OR REQUIREMENTS

\* If a state fails to obligate all of its current year BHE apportionment on BHE eligible activities, then EHE apportionment funds may only be used for EHE eligible activities.

\* If a state fully obligates all of its current year BHE apportionment on BHE eligible activities, then that state may use its current year EHE apportionment on any eligible activity authorized under the Wildlife Restoration Act (WR, BHE, or EHE) AND that state becomes eligible to receive reverted EHE funds the following fiscal year.

# LANDOWNER INCENTIVE PROGRAM

WSFR LIP FACT SHEET  
UPDATED OCTOBER 2014

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

### TIER ONE

For eligible projects meeting Tier 1 criteria

- Each state receives \$180,000
- Territories and DC receive \$75,000

### TIER TWO

Nationally competitive based on criteria

## Governing Guidance

- Annual Appropriations Act
- USFWS Service Manual
- 43 CFR Part 12
- Landowner Incentive Grant Program Implementation Guidelines

**ELIGIBLE GRANTEES: ALL STATE AND TERRITORY AGENCIES  
WITH PRIMARY RESPONSIBILITY FOR FISH AND WILDLIFE**

## Purpose

Grants to States for pumpout stations and waste reception facilities to dispose of recreational boater sewage.

## ELIGIBLE PROJECTS

### Tier One Grants:

- Grants to fund staff and associated support necessary to develop or enhance existing landowner program to benefit private landowners and other partners to help manage and protect habitats that benefit species at-risk

### Tier Two Grants:

- Tier Two grants to provide funding for technical and financial assistance to private landowners for the protection and restoration of habitats that benefit Federally listed, proposed, or candidate species or other at-risk species on private land
- Tier Two grants to expand existing landowner incentive programs or those created under Tier One

## SOURCE OF FUNDS

**Land & Water Conservation Fund (annual appropriation).**

**Includes revenues from:**

- **Outer Continental Shelf Oil & Gas**

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Provides up to seventy-five percent federal funding, twenty-five percent required from non-federal sources
- One hundred percent federal funds for Virgin Islands, Guam, American Samoa and N. Mariana Islands
- Funds are available from time of obligation on awarded grant until grant closing date. Unspent funds are returned to the LIP to be awarded in addition to new funds in the subsequent year

## SPECIAL CONDITIONS OR REQUIREMENTS

Submit proposals meeting eligibility requirements for Tier One and/or Tier Two funding

# MULTI-STATE CONSERVATION GRANTS

UPDATED JUNE 2015

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Awarded through cooperative process with Association of Fish and Wildlife Agencies (AFWA)

## Governing Guidance

- Wildlife and Sport Fish Restoration Programs Act of 2000, amended Sport Fish Restoration and Wildlife Restoration (Enabling Legislation)
- 50 CFR 80
- 2 CFR 200
- USFWS Manual Chapters

- ELIGIBLE GRANTEES**
- States or Groups of States
  - USFWS, a State or group of States for the purpose of carrying out the National Survey of Fishing, Hunting and Wildlife Associated Recreation
  - Non-governmental organizations

## Purpose

- Provide funding for wildlife and sport fish restoration projects identified as priority projects by the Association of Fish and Wildlife Agencies (AFWA)
- Program is intended to address regional or national level priorities of state fish and wildlife agencies

## ELIGIBLE PROJECTS

- Sports fisheries, wildlife management, research projects, boating access development, hunter safety, aquatic education, habitat improvements, and other projects consistent with the Wildlife and Sport Fish Restoration Acts
- Projects must benefit at least twenty-six States or a majority of States in any USFWS or AFWA Region

## SOURCE OF FUNDS

**Sport Fish Restoration & Boating Trust Fund, three million dollars**

**Includes Revenues from:**

- Excise taxes on sport fishing equipment, electric motors and sonar
- Import duties on fishing tackle, yachts and pleasure craft
- Portion of gasoline tax attributable to motorboats and small engines
- Interest earned on Trust Fund

**Wildlife Restoration Trust Fund, three million dollars**

**Includes Revenues from:**

- Excise taxes on sporting arms and ammunitions (firearms, ammunitions, pistols, handguns, revolvers, bows, archery, and arrow components).
- Interest earned on Trust Fund

## MATCHING REQUIREMENTS AND LIMITATIONS

- Six million dollars available annually
- Funds available to be obligated for two years
- Funds not obligated within two years revert back to both the SFR and WR programs for use by the States
- Once obligated, funds remain available until the grant closing date. Any unspent funds at closing are returned to the multi-state program to be awarded in the subsequent year, in addition to new funds
- No matching requirements

## SPECIAL CONDITIONS OR REQUIREMENTS

\* Applicants must satisfy all standard Federal Application and assurance requirements as well as standards set by AFWA

- \* Non-governmental applications must provide certification to AFWA that grant funds will not be used for any activities, projects or programs that promote or encourage opposition to regulated hunting or trapping of wildlife or angling for or taking of fish
- \* Submit proposals to AFWA

# NATIONAL COASTAL WETLANDS

UPDATED JUNE 2015

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Nationally competitive to only coastal States

## Governing Guidance

- Coastal Wetlands Planning, Protection, and Restoration Act of 1991 (Enabling Legislation)
- 50 CFR 84
- 2 CFR 200
- USFWS Manual Chapters

**ELIGIBLE GRANTEES:** ANY AGENCY OR AGENCIES OF A COASTAL STATE DESIGNATED BY THE GOVERNOR AS HAVING RESPONSIBILITY FOR COASTAL WETLANDS

**Purpose** Provide funding for long-term conservation of coastal wetland ecosystems by helping States to protect, restore and enhance coastal habitats

## ELIGIBLE PROJECTS

- Acquisition of real property interest in coastal land or waters providing that terms and conditions ensure property will be administered for long-term conservation
- Restoration, enhancement, or management of coastal wetlands ecosystems, providing restoration, enhancement, or management will be administered for long-term conservation

## SOURCE OF FUNDS

15% annually of the 18.5% distributed to Coastal Wetlands Planning, Protection and Restoration Act from the Sport Fish Restoration & Boating Trust Fund

Includes revenues from:

- Interest earned on Trust Fund

- **Import duties on fishing tackle, yachts and pleasure craft**
- **Excise taxes on sport fishing equipment, electric motors and sonar**
- **Portion of gasoline tax attributable to motorboats and small engines**

## MATCHING REQUIREMENTS AND LIMITATIONS

- Provides up to 50% federal funding, remaining 50% of costs must be from non-federal source (funds increased to 75% federal share for coastal States that have and are using a fund for acquiring coastal wetlands or other natural areas or open spaces)
- 100% federal funding for American Samoa, Guam, Northern Mariana Islands and Virgin Islands

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* Designated agencies of coastal States submit eligible proposals
- \* Grantees must provide non-federal matching funds

# SPORT FISH RESTORATION PROGRAM

UPDATED SEPT 2015

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Apportioned based on formula:  
60% paid license holders +  
40% land/water area

## Governing Guidance

- Sport Fish Restoration Act, also known as Dingell-Johnson Act of 1950 (Enabling Legislation)
- 50 CFR 80
- 2 CFR 200
- USFWS Manual Chapters

ELIGIBLE GRANTEES: ALL STATE/TERRITORY FISH AND WILDLIFE AGENCIES WITH ASSENT LEGISLATION

## Purpose

- Restoration and management of fish species of material value for sport-fishing and recreation
- Provide facilities that create or add to public access for recreational boating
- Provide aquatic education to public to increase understanding of water resources and associated aquatic life

## ELIGIBLE PROJECTS

- Projects restoring, conserving, managing, and enhancing sport fish having material value for sport or recreation
- Projects enhancing the public's understanding of water resources and aquatic life, assisting them in developing attitudes toward the aquatic environment

## SOURCE OF FUNDS

*Fifty-seven percent of amount in Sport Fish Restoration & Boating Trust Fund*

Includes Revenues from:

- Excise taxes on sport fishing equipment, electric motors and sonar
- Import duties on fishing tackle, yachts and pleasure craft
- Portion of gasoline tax attributable to motorboats and small engines
- Interest earned on Trust Fund

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Provides reimbursement of up to 75% federal funding, 25% required from non-federal sources
- 100% federal funding for Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands
- Annual apportionment available for obligation to grants for two years before they revert. Reverted funds are reapportioned to the Sport Fish Restoration program during subsequent year
- Amount allocated by States for freshwater programs each fiscal year cannot be less than amount allocated in fiscal year 1988
- Up to 15% of annual apportionment may be allocated for aquatic education (no limit for PR, DC, CNMI, Guam, VI, and American Samoa)
- At least 15% of annual apportionment must be allocated to the boating access subprogram (each USFWS region's boating access allocation must be at least 15% during each 5 year period. If not, those states below 15% revert funds).
- Coastal States must equitably allocate apportionment between freshwater and marine projects in proportion to number of resident marine/freshwater anglers

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* State Fish and Wildlife Agencies must pass and maintain assent legislation
- \* Submit annual license certifications
- \* Ineligible projects include law enforcement, public relations, and revenue producing activities

# STATE WILDLIFE GRANTS

U.S. Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

### All Annually Distributed Competitive

Nationally competitive based on ranking criteria

### Noncompetitive—Formula

Apportioned based on formula:

1/3 land area + 2/3 population

## Governing Guidance

- Annual Interior Appropriations Acts (Enabling Legislation)
- 2 CFR 200
- State Wildlife Grant (SWG) Program Implementation Guidelines (*see <http://fawiki.fws.gov/>*)
- USFWS Manual Chapter (*<http://www.fws.gov/policy/517fw10.pdf>*)

## ELIGIBLE GRANTEES

- ALL STATE AND TERRITORY FISH AND WILDLIFE AGENCIES
- REGIONAL ASSOCIATIONS OF FISH AND WILDLIFE AGENCIES

## Purpose

Provide funds for development and implementation of programs that benefit sensitive and imperiled wildlife and their habitats, especially species not hunted or fished (referred to as “species of greatest conservation need”)

## ELIGIBLE PROJECTS

Conservation actions such as research, surveys, species and habitat management, and monitoring that are identified in an approved State Wildlife Action Plan; or updating, revising, or modifying a State’s Plan; or addressing approved “emerging issues”

## SOURCE OF FUNDS

### Land and Water Conservation Fund (annual appropriations)

#### Includes revenues from:

- Outer Continental Shelf Oil & Gas
- General treasury since 2006

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Annual appropriation available for two years
- Competitive grants require 25% matching, federal share not to exceed 75% of total costs
- 100% federal funds for Virgin Islands, Guam, American Samoa and Northern Mariana Islands
- Formula planning grants require 25% matching, federal share not to exceed 75% of total costs
- Formula implementation grants require 35% matching, federal share not to exceed 65% of total costs

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* State/Territory must develop or commit to develop a comprehensive wildlife conservation plan by October 1, 2005.
- \* Approved plans must be reviewed and updated at maximum intervals of ten years.

# TRIBAL WILDLIFE GRANTS

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Competitive based on Request for Grant Proposals and Final Policy and Implementation Guidelines

## Governing Guidance

- Annual Appropriations Act (Enabling Legislation)
- Tribal Wildlife Grant Program Implementation Guidelines
- 2 CFR 200
- USFWS Manual Chapters

**ELIGIBLE GRANTEEES:** FEDERALLY RECOGNIZED TRIBES IN UNITED STATES INCLUDING FEDERALLY RECOGNIZED TRIBES, PUEBLOS, RANCHEROS, AND ALASKA NATIVE VILLAGES OR TRADITIONAL COUNCILS AS DEFINED BY THE ALASKA NATIVE CLAIMS SETTLEMENT ACT

## Purpose

Provide funding to federally recognized Tribes for development and implementation of programs that benefit wildlife and their habitat, including species of tribal culture or traditional importance and species that are not hunted or fished.

## ELIGIBLE PROJECTS

- Development and implementation of programs for the benefit of wildlife and their habitat, including species of tribal cultural or traditional importance and species that are not hunted or fished
- Activities may include, but are not limited to, planning for wildlife and habitat conservation, ongoing and/or new fish and wildlife management actions, fish and wildlife related laboratory and field research, natural history studies, habitat mapping, field surveys and population monitoring, habitat preservation, land acquisition, conservation easements, and outreach efforts.

## SOURCE OF FUNDS

Land and Water Conservation Fund (annual appropriation).

Includes Revenues from:

- Outer continental shelf oil and gas
- General treasury since 2006

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Cost reimbursement
- Provides up to 100% of federal funding
- Annual appropriation available for two years

## SPECIAL CONDITIONS OR REQUIREMENTS

Eligible grantees submit applications including Tribal resolution of support to Regional Native American Liaisons of U.S. Fish and Wildlife Service.

# WILDLIFE RESTORATION PROGRAM

UPDATED SEPT 2015

Fish and Wildlife Service, Wildlife and Sport Fish Restoration Program

## DISTRIBUTION METHOD

Apportioned based on formula:  
50% paid license holders +  
50% land/water area

## Governing Guidance

- Wildlife Restoration Act, also known as Pittman-Roberson Act of 1937 (Enabling Legislation)
- 50 CFR 80
- 2 CFR 200
- USFWS Manual Chapters

ELIGIBLE GRANTEES: ALL STATE/TERRITORY FISH AND WILDLIFE AGENCIES WITH ASSENT LEGISLATION

## Purpose

- Restoration, conservation, management and enhancement of wild birds and mammals and their habitat
- Provide public use and access to wildlife resources
- Provide for education of hunters and development of shooting ranges

## ELIGIBLE PROJECTS

Selection, restoration, rehabilitation and improvement of areas of land or water adaptable as feeding, resting, or breeding places for wildlife

## SOURCE OF FUNDS

*Wildlife Restoration Trust Fund*

Includes Revenues from:

- **Excise taxes on sporting arms and ammunitions (firearms, ammunition, pistols, handguns, revolvers, bows, archery, arrow components)**

## MATCHING REQUIREMENTS AND LIMITATIONS ON AVAILABILITY OF FUNDS

- Provides reimbursement of up to 75% federal funding, 25% required from non-federal sources
- 100% federal funding for Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands
- Annual apportionment available for two years before it reverts
- Reverted funds are returned to U.S. Fish and Wildlife Service for use in Migratory Bird Program
- Basic Hunter Education (separate formula and apportionment) - may be used for hunter education or other WR Act authorized projects
- Enhanced Hunter Education (eight million dollars set aside) - must be used for hunter education or shooting range enhancements (if all Basic Hunter Education funds are used for hunter education, Enhanced HE may be used for any WR Act authorized projects)

## SPECIAL CONDITIONS OR REQUIREMENTS

- \* State Fish and Wildlife Agencies must pass and maintain assent legislation
- \* Submit annual license certification
- \* Ineligible projects include law enforcement, public relations, and revenue producing activities

**THIS PAGE LEFT INTENTIONALLY BLANK**

# TAB 5

## Compliance

### Objectives:

1. Review and determine Federal compliance issues and general award administrative requirements.
2. Identify and discuss specific compliance documentation requirements.
3. Explain the purposes and general requirements of the Statement of Assurances.
4. Understand the NEPA documentation process.
5. Identify the issues that prevent using Categorical Exclusions.
6. Determine the information needed to evaluate the effect on Listed, Proposed to be listed, Candidate Species and/or Critical Habitat.
7. Discuss the importance of this information in the Section 7 evaluation process.
8. Review the National Historic Preservation Act compliance requirements.
9. Discuss various program/project compliance requirements.

### Handouts:

- 5-1 NEPA Process and Documentation
- 5-3 Categorical Exclusions: Extraordinary Circumstances
- 5-5 Section 7 ESA Compliance Process
- 5-7 Section 106 Process
- 5-9 National Historic Register Eligibility Criteria
- 5-11 Area of Potential Effect (APE)
- 5-13 State NEPA Documentation Example
- 5-15 State Section 7 Documentation Example

## Program Specific Compliance Requirements

Each federal financial assistance (FA) program has specific compliance and eligibility requirements in its enabling legislation or funding announcement.

- Purpose of the program
- Eligible awardees
- Eligible / ineligible projects and activities
- spending mandates, matching requirements, funding limitations
- Special conditions
- Governing guidance (CFR, rules, etc.)

Program specified compliance may be found in the program's enabling legislation or funding announcement.

Notes:

## Statement of Assurances

### Exercise: Statement of Assurances

(Toolkit > Forms).

1. Read the Statement of Assurance that is assigned to your group and be prepared to give a one-sentence summary.

[SF-424D \(Construction\) 1, 2, 3, 4, 6, 10, 15, 17, 18.](#)

---

---

2. What happens if the Awardee does not comply with the laws or regulations listed on the Statement of Assurances?

[Funding would cease, expenditures would not be reimbursed, future financial assistance funding will be at risk, audit findings.](#)

---

---

Notes:

---

## National Environmental Policy Act

The purpose of the NEPA process is to consider detailed information concerning every significant environmental effect on the human environment. Additionally, the process ensures the public plays a role in both the decision-making process and the decision implementation.

Complying with the NEPA process is relatively simple and unimposing for the majority of work proposed under awards administered by USFWS. However, the process does require that specific steps be followed and documented to support conclusions about how the federal action will affect the human environment.

The general flow for documenting a NEPA decision is depicted on the *NEPA Process* (Handout 5-1). Working through the NEPA decision making process requires evaluating several factors before implementing federally-funded projects.

The Human Environment is the natural and physical environment and the relationship of people with that environment

### NEPA Factors

- Project Scope
- Potential for Significant Impact on the Human Environment
- Public Interest and/or Controversy Generated

The effect of these factors determines which of the three documentation processes must be followed in complying with NEPA requirements.

### Methods of Documenting NEPA Compliance

- Categorical Exclusion (CE)
- Environmental Assessment (EA)
- Environmental Impact Statement (EIS)

[NEPA compliance requirement #11 on SF424B and #15 on SF424D](#)

516 DM 8 | 43 CFR 46

	<h2 style="margin: 0;">Exercise: Categorical Exclusions</h2>
---	--

Using the Toolkit review– **Policy & Guidance>NEPA>516 DM 8 Managing the NEPA Process**, and answer the questions below.

1. Where do the categorical exclusion appear in 516 DM 8?

[8.5 Categorical Exclusions](#)

---

2. What are the broad category titles for categorical exclusions?

[General, Resource Management, Permit and Regulatory Functions, Recovery Plans, Financial Assistance](#)

---

3. Review each of the following proposed actions and determine, if the activity would be eligible for a categorical exclusion. If so, please note which categorical exclusion may apply.

Proposed Action	Eligible for a Categorical Exclusion (Yes or No)	Applicable Categorical Exclusion
Prescribed Burn	yes	B (4)
Bird Banding	yes	B (1)
Riparian Zone Border Fencing	yes	B(2) B(3)
Training on Radio Telemetry Equipment	yes	A(2)
Coordination of Federal Grant	yes	E(1) E(2)
Paving of a Wildlife Management Area Parking Lot	Scope?	B(2)

4. Besides finding category exclusion that applies, what other requirement must be satisfied before classifying an activity as categorically excluded?

[You must be able to answer “no” to the extraordinary circumstances.](#)

---

## Section 7 of the Endangered Species Act

Federally-funded actions involving listed, proposed, and candidate species will promote the conservation of those species to the greatest extent practical under Federal law.

- Section 7(a)(1): All Federal agencies must determine how to use their existing authorities to further the purposes of the ESA.
- Section 7(a)(2): All Federal agencies—using the best scientific and commercial data available—must insure that any action they authorize, fund, or carry out is not likely to
  - Jeopardize a listed, proposed, or candidate species.
  - Adversely modify designated critical habitat.

An Action includes activities or programs of any kind authorized, funded, or carried out, in whole or in part, by Federal agencies in the United States or upon the high seas.

**-50 CFR 402.02**

Listed = listed as an ES. Proposed = formally proposed in Fed Reg for ES

Candidate = Service identified species to be proposed for listing as ES.

### How Does USFWS Comply with Section 7 of ESA?

Approve only awards that meet conditions.

- Identify species
- Identify actions and location
- Evaluation of effects: by FWS Ecological Services
- No effect
- May affect
- Not likely to adversely affect
- Is likely to adversely affect

Section 7 compliance requirement #11 on SF424B and #15 on SF424D

---

## Make a Recommendation/Determination

### No Species Present

- Nature of work not on the ground.
- There are no species in the location of groundwork; work is non-destructive. If work is destructive add caveat that work will stop if endangered species/habitat are discovered.

### Species Present:

Work in area with potential for Endangered Species.

- **No Effect:** Activity does not / will not interfere within particular time/season/habitat.
- **Is Not Likely to Adversely Affect:** A Take is unlikely. Describe possible effects, and ways to avoid take.
- **Is Likely to Adversely Affect:** A Take is likely. Formal consultation with ES required.

A **Take** is to “harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, collect, or to attempt to engage in any such conduct”.

### Dealing with a “Likely to Adversely Affect” Determination

- Modify the proposal by changing actions, locations, timing, etc.
- Description of how the Take will be avoided must be thoroughly documented in proposal.
- Elevate high-risk project to Ecological Services Field Office for review and possible formal consultation.

### Avoid Section 7 Pitfalls!

- Consider potential effects during the development of the proposal.
  - Provide separate information for each different action and species where there are different recommendations.
- 
-

## National Historic Preservation Act

Section 106 of the National Historic Preservation Act requires federal agencies to account for undertakings on historic properties.

The Section 106 process is

- Consultation with a State’s Historic Preservation Office (SHPO) and/or Tribal Historic Preservation Office (THPO).
- Required if the project/action is an undertaking with potential to cause effects on historic properties.

### Historic Property Examples

- Prehistoric or historic district, site, building or structure.
- Artifacts, records, and remains related and located within such properties.

### What is an “Undertaking”?

Any project, activity, or program funded in whole or in part by a Federal agency, including those (1) carried out by or on behalf of a Federal agency, (2) carried out with Federal financial assistance, or (3) requiring a Federal permit, license, or approval.

### What is the Service’s Responsibility?

Program Offices consult with their Regional Historic Preservation Officer, who may, depending on the activity, work with the appropriate SHPO/THPO.

### What is SHPO/THPO’s Responsibility?

Provide to the Service a written response indicating (1) agreement with a finding of no historic properties present, **or** (2) no adverse effects on historic properties, **or** (3) determine actions that the agency can take to resolve adverse effects.

[Section 106 compliance requirement #13 on SF424B and #17 on SF424D](#)

[Awardee assists Awarding agency in compliance of this Act \(see SoA\)](#)

National Historic Preservation Act | 36 CFR 800

## Historic and Cultural Preservation

	<b>Exercise: Reviewing Undertakings for Adverse Effects</b>
---	---

Work with a partner and consider the following undertakings and determine if consultation with SHPO is required? ***Federal Regulations > 36 CFR 800.5 a 2***

Proposed Undertaking	SHPO consultation required? (Yes or No)
Boat ramp maintenance	No
Electroshocking for fish	No
Sale of federally assisted property containing historic buildings	Yes
Barn roof replacement	Yes
Coordination of Federal Grant	No
Paving an existing gravel parking lot	No

A description of the undertaking and its area of potential effects, including photographs, maps, and drawings may be provided to SHPO. SHPO has an obligation to provide a written response either indicating they agree with the grantees proposed finding of no adverse affects on historic properties or determine actions that the agency can take to resolve adverse effects. Consultation results are included with grant documentation.

## Additional Project Dependent Compliance

The work being performed in the award or the project type may have specific project-dependent compliance that must be considered and documented.

- Permits
- Engineering Diagrams
- Appraisals
- Third Party Agreements
- Intergovernmental Review of Federal Programs
- EO 12372
- State Single Point of Contact
- [www.whitehouse.gov/omb/grants\\_spoc](http://www.whitehouse.gov/omb/grants_spoc)
- Lobbying

### Disclosure of Lobbying Activities (Form SF-LLL)

Federal funds cannot be used by the grantee or paid by the grantee to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

Funds other than Federal funds may be used for lobbying. However, if any funds other than Federal funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the Federal contract, grant, loan, or cooperative agreement (currently being submitted), the grantee must complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

---

---

### Learning Points

- ✓ Compliance requirements include administrative, environmental, historical, cultural and non-discrimination.
- ✓ Compliance requirements are found in the enabling legislation, governing program guidance, administrative requirements and the Service Manual Chapters.
- ✓ The Statement of Assurances documents the Recipient's acceptance of the compliance requirements listed on the assurance form.
- ✓ Compliance requirements will vary depending upon the project type.
- ✓ The NEPA process assesses a project's impact on the human environment.
- ✓ Federal funds cannot be used on a project until a NEPA decision is made and documented.
- ✓ The three types of NEPA documentation processes are Categorical Exclusion, Environmental Assessment, and Environmental Impact Statement.
- ✓ The scope, potential for significant impact on the human environment, and the public interest and/or controversy of a project will determine the NEPA documentation process.
- ✓ The NEPA process requires documenting the effect a project has on endangered species.
- ✓ The Section 7 process supports the NEPA decision.
- ✓ National Historic Preservation Act requires federal agencies to take into account the effects of their undertakings on historic properties.

# NEPA Process

**THIS PAGE LEFT INTENTIONALLY BLANK**

## **APPENDIX 2**

### **Categorical Exclusions: Extraordinary Circumstances**

Extraordinary circumstances exist for individual actions within CXs which may:

2.1 Have significant impacts on public health or safety.

2.2 Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas.

2.3 Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources [NEPA Section 102(2)(E)].

2.4 Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.

2.5 Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects.

2.6 Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.

2.7 Have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by either the bureau or office.

2.8 Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species.

2.9 Violate a Federal law, or a State, local, or tribal law or requirement imposed for the protection of the environment.

2.10 Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).

2.11 Limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).

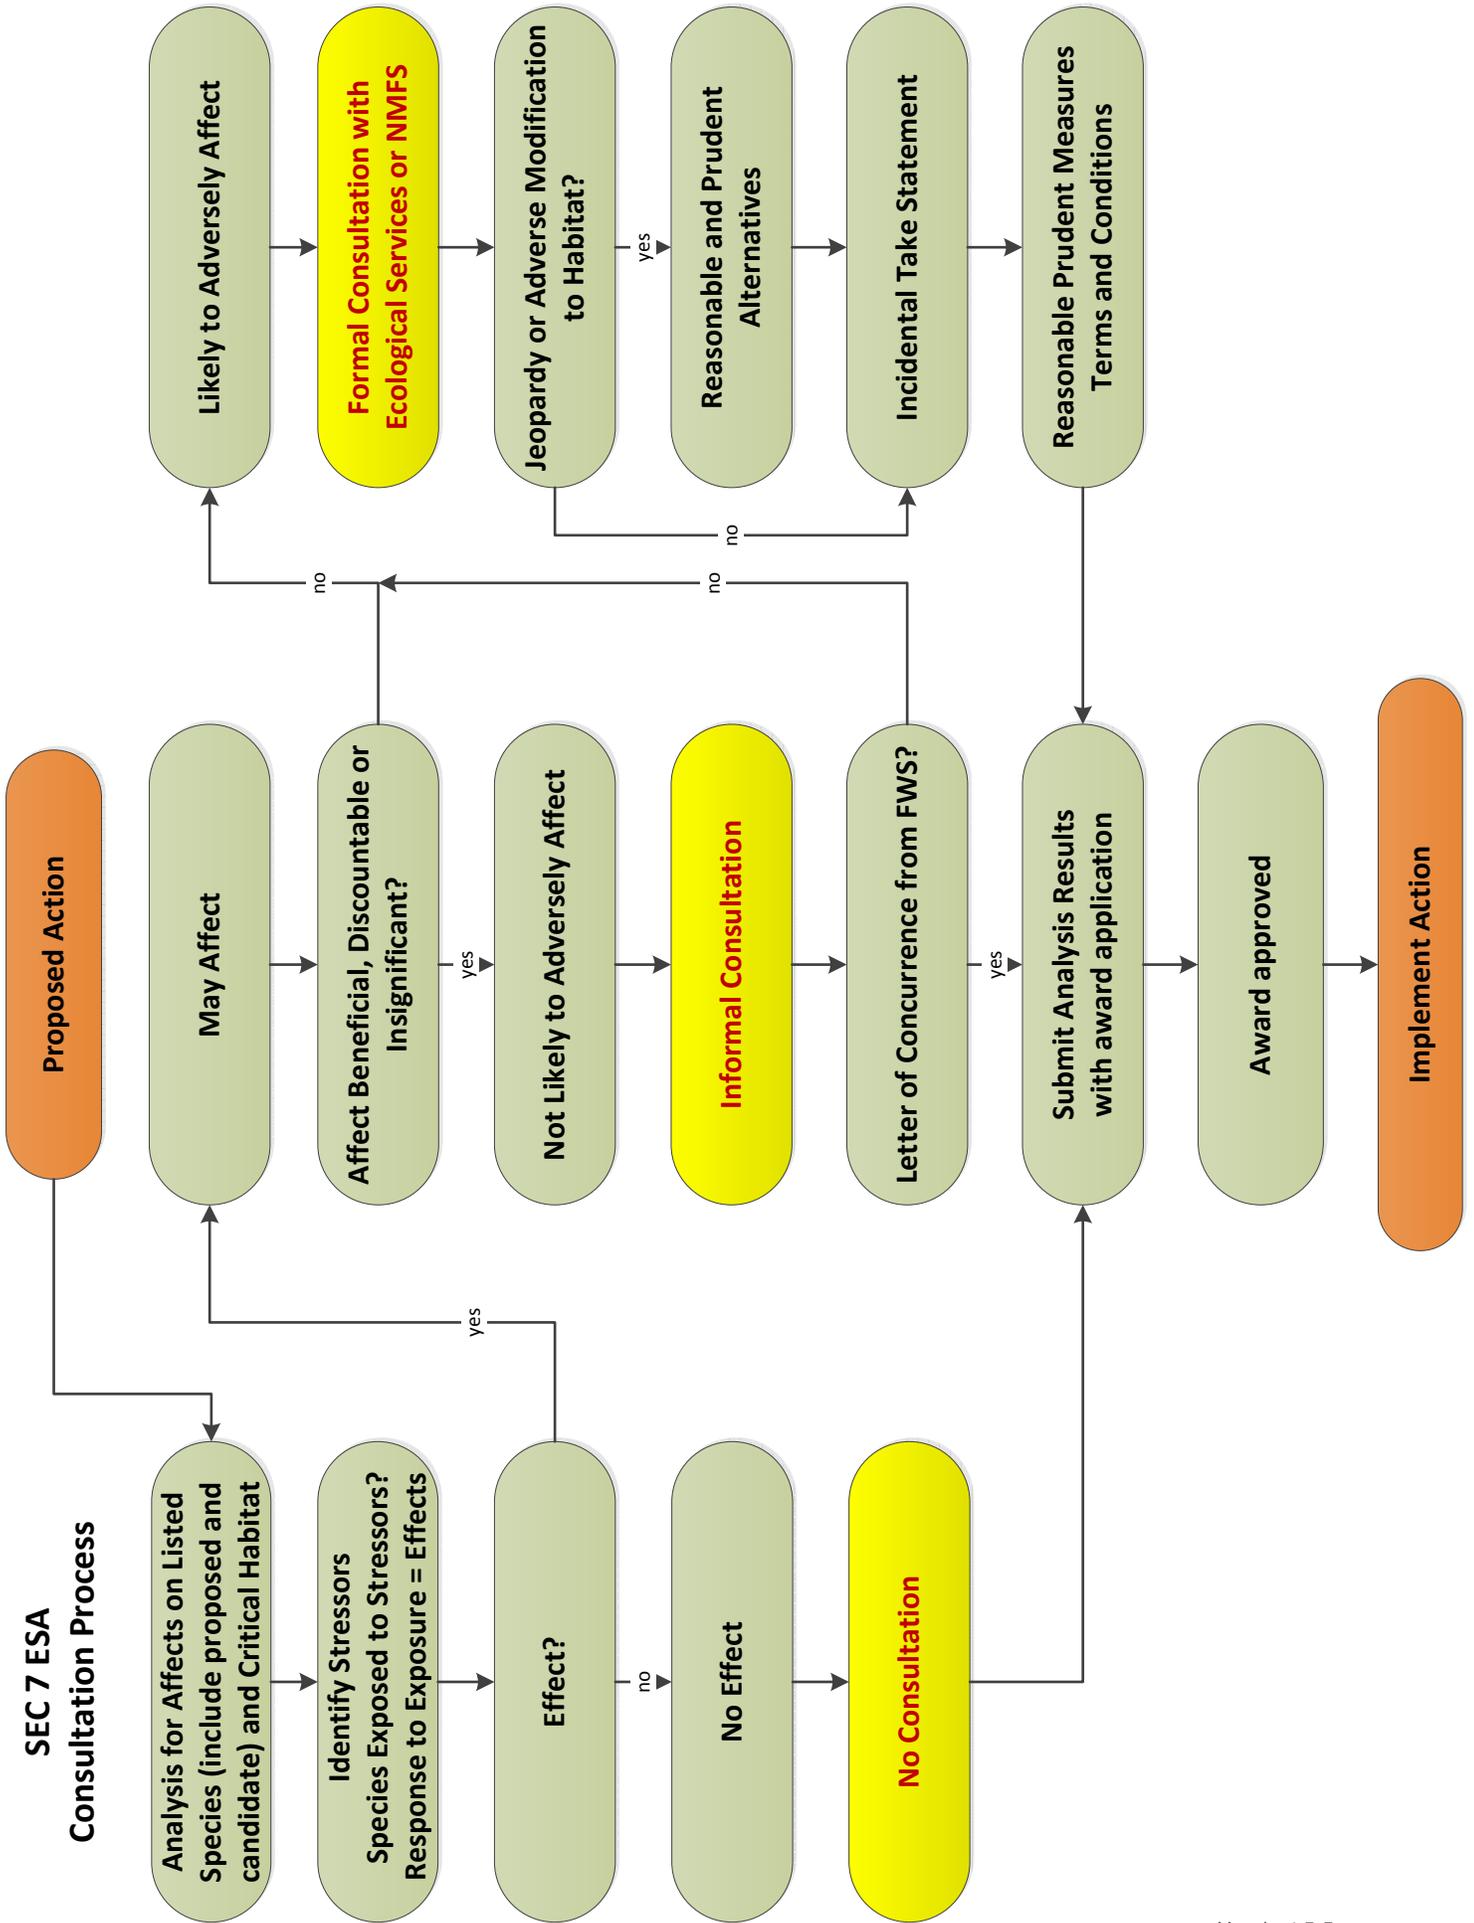

2.12 Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).

# Section 106 National Historic Preservation

Updated: 01/06/2016

<sup>1</sup> Undertaking means a project, activity, or program funded in whole or in part under the direct or indirect jurisdiction of a Federal agency, including those carried out by or on behalf of a Federal agency; those carried out with Federal financial assistance; and those requiring a Federal permit, license, or approval. **36 CFR 800.16(y)**

<sup>2</sup> Examples of Adverse Effects include: (1) Physical destruction or damage; (2) Alteration of a property; (3) Removal of a property from its location; (4) Change of the character of the property's use or physical features; (5) Introduction of visual, atmospheric, or audible elements; (6) Neglect of a property; and (7) Transfer, lease, or sale of property. **36 CFR 800.5(a)(2)**

**THIS PAGE LEFT INTENTIONALLY BLANK**

## NATIONAL PARK SERVICE

### NATIONAL REGISTER CRITERIA FOR EVALUATION

#### Criteria for Evaluation

The quality of significance in American history, architecture, archeology, engineering, and culture is present in districts, sites, buildings, structures, and objects that possess integrity of location, design, setting, materials, workmanship, feeling, and association, and:

- A. That are associated with events that have made a significant contribution to the broad patterns of our history; or
- B. That are associated with the lives of significant persons in or past; or
- C. That embody the distinctive characteristics of a type, period, or method of construction, or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction; or
- D. That have yielded or may be likely to yield, information important in history or prehistory.

#### **Criteria Considerations:**

Ordinarily cemeteries, birthplaces, graves of historical figures, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in nature, and properties that have achieved significance within the past 50 years shall not be considered eligible for the National Register. However, such properties will qualify if they are integral parts of districts that do meet the criteria or if they fall within the following categories:

- a. A religious property deriving primary significance from architectural or artistic distinction or historical importance; or
- b. A building or structure removed from its original location but which is primarily significant for architectural value, or which is the surviving structure most importantly associated with a historic person or event; or

c. A birthplace or grave of a historical figure of outstanding importance if there is no appropriate site or building associated with his or her productive life; or

d. A cemetery that derives its primary importance from graves of persons of transcendent importance, from age, from distinctive design features, or from association with historic events; or

e. A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived; or

f. A property primarily commemorative in intent if design, age, tradition, or symbolic value has invested it with its own exceptional significance; or

g. A property achieving significance within the past 50 years if it is of exceptional importance.

- This exception is described further in NPS "How To" #2, entitled "How to Evaluate and Nominate Potential National Register Properties That Have Achieved Significance Within the Last 50 Years" which is available from the National Register of Historic Places Division, National Park Service, United States Department of the Interior, Washington, D.C. 20240.

## **Area of Potential Effects**

### **Section 106 of National Historic Preservation Act**

Area of Potential Effects (APE) means the geographic area or areas within which an undertaking may directly or indirectly cause alterations in the character or use of historic properties, if any such properties exist. The APE is influenced by the scale and nature of an undertaking and may be different for various kinds of effects caused by an undertaking.

Important points to consider when establishing an APE:

- The APE is determined before the systematic identification of historic properties begins. Accordingly, all of the historic properties in the project vicinity need not be known to initially establish the APE. It is important at this point to thoroughly understand the undertaking and the nature of its potential effects.
- The determination of the APE must include indirect as well as direct effects.
- An APE need not be a single contiguous area but may consist of more than one area, depending on the specific features of the undertaking.
- The determination of the APE should address all project alternatives. Different alternatives may have different APE's. Also, the APE need not be uniform for all kinds of effects; a single undertaking may have different APE's for different kinds of effects.
- An APE is not defined or limited by boundaries of land ownership.
- An APE should be envisioned in three dimensions and must include all areas of horizontal and vertical ground disturbance.
- The determination of the APE must be reconsidered if there are changes to the undertaking during project development. The APE may need to be modified or changed (e.g., expanded or contracted) during the course of an undertaking and if so, additional consultation may be necessary. Any subsequent changes to the APE shall be documented.

In the event the Applicant determines, or the SHPO/THPO recommends, that an alternative APE is necessary, the Applicant and the SHPO/THPO may mutually agree to an alternative APE.

JUN 29 2012 Agency of Natural Resources

Division of Wildlife and  
Sport Fish Restoration

June 21, 2012

Dear Dr. Organ:

I am writing in reference to the Application for Federal Assistance for W-46-D regarding compliance with the *National Environmental Policy Act* (NEPA).

The actions proposed in this grant will take place throughout the State of Vermont on lands owned by the Department within the grant period of July 1, 2012 through June 30, 2017. We have reviewed the proposal for meeting NEPA compliance and found that it is *completely covered by 516 DM 8.5 categorical exclusion*. Further, we find (43 CFR 46.215) that this proposal will NOT:

A(2), B(1), B(2), B(4) and 516 DM 2, Appendix 1  
B(3) SG

1. Have significant impacts on public health or safety.
2. Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas.
3. Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources (NEPA Section 102(2)(E)).
4. Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.
5. Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects.
6. Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.
7. Have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by either the bureau or office.
8. Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species.
9. Violate a Federal law, or a State, local, or tribal law or requirement imposed for the protection of the environment.
10. Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).
11. Limit access to and ceremonial use of Indian sacred sites on federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).
12. Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).

I Concur [  ] do not Concur [  ]

Thank you for your time reviewing this grant proposal,

State Project Leader

Conserving fish, wildlife, plants, and their habitats for the people of Vermont.

**PAGE LEFT INTENTIONALLY BLANK**

Listed Species Present/Is Not Likely to Adversely Affect

RECEIVED

JUN 29 2012

Division of Wildlife and  
Sport Fish Restoration

Dear Dr Organ:

We are writing in reference to the Application for Federal Assistance for Vermont W-46-D and it's compliance with Endangered Species Act Section 7.

The actions proposed in this grant will take place statewide within the grant period of 07/01/2012-06/30/2017. It has been found that the following federally listed, proposed or candidate species may be present within this area:

The following species are on the federal endangered species list, potentially exist, and/or are known to exist within Vermont:

Indiana bat (*Myotis sodalis*)

Eastern mountain lion (*Felis concolor cougar*)

Lynx (*Lynx canadensis*)

Bald eagle (*Haliaeetus leucocephalus*)

Peregrine falcon (*Falco peregrinus*)\*

Puritan tiger beetle (*Cicindela puritana*)

Dwarf wedge mussel (*Alasmidonta heterodon*)

Small whorled pogonia (*Isotria medeoloides*)

Jesup's milk-vetch (*Astragalus robbinsii* var. *jesupii*)

Northeastern bulrush (*Scirpus ancistrochaetus*)

The actions proposed include: administrative activities associated with acquiring property, but does not include the actual costs to purchase the real property interest from the landowner. Specifically, this job includes, but is not limited to: contracts for appraisals, title searches, surveys, closing attorneys, hazardous waste surveys, clean-up of sites, archeological surveys, equipment for VFWD staff, among others.

We believe these actions are NOT LIKELY TO ADVERSELY AFFECT these species in conducting these proposed actions because: the grant funded activities consists of administrative, project facilitation costs that will have no effect on federally listed threatened and endangered species. This project covers office related work and expenses, and non-destructive fieldwork needed to obtain information and/or facilitate the protection of vital habitats. There is no habitat manipulation, handling of wildlife, or ground disturbance as part of this project.

If any other listed species are found or any actions changed before or within the Agreement Period, state and federal authorities will be notified, and actions will cease until another Section 7 review is completed and approved by Federal Assistance.

Clean-up of sites could impact listed species if present. Assessments will be made prior to on the ground action so no impacts occur JEP

Thank you for your time in review of this grant proposal.

Vermont Department of Fish and Wildlife Concurrence/Approval: (signatures indicate that impacts on all federally listed species within Vermont have been considered)

---

## Objectives:

1. Identify and explain the purpose of the various components of the grant application package.
2. Determine the need for inclusion of compliance and other supporting documents.
3. Determine the eligibility of the grant projects included in the application.
4. Evaluate the Project Statement for adherence to the minimum requirements.
5. Determine if the proposal meets requirements for substantiality in character and design.
6. Describe the communication and people involved in developing, reviewing and approving the grant application.
7. Describe the merit review and risk assessment process required for all competitive grants and cooperative agreements.

## Handouts:

- 6-1 Project Budget Information
- 6-3 Intergovernmental Review (State Process Documents)
- 6-5 Project Statement
- 6-9 SF 424 Statement of Assurances
- 6-11 SF 424 Application for Federal Assistance
- 6-17 Best Management Practices for Project Statement Development
- 6-21 Notice of Availability for Federal Assistance (NOFA)
- 6-29 TRACS Action Spreadsheet
- 6-55 Sample TRACS Project Statement
- 6-61 Financial Assistance Recipient Risk Assessment (FAPO)

## Project Statement Overview

A project statement identifies the need and describes the work to be done. It is required for each project to be funded in a grant. Grantees may use their own format for the project statement/narrative or use the TRACS system. Project statements must contain all elements required in the program guidance.

Competitive grant programs contain additional requirements used to evaluate and rank grant applications. Specific program guidance should be reviewed for ranking criteria.

### Required Elements of a Project Statement (50 CFR 80.82)

- NEED
- PURPOSE and OBJECTIVES
- EXPECTED RESULTS or BENEFITS
- APPROACH
- USEFUL LIFE (\$100,000)
- GEOGRAPHIC LOCATION
- PRINCIPAL INVESTIGATOR (if research)
- PROGRAM INCOME
- BUDGET NARRATIVE (costs by project & subaccount)
- MULTIPURPOSE PROJECTS (benefits multiple programs)
- RELATIONSHIP TO OTHER GRANTS
- TIMELINE
- GENERAL

	<b>Project Statement Requirements</b>
50 CFR Part 80.82	Administrative Requirements Federal Aid in Fish and Federal Aid in Wildlife Restoration

**Exercise: Substantial in character and Design**

Read 50 CFR 80.56 and be prepared to discuss substantiality in character and design.

1. Define substantial in character and design.

See 50 CFR 80.56 a – d. d may be the biggest issue. Grant reviewers are familiar with big picture costs. Even though 50 CFR 80.56 is for WR/SFR this same guidance is applied to all WSFR grant programs.

2. What documents do you need to look at to determine if the grant application is substantial in character and design?

Project statement and budget information (estimated cost).

3. Who has ultimate responsibility to determine if a project is substantial in character and design?

FWS. Grantees decide how money is used but must document substantiality of character and design to reasonable satisfaction of FWS.

	<p><b><i>Substantial in Character and Design</i></b></p>
<p>50 CFR Part 80.56</p>	<p>Administrative Requirements Federal Aid in Fish and Federal Aid in Wildlife Restoration</p>

---

## Required Elements of a Project Statement

### Need

- Explain why the project is necessary and how it fulfills the purposes of the relevant Act
- Identify the conservation issue, problem or opportunity the project will address
- Evidence of the need (Wildlife Action Plan, surveys)
- Articulate the null alternative...the negative result of taking no action
- When you think you have identified the need (ie...build a boat ramp)...then ask why you need to build a boat ramp.

### Purpose and Objectives

- Base purpose and objectives on the need
- Purpose states desired outcome in general
- Objectives state desired outcome that are specific and quantified
- What benchmarks must be achieved to meet the need?
- Objectives are written in an active tense and use action verbs such as construct, survey, train, research, establish, repair, conduct, provide, restore, acquire.
- Objectives should be (SMART) **S**pecific, **M**easurable, **A**chievable, **R**elevant and **T**ime bound

Notes:

---

---

---

---

---

## Required Elements of a Project Statement (cont'd)

### Approach

- The approach describes the specific conservation actions or efforts necessary to accomplish project objectives. The approach answers the question “how” the objectives will be accomplished by describing the actual work that will be done. This information must demonstrate that the agency will use accepted fish and wildlife conservation, management, or research principles
- Name key project staff
- Include essential equipment purchase information
- Include specific management actions that will be taken that require compliance with NEPA, Sec 7 and NHPA
- WSFR encourages using the Wildlife TRACS Action Level classification system (**handout # 6-29**).

### Expected Results/Benefits

- Specify the benefits of completing the project and resolving the need for a variety of individual interests.
- Benefit to resource, users, economy, society

### Costs by Project and Subaccount

- Appraised value of land if project is for a land acquisition
- Costs for services associated with the project
- List and describe the type and amount of pre-agreement costs, if applicable
- List and describe all funding sources including Federal, State and private amounts and the type of **match** including cash, bargain sale and in-kind services
- Cost at WSFR grant subaccount level and project level

## TRACS Generated Project Statement

- Populate data fields for Project Statement Form
- Project statements can be bundled into a PDF for submission with Grant Application Packet using current Regional process
- See **handout # 6-55**

## Writing Competitive Project Statements/Narratives

Competitive grant programs contain additional requirements used to evaluate and rank grant applications. Specific program guidance should be reviewed for ranking criteria.

- Follow guidance carefully and be aware of critical dates
- Make it visually easy to read and to find required elements of project statement
- Address ranking criteria and understand how your application will be evaluated against the criteria
- Maximize federal share by including partners and/or in-kind match.
- Be concise but complete. Limit number of pages, include appendices and attachments only as necessary
- Professionally written – grammar, spelling, sentence structure and avoid using jargon unless useful and necessary
- Number the pages, use standard fonts and font sizes, omit fancy binders and tabs
- Indicate if partial funding is acceptable (usually for competitive grants)
- Submit a complete grant package
- Communicate with the Regional Office Grant Specialist prior to and during grant application process.

## Exercise: Examining the Grant Application Package

Use **Handout #6-21 the NOFA** for the WR grant program. Compare the example grant application documents (**Handouts 6-1, 6-3, 6-5, 6-9, 6-11**) to the description found in the NOFA. Work with your tablemates and answer the following questions:

1. List the documents required in a Grant Application Package.

[Application for Federal Assistance, Form SF 424](#)

[Project Statement](#)

[Budget Information or Budget Form](#)

[Statement of Assurances, Form SF 424B or SF 424D \(annually for all grants\)](#)

[State Process documents E.O. 12372 \(page 6 Section E of the NOFA\)](#)

[Supporting documents depending on grant program & project type](#)

[Site CFR for program – WR 50 CFR 80.11, additional documents](#)

[Supporting documents needed to meet compliance requirements.](#)

2. Are all of the necessary forms and documents included in the Grant Application package (handouts)? Anything missing?

[If participant says something is missing, ask them to site a document](#)

[reference that supports their inclusion in the package. SF-LLL if](#)

[lobbying is done using State funds and grant over \\$100K for this grant.](#)

3. Using handouts identify each in the block below.

## Prior to Issuing a Federal Award

For competitive (discretionary) grants and cooperative agreements, the Federal awarding agency must conduct a merit review of proposals submitted by applicants. The Federal awarding agency must also conduct a risk assessment of applicants. Grantees who subgrant Federal awards are also required to conduct and document a similar risk assessment of their subgrantees.

### Merit Review of Proposals (2 CFR 200.204)

“For all competitive grants or cooperative agreements, unless prohibited by Federal statute, the Federal awarding agency must design and execute a merit review process for all applications.” The process must be described and incorporated by reference in the applicable funding opportunity (i.e. NOFA).

- Review factors / sub-factors
- Ranking / rating system
- Evaluation standards
- Program policy factors
- Basis for selection

### Risk Assessment of Applicants (2 CFR 200.205)

“For competitive grants or cooperative agreements, the Federal awarding agency must have in place a framework for evaluating the risks posed by applicants before they receive Federal awards.” Special conditions may be incorporated into the Federal award based upon the degree of risk.

Awarding agency assigns a risk value of High / Medium / Low.

1. Potential for implementation problems.
2. Financial management systems and funds management record.
3. Performance track record.
4. Staff level / key staff qualifications.
5. Delivery experience.
6. Award administration and reporting compliance.
7. Single audit reports review.
8. Review of any other audits required by legislation.

*DIG 2011-03, Amend 1 requires the USFWS to perform a risk assessment on all grantees, prior to issuing a Federal award.*

Department of the Interior Guidance (DIG) 2011-03, Amend #1 developed policy beginning in FY2015 that the Service shall conduct a pre-award risk assessment for every recipient, including mandatory programs such as WR, SFR, and formula SWG.

## Learning Points

- ✓ The Grantee/State is responsible for submitting the correct documentation.
- ✓ Grants cannot be approved without the submission of the appropriate documents. Documents may vary depending on regional/state and program/project requirements.
- ✓ The project statement must include the following required elements; need, objectives, expected benefits/results, approach, location, costs.
- ✓ Need must be relevant to the Act.
- ✓ Objectives must be based on need and must be verifiable and measurable.
- ✓ The approach describes how you will reach the objective(s) in the time allotted.
- ✓ Approach must include adequate information for WSFR to document and make determinations for NEPA and Section 7.
- ✓ Approach should include key personnel.
- ✓ Project must use accepted conservation and management principles and appropriate procedures.
- ✓ Benefits must be commensurate with project costs.
- ✓ Different types of projects have different requirements in order to be “substantial in character and design”.
- ✓ Grant application is submitted to the WSFR Regional Office for review and approval.
- ✓ Prior to issuing a Federal award, the USFWS must conduct a risk assessment posed by applicants. For discretionary and cooperative agreements, the Federal awarding agency must also develop and document a merit review process for all applications.

STATE OF PROTECTION  
EXECUTIVE OFFICE OF THE GOVERNOR

BUREAU OF THE BUDGET  
Sweethaven, PR 19379

Date: October 12, 2009

To: Jane R. Schmoe  
Federal Assistance Coordinator  
Office of Wildlife and Fisheries  
Protection Department of Natural Resources  
11 Longarm Street  
Sweethaven, PR 19379

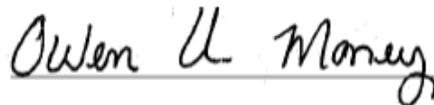

Subject: Program Title: Management of Central Region's Wildlife Management  
Areas W-15-D - 1  
CFDA: 15.611  
Funding: \$300,000 – Federal , \$100,000 – State  
SAI#: 96-09-30-02

The Bureau of the Budget has been notified of the subject application pursuant to Public Acts 80:1029 and 87:961. This letter certifies that your agency has complied with the notice of intent phase of the review process and that your application is approved for submission to the federal government for funding consideration.

Please notify the State of Protection Commission on Intergovernmental Cooperation at 111 Park Office Building immediately after federal award action is taken on the subject application. This notification is made by completing items 19-23 on Forms ICIC 192 or submitting notice of award forms for the SF-424 The State Application Identifier (SAI) must appear in the State Application Identifier box in the upper right hand corner of the ICIC 192 or the SF-424 when this notification is made, and also be provided to the Comptroller on the Receipts Deposit Transmittal (Form C-64) when funds for the subject project are deposited in a receipt account.

Unless your agency has a special agreement with the Bureau for achieving compliance with PA 80:1029 and PA 87:961, all amendments, revisions, or supplements to the subject application must be submitted as provided for in the Bureau and Commission's joints instructions for Federal Grant Applicants/Awards dated September, 1992.

Thank you for your cooperation.

**Management of Central Region Wildlife Management Areas  
W-15-D  
Project Statement**

**NEED:**

Six Wildlife Management Areas in the Central Region of the State of Protection contain 20,000 acres of diverse wildlife habitat open for public use. These public wildlife areas provide critical habitat for waterfowl, upland game and non-game wildlife as well as year-round access to hunting and wildlife viewing. The central region wildlife areas contain 4,000 acres of open water; 3,000 acres of marsh and 13,000 acres of upland grassland interspersed with mature second growth forest. Migratory bird counts conducted on the six wildlife areas over the past 10 years document an average of 1,500,000 migratory waterfowl use days annually. The same wildlife areas provide for 8,000 hunter use days and 15,000 wildlife viewing days annually. Private lands in the central region provide only limited opportunities for access to wildlife dependent recreation and for wildlife management activities. A five year hunter/landowner relationship study was conducted by the Protection Department of Natural Resources from 2004-2009. The study results indicate private landowners in the Central Region are resistant to allow public use of their property for hunting and wildlife management activities. It is imperative to provide access and opportunity for wildlife dependent recreation in the Central Region of the state of Protection. Failure to manage and sustain the Central Region Wildlife Areas for wildlife habitat and public use will result in demise of habitat, wildlife population declines and the inability to satisfy the demands of wildlife enthusiasts in the State of Protection.

**OBJECTIVE:**

- Manage 20,000 acres of six wildlife management areas of the Central Region for waterfowl and upland game habitat in 2010 and 2011
- Provide an average of 1.5 million annual waterfowl use days in 2010 and 2011
- Provide 8,000 annual hunter use days in 2010 and 2011
- Provide 15,000 annual wildlife observation days in 2010 and 2011

**EXPECTED RESULTS AND BENEFITS:**

- Meet the state's goal of sustaining a myriad of naturally reproducing migratory waterfowl and birds.
- Offer public access and opportunity to thousands of hunters, wildlife observers and general outdoor enthusiasts.
- Sustain the local economy through the annual influx of hunters and other wildlife recreationists who enjoy the central region of the state.

**APPROACH:**

Annually manage and maintain 3,000 acres of moist soil units. Water control structures in these moist-soil management units will be used to facilitate the growth of plants providing a food source for waterfowl, and reduce the number of plants that are low in nutrition. 4,000 acres of open water will be sustained by operating and maintaining water control structures. 300 acres of millet will be established through broadcast seeding on suitable moist soil sites in spring of 2011.

Prescribed burns will be conducted in February of 2010 and 2011 to maintain 8,500 acres of upland grassland habitat and control early successional growth. Timber stand improvement through select cutting will be conducted on 1,500 acres in January 2010 and 2011. Annually manage 3000 acres of natural wetland areas through water level control and invasive plant eradication with herbicide application.

Annually monitor wildlife and public use of the areas using statistically reliable sampling techniques. One seasonal wildlife technician will be hired by February of 2010.

**USEFUL LIFE:** Not applicable

**GEOGRAPHIC LOCATION:**

The six Central Region Waterfowl Management units in State of Protection that includes Mercy, Hope and Grace Counties.

**PRINCIPAL INVESTIGATOR: Non – research project**

Bonnie Lou Askyew, Human Dimensions Specialist, Protection Department of Natural Resources, 11 Longarm Street, Sweethaven, Protection 19379 #555-555-5555 will conduct public use surveys.

**PROGRAM INCOME:** None anticipated

**COST:**

\$400,000 total (see attached detailed budget)  
no pre-agreement cost requested  
no in-kind goods or services  
All costs to Subaccount 5220 (\$300,000)

**MULTIPURPOSE PROJECTS:** NA

**RELATIONSHIP TO OTHER GRANTS:** NONE

**TIMELINE:**

- Timber stand improvement will be conducted on 1,500 acres in January 2010
- Prescribed burns will be conducted in February of 2010 and 2011
- One seasonal wildlife technician will be hired by February of 2010.
- 300 acres of millet will be established in spring of 2011.

**MULTIYEAR PROJECTS:** NA

**ENDANGERED OR THREATENED SPECIES:**

Harry Mann the Endangered Species Coordinator for the State of Protection has verified that no endangered or threatened species are present in the proposed project locations.

**NEPA:**

The work in this proposal is directly related to conservation of wildlife resources in the State of Protection and is covered by a categorical exclusion (1.4B) 2.3. The project work does not generate a yes box on the NEPA compliance checklist.

**HISTORICAL AND CULTURAL RESOURCES:**

State of Protection Cultural and History Office reviewed this project and determined that it will not have an affect to any significant historic, prehistoric or cultural resources, or to any National Register site listed or eligible property.

## ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

**INSTRUCTIONS FOR THE SF-424**

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0043), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

This is a standard form (including the continuation sheet) required for use as a cover sheet for submission of preapplications and applications and related information under discretionary programs. Some of the items are required and some are optional at the discretion of the applicant or the Federal agency (agency). Required items are identified with an asterisk on the form and are specified in the instructions below. In addition to the instructions provided below, applicants must consult agency instructions to determine specific requirements.

Item	Entry:	Item	Entry:
1.	<b>Type of Submission:</b> (Required): Select one type of submission in accordance with agency instructions. <ul style="list-style-type: none"> <li>• Preapplication</li> <li>• Application</li> <li>• Changed/Corrected Application – If requested by the agency, check if this submission is to change or correct a previously submitted application. Unless requested by the agency, applicants may not use this to submit changes after the closing date.</li> </ul>	10.	<b>Name Of Federal Agency:</b> (Required) Enter the name of the Federal agency from which assistance is being requested with this application.
		11.	<b>Catalog Of Federal Domestic Assistance Number/Title:</b> Enter the Catalog of Federal Domestic Assistance number and title of the program under which assistance is requested, as found in the program announcement, if applicable.
2.	<b>Type of Application:</b> (Required) Select one type of application in accordance with agency instructions. <ul style="list-style-type: none"> <li>• New – An application that is being submitted to an agency for the first time.</li> <li>• Continuation - An extension for an additional funding/budget period for a project with a projected completion date. This can include renewals.</li> <li>• Revision - Any change in the Federal Government's financial obligation or contingent liability from an existing obligation. If a revision, enter the appropriate letter(s). More than one may be selected. If "Other" is selected, please specify in text box provided.               <ul style="list-style-type: none"> <li>A. Increase Award                      B. Decrease Award</li> <li>C. Increase Duration                    D. Decrease Duration</li> <li>E. Other (specify)</li> </ul> </li> </ul>	12.	<b>Funding Opportunity Number/Title:</b> (Required) Enter the Funding Opportunity Number and title of the opportunity under which assistance is requested, as found in the program announcement.
		13.	<b>Competition Identification Number/Title:</b> Enter the Competition Identification Number and title of the competition under which assistance is requested, if applicable.
		14.	<b>Areas Affected By Project:</b> List the areas or entities using the categories (e.g., cities, counties, states, etc.) specified in agency instructions. Use the continuation sheet to enter additional areas, if needed.
3.	<b>Date Received:</b> Leave this field blank. This date will be assigned by the Federal agency.	15.	<b>Descriptive Title of Applicant's Project:</b> (Required) Enter a brief descriptive title of the project. If appropriate, attach a map showing project location (e.g., construction or real property projects). For preapplications, attach a summary description of the project.
4.	<b>Applicant Identifier:</b> Enter the entity identifier assigned by the Federal agency, if any, or the applicant's control number if applicable.		
5a.	<b>Federal Entity Identifier:</b> Enter the number assigned to your organization by the Federal Agency, if any.		
5b.	<b>Federal Award Identifier:</b> For new applications leave blank. For a continuation or revision to an existing award, enter the previously assigned Federal award identifier number. If a changed/corrected application, enter the Federal Identifier in accordance with agency instructions.		
6.	<b>Date Received by State:</b> Leave this field blank. This date will be assigned by the State, if applicable.		
7.	<b>State Application Identifier:</b> Leave this field blank. This identifier will be assigned by the State, if applicable.	16.	<b>Congressional Districts Of:</b> (Required) 16a. Enter the applicant's Congressional District, and 16b. Enter all District(s) affected by the program or project. Enter in the format: 2 characters State Abbreviation – 3 characters District Number, e.g., CA-005 for California 5 <sup>th</sup> district, CA-012 for California 12 <sup>th</sup> district, NC-103 for North Carolina's 103 <sup>rd</sup> district. • If all congressional districts in a state are affected, enter "all" for the district number, e.g., MD-all for all congressional districts in Maryland. • If nationwide, i.e. all districts within all states are affected, enter US-all. • If the program/project is outside the US, enter 00-000.
8.	<b>Applicant Information:</b> Enter the following in accordance with agency instructions:		
	<b>a. Legal Name:</b> (Required): Enter the legal name of applicant that will undertake the assistance activity. This is that the organization has registered with the Central Contractor Registry. Information on registering with CCR may be obtained by visiting the <a href="http://Grants.gov">Grants.gov</a> website.		
	<b>b. Employer/Taxpayer Number (EIN/TIN):</b> (Required): Enter the Employer or Taxpayer Identification Number (EIN or TIN) as assigned by the Internal Revenue Service. If your organization is not in the US, enter 44-4444444.	17.	<b>Proposed Project Start and End Dates:</b> (Required) Enter the proposed start date and end date of the project.
		18.	<b>Estimated Funding:</b> (Required) Enter the amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines, as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses.

	<p><b>c. Organizational DUNS:</b> (Required) Enter the organization's DUNS or DUNS+4 number received from Dun and Bradstreet. Information on obtaining a DUNS number may be obtained by visiting the Grants.gov website.</p>	19.	<p><b>Is Application Subject to Review by State Under Executive Order 12372 Process?</b> Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process. Select the appropriate box. If "a." is selected, enter the date the application was submitted to the State.</p>		
	<p><b>d. Address:</b> Enter the complete address as follows: Street address (Line 1 required), City (Required), County, State (Required, if country is US), Province, Country (Required), Zip/Postal Code (Required, if country is US).</p>	20.	<p><b>Is the Applicant Delinquent on any Federal Debt?</b> (Required) Select the appropriate box. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes. If yes, include an explanation on the continuation sheet.</p>		
	<p><b>e. Organizational Unit:</b> Enter the name of the primary organizational unit (and department or division, (if applicable) that will undertake the assistance activity, if applicable.</p> <p><b>f. Name and contact information of person to be contacted on matters involving this applicant</b> (required), organizational affiliation (if affiliated with an organization other than the applicant organization), telephone number (Required), fax number, and email address (Required) of the person to contact on matters related to this application.</p>	21.	<p><b>Authorized Representative:</b> (Required) To be signed and dated by the authorized representative of the applicant organization. Enter the name (First and last name required) title (Required), telephone number (Required), fax number, and email address (Required) of the person authorized to sign for the applicant. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain Federal agencies may require that this authorization be submitted as part of the application.)</p>		
9.	<p>Type of Applicant: (Required) Select up to three applicant type(s) in accordance with agency instructions.</p> <table border="0" style="width: 100%;"> <tr> <td style="width: 50%; vertical-align: top;"> <ul style="list-style-type: none"> <li>A. ## **Best Management Practices for Writing a Project Statement that is Substantial in Character and Design**

**For a project to be substantial in character and design it must; 1) address a conservation need relevant to the authorized funding program; 2) have measurable objectives that establish benchmarks that will resolve the need for the project if achieved; 3) specify the sound management actions, tasks or efforts to be undertaken to achieve the objectives and; 4) demonstrate cost effectiveness. It is all about connecting the dots or following a logical process from establishing the need for the project down to describing the work to be done in a sound, cost effective manner.**

### **Need**

A need statement will identify the conservation issue, problem or opportunity to be addressed. The need will identify a lack of something such as habitat or an opportunity to provide something such as access to wildlife dependent recreation. The need may in the form of some pending threat to the resource. The need must be relevant to the purpose of the Act or enabling legislation that authorized the program.

A need statement will answer why your agency should deal with this issue or opportunity (your statutory authority)?

A need statement will provide evidence such as results from surveys, research or other data to demonstrate that the need is real and not perceived.

A need statement will articulate the null alternative (the negative result of taking no action).

### **Objectives**

Objectives are meant to be realistic targets or benchmarks that, if achieved, will resolve the project Need. Objectives are written in an active tense and use action verbs such as construct, survey, train, research, establish, repair, conduct, provide, acquire.

**SMART Objectives are:**

**Specific**-Specify exactly what the desired outcome, result, output or deliverable will be. Say what you are going to do by using action verbs. A smart objective will describe a result in terms of who or what?

**Measurable**- You need to be able to track progress and measure the outcome using quantitative or qualitative assessments. A smart objective will answer how much or how many?

**Achievable**-All the necessary resources (money, time, equipment, and labor) should be available to accomplish the objective. A smart objective will consider capabilities.

**Relevant**- How does the objective directly relate to the stated need? A smart objective will demonstrate that if it is accomplished the need will be resolved.

**Time bound**- Establish a deadline. A smart objective will include a time limit and answer “by when ”will the result will be achieved?

**Objective Template**

(Action verb?)\_\_\_\_\_ (how many?) \_\_\_\_\_ (who or what?) \_\_\_\_\_ (by when?)\_\_\_\_\_.

Filling in the blanks:

(Action verb?) : Certify

(How many?) 150

(Who or what?): Volunteer hunter education instructors

(By when?): June 30, 2014.

Putting it all together:

***Certify 150 volunteer hunter education instructors by June 30, 2014.***

Objective Examples:

Not SMART: Conduct as many boating safety education courses as possible as soon as possible.

SMART: Conduct at least 30 boating safety education courses for persons needing boating safety certification by June 30, 2014.

Not SMART: Plant trees in riparian corridors to reduce stream bank erosion as much as possible this year.

SMART: Conduct tree plantings on 3-5 miles of the Sleepy Creek riparian corridor to reduce stream bank erosion by 20% from the previous 10 year period by June 30, 2014.

Not SMART: Increase grassland habitat in the state this year.

SMART: Plant warm season grasses on 1200-1500 acres of Sleepy Creek and Widmeyer Wildlife Management Areas to increase grassland habitat in the state by 3% by June 30, 2014.

## Approach

The approach describes the specific conservation actions or efforts necessary to accomplish project objectives. The approach answers the question “how” the objectives will be accomplished by describing the actual work that will be done. This information must demonstrate that the agency will use sound design, appropriate procedures, and accepted fish and wildlife conservation, management, or research principles. Include the name of the Principal Investigator for research projects and other key project staff. Include essential equipment purchases and specific management actions that will be taken that require compliance with NEPA, Sec 7 and NHPA. WSFR encourages using the **Wildlife TRACS Action Level spreadsheet (handout # 6-29)** to classify each action.

Example:

Action #1.

- Level 1 Action Category: Direct Management of Natural Resources
- Level 2 Action Strategy: Fish and Wildlife Habitat Structures
- Level 3 Action Activity (optional unless education or boat access project): Nesting habitat improvements

Provide a narrative description of each action after completing the three level classifications.

## Expected Results and Benefits

The expected benefits and results will specify the benefits of completing the project and resolving the need for a variety of individual interests. The expected benefits will answer the question....If successful at resolving the need, what will be the benefit to the:

Resource? \_\_\_\_\_

User? \_\_\_\_\_

Economy? \_\_\_\_\_

Society? \_\_\_\_\_

## Costs by Project and Subaccount

Provide costs by project and subaccount with additional information sufficient to show that the project is cost effective. Cost effectiveness can be evaluated by comparing total project cost with the expected results and benefits for the project. Describe any item that requires the Service's approval and estimate its cost. Examples are pre-award costs and capital expenditures for land, buildings, and equipment. Include a schedule of payments to finish the project if an agency proposes to use funds from two or more annual apportionments.

## **Wildlife Restoration Grant Program**

Fiscal Year 2014

### **Notice of Availability for Federal Assistance and Application Instructions**

Program Overview Information

**Federal Agency Name:**

Department of the Interior  
U.S. Fish and Wildlife Service  
Wildlife and Sport Fish Restoration Program (WSFR)

**Funding Opportunity Title:** Wildlife Restoration Grant Program – Region 5

**Announcement Type:**

Notice of availability of grants for fiscal year (FY) 2014 and request for applications (RFA)

**Funding Opportunity Number:** F14AS00159

**Catalog of Federal Domestic Assistance (CFDA) Number:** 15.611

**Dates:** Grant application packages are due to your Regional WSFR Office (see Section IV, Agency Contacts) no later than August 31, 2015.

**Additional Information:**

The Federal Aid in Wildlife Restoration Act of 1937, 50 Stat. 917 as amended; 16 U.S.C. 669-669b, 669-669k, popularly known as the Pittman-Robertson Wildlife Restoration Act, was approved by Congress on September 2, 1937, and began functioning July 1, 1938. The purpose of this Act was to provide funding for the selection, restoration, rehabilitation, and improvement of wildlife habitat, wildlife management research, and the distribution of information produced by the projects. The Act was amended on October 23, 1970, to include funding for hunter safety programs and the development or the operation and maintenance of firearm and archery ranges.

Additional information about the Wildlife Restoration Grant Program (WR) is on the internet at <http://wsfrprograms.fws.gov/Subpages/GrantPrograms/WR/WR.htm>.

#### **I. Funding Opportunity Description:**

WR provides Federal grant funding to the 50 States, Commonwealths, and territories for the selection, restoration, rehabilitation, and improvement of wildlife habitat; wildlife management research; wildlife population surveys and inventories; land acquisition; hunter education and safety programs; coordination; development of facilities; facilities and services for conducting a hunter education and safety programs; and provisions for public use of wildlife resources.

The Hunter Education and Safety Program (Section 4(c)) includes training in the safe handling and use of firearms and archery equipment; hunter responsibilities and ethics; survival; construction, operation, and maintenance of public shooting ranges; and basic wildlife management and identification. Hunter Education and Safety Programs include the development and implementation of a programmed course of instruction leading toward the achievement of the hunter safety training goals and objectives. In general, the course is to train students to be safe and responsible hunters and assist the agency in accomplishing its mission and goals.

## **II. Award Information:**

The final WR apportionments are on the web at [http://wsfrprograms.fws.gov/Subpages/GrantPrograms/WR/WR\\_Funding.htm](http://wsfrprograms.fws.gov/Subpages/GrantPrograms/WR/WR_Funding.htm).

## **III. Eligibility Information:**

### **A. Eligible Applicants:**

Participation is limited to State, Commonwealth, or territorial agencies with lead management responsibility for fish and wildlife resources in the United States of America. States, Commonwealths, and territories (State(s)) must pass laws (assent legislation) for the conservation of fish and wildlife. The law(s) must include a prohibition against the diversion of license fees paid by hunters for purposes other than the administration of the fish and wildlife agency.

### **B. Formula and Matching Requirements:**

One-half of the 11 percent excise tax on bows, arrows, and archery equipment and 10 percent excise tax on handguns, pistols, and revolvers make up the funding for the hunter education and safety program. The other one-half of the excise tax is for wildlife restoration purposes including the 11 percent excise tax on firearms and ammunition.

Below is the explanation of how the Section 4(c) apportionment is determined for States.

1. It is a formula-based apportionment;
2. It is based on State population compared to the total U.S. population using the most recent census figures;
3. No State may receive more than 3 percent or less than 1 percent of the total Hunter Education funds apportioned; and
4. The Commonwealths of Puerto Rico and the Northern Mariana Islands and the territories of American Samoa, Guam, and the U.S. Virgin Islands receive up to one-sixth of 1 percent of the total apportionment.

Below is the explanation of how the Wildlife Restoration apportionment is determined for States.

1. It is a formula-based apportionment;

2. 50 percent of the formula is based on land area of the State and 50 percent is based on the number of paid hunting license holders;
3. No State may receive more than 5 percent or less than one-half of 1 percent of the total apportionment;
4. The Commonwealth of Puerto Rico is apportioned up to one-half of 1 percent;
5. The Commonwealth of the Northern Mariana Islands and the territories of American Samoa, Guam, and the U.S. Virgin Islands receive up to one-sixth of 1 percent of the total apportionment;
6. The State fish and wildlife agency must furnish a certification of the number of paid hunting license holders on an annual basis; and
7. The program is a cost-reimbursement program: the State covers the full amount of an approved project then applies for reimbursement from WSFR and may be reimbursed up to 75 percent of project costs through the program. The State must provide at least 25 percent of the project costs from a non-Federal source. The non-Federal match for the Commonwealths of Puerto Rico and the Northern Mariana Islands, and the territories of American Samoa, Guam, and the U.S. Virgin Islands must not exceed 25 percent and may be waived at the discretion of the Regional Director. According to 48 U.S.C. 1469(a), the Regional Director must waive the first \$200,000 of match for each project from the Commonwealth of the Northern Mariana Islands and the territories of Guam, the U.S. Virgin Islands, and American Samoa. The non-Federal share may be from license fees paid by hunters. Matching and cost-sharing requirements are discussed in 50 CFR 80, 43 CFR 12.64 and 43 CFR 12.923. In addition, 43 CFR 12.62 identifies Federal cost principles for determining allowable costs.

C. Other:

Wildlife Restoration funds are available for a period of two years. Funds not obligated within two years by the U.S. Fish and Wildlife Service are reverted and spent under the provisions of the Migratory Bird Conservation Act. Also under the provisions of the Wildlife Restoration Act, the interest accumulated from the Act goes to the North American Wetland Conservation Act Grant Program. Although only State agencies may apply for and receive grants under this program, the program encourages partnering with local governments, non-governmental organizations (NGOs), and educational institutions.

#### **IV. Application and Submission Instructions**

A. Address to Obtain Application Package

You can download the application package for WR on Grants.gov here: [https://apply07.grants.gov/apply/forms\\_apps\\_idx.html](https://apply07.grants.gov/apply/forms_apps_idx.html), searching by CFDA 15.611. You can also download application forms through the WSFR toolkit under "Forms": <http://wsfrprograms.fws.gov/Subpages/ToolkitFiles/toolkit.pdf>. The Standard Form 424 is available here: <http://wsfrprograms.fws.gov/subpages/toolkitfiles/sf424-f.pdf>. If you have trouble accessing the online forms, you can contact one of the Service WSFR Offices (see Section IV, Agency Contacts).

B. Content and Form of Application

A complete grant application package must include the following:

1. SF 424 Application for Federal Assistance – signed by an authorized representative of the agency.
  2. One of the following depending on the type of project conducted (unless the State agency has an approved Statement of Assurances on file with your Regional Office that is updated at least annually):
    - a. SF 424B Standard Assurances – Non-Construction Projects; or
    - b. SF 424D Standard Assurances – Construction Projects.
  3. Project Narrative that identifies and describes:
    - a. The need for the proposed project(s) within the purpose of the Act;
    - b. Discrete, quantifiable, and verifiable objectives to be accomplished during a specific time period;
    - c. Expected results or benefits from accomplishing the objectives;
    - d. The approach to be used in meeting the objectives, including specific procedures, schedules, key personnel, and cooperators;
    - e. Description of the activity, so WSFR staff are able to determine compliance with National Environmental Policy Act (NEPA), Section 7 of Endangered Species Act (ESA), and Section 106 of the National Historic Preservation Act (NHPA); and
    - f. Project location – Include GPS coordinates (if exact locations are not available at the time of application, please be as specific as possible); Maps or other geographic aids may be attached.
  4. Budget Narrative:
    - a. Estimated costs to attain the objectives – The various activities or components of each project should be broken down by cost and by cooperator;
    - b. In-Kind Match – Include the source, the amount, and the valuation methodology used to arrive at the total; and
    - c. Program Income, if any – Include the source, amount, and the requested method of crediting the program income (i.e. deductive or additive).
    - d. When applicable, for any organization charging indirectly, a copy of a current Negotiated Indirect Cost Rate Agreement.
  5. Supplemental Forms can include:
    - a. SF 424A Budget Information – Non-Construction Projects; or
    - b. SF 424C Budget Information – Construction Projects.
    - c. If applicable, a completed SF-LLL Disclosure of Lobbying Activities form. If you/your organization have/has made or agrees to make any payment using non-appropriated funds for lobbying in connection with a project AND the project budget exceeds \$100,000, complete and submit the SF-LLL form.
- C. Submission Dates and Times:

Grant application packages are due to your Regional WSFR Office (see Section IV, Agency Contacts) no later than August 31, 2015.

D. Submit applications either electronically or by mail:

1. Electronic Submission Instructions:

- a. Go to [www.grants.gov](http://www.grants.gov)
  - b. Click the “Apply for Grants” tab and read the instructions provided by grants.gov.
  - c. The following are items that need to be done before a grant application package can be submitted electronically through grants.gov:
    - i. Applicants must register as an Authorized Organization Representative (AOR) and have a user id and password. The applicant can register on the web at <http://www.grants.gov/web/grants/applicants/organization-registration/step-4-aor-authorization.html>;
    - ii. Applicants must have Adobe Acrobat Reader to view files on the web. You can download Adobe Acrobat Reader at <http://get.adobe.com/reader/otherversions/>
  - d. Standard forms such as SF 424, SF 424A, SF 424B, SF 424 C, and SF 424D are fillable forms on grants.gov. The project narrative and budget narrative must be attachments in the following formats: MS Word, Adobe PDF, or MS Excel.
  - e. All forms and attachments mentioned above must be submitted with the grant application package.
2. Instruction on submitting applications by mail:
- a. Applicants can obtain forms, in PDF fillable/printable formats, from the WSFR Toolkit at <http://wsfrprograms.fws.gov/Subpages/ToolkitFiles/toolkit.pdf>
  - b. The completed grant application package must be mailed to the U.S. Fish and Wildlife Service Regional WSFR Office:

<b>States, Commonwealths, the District of Columbia, and territories by U.S. Fish and Wildlife Service Region</b>	<b>Regional Contact Information</b>

California and Nevada	U.S. Fish and Wildlife Service Wildlife and Sport Fish Restoration Program 2800 Cottage Way, W-1729 Sacramento, CA 95825 916-414-6525 <a href="mailto:R8fa_grants@fws.gov">R8fa_grants@fws.gov</a>

E. Intergovernmental Review:

The Wildlife Restoration program is subject to EO 12372 “Intergovernmental Review of Federal Programs”. States that choose to participate in the Executive Order process have established Single Points of Contact (SPOCs). Applicants should alert their SPOCs early in the application process. If the applicant is required to submit materials to a SPOC, indicate the date of this submittal (or the date of contact if requested by the SPOC not to submit) on the Standard Form 424. Applicants from jurisdictions that have not chosen to participate do not need to take any action regarding E.O. 12372.

F. Funding Restrictions

Ineligible activities include activities that do not provide public benefits, enforcement activities, and public relations activities.

**V. Award Administration Information:**

A. Award Notices:

The U.S. Fish and Wildlife Service Regional Director or his/her designee approves or disapproves grant proposals. Regional Offices are responsible for notification of grant approval to the applicant.

B. Administrative and National Policy Requirements:

1. Compliance with environmental laws such as the ESA, NEPA, and NHPA must be satisfied before the U.S. Fish and Wildlife Service can approve a grant proposal.
2. On June 27, 2003, the Office of Management and Budget published a Federal Register notice (68 FR 38402) that announced its final policy on the use of a universal identifier by financial assistance applicants. The policy requires applicants applying for Federal grants or cooperative agreements to obtain a Data Universal Number System (DUNS) number. All organizations must obtain a DUNS number, a unique identifying number, before applying for Federal funds. Only private individual landowners are exempted. Organizations can receive a DUNS number at no cost by calling the DUNS number request line at 1-888-253-1617 or on-line at <http://www.dnb.com/get-a-duns-number.html>.
3. The Central Contractor Registry (CCR) was replaced by the Systems for Award Management (SAM). SAM is where States will need to register in order to apply for Federal Assistance (grants). States can register online at <https://www.sam.gov>. States must maintain an active registration in order to receive grant funds. If you are receiving funds as an individual not operating as a business or a foreign entity not already registered and applying for or receiving an award for less than \$25,000 for activities to be performed outside the United States, you are not required to register in SAM.
4. Recipients must be enrolled in Automated Standard Application for Payments (ASAP) to receive funds. If you are not enrolled, you must complete and submit a Participation Form. You can find the form at <https://inside.fws.gov/index.cfm/go/post/Payments-New>. If you have an existing account with another Federal agency, please indicate your ASAP ID on the form. You will receive further instructions as soon as we initiate your ASAP enrollment.
5. Acceptance of a Federal Financial Assistance awards from the Department of the Interior carries with it the responsibility to be aware of and comply with the terms and conditions of the grant award. For more information on the Standard Award Terms and Conditions see: [http://www.doi.gov/pam/programs/financial\\_assistance/TermsandConditions.cfm](http://www.doi.gov/pam/programs/financial_assistance/TermsandConditions.cfm).

Reporting:

- A. Financial and Performance reporting requirements are specified in 43 CFR 12.80 and 12.81 and in the Interim Guidance for Financial Status and Performance Reporting, dated May 15, 2009, <http://wsfrprograms.fws.gov/subpages/toolkitfiles/intgdrpt.pdf>; and
- B. Retention and access requirements for records are specified in 43 CFR 12.82. Regulations and guidelines follow 50 CFR 80 and the WSFR toolkit.

**VI. Agency Contacts:**

The U.S. Fish and Wildlife Service administer the Wildlife Restoration Grant Program. Additional program information can be found by contacting your Regional U.S. Fish and Wildlife Service Office (see Section IV, Agency Contacts) or go to <http://wsfrprograms.fws.gov/Subpages/ContactUs/ContactUs.htm>.

**VII. Other Information:**

The Federal government is not bound to financially support any project until an official U.S. Fish and Wildlife Service financial officer has signed off on the grant award.

OMB Control Number 1018-0109, Expires September 30, 2015

**PAPERWORK REDUCTION ACT STATEMENT:** The Paperwork Reduction Act requires us to tell you why we are collecting this information, how we will use it, and whether or not you have to respond. We will use the information that we collect to evaluate applications submitted to acquire funding for SFR funds. Your response is required to receive funding. A Federal agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB Control Number. We estimate that it will take an average of 40 hours to complete the application. The average estimated annual burden associated with writing and submitting required performance reports is 6 hours. You may send comments concerning the burden estimates or any aspect of this information collection to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, 4401 N. Fairfax Drive, MS 2042-PDM, Arlington, VA 22203.

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
Project Categories	Category	Strategy	Activity	Units		
Administration and/or Conservation / Management and/or Recreation	Coordination and Administration	Coordination and Administration		Number	Coordination and administration necessary for effective agency operations and program/project management	
			Agency administrative support	Number	Administration necessary for effective agency operations (e.g., acquisition of goods and services, human resources tasks)	
			Program/project administrative support	Number	Administration necessary for effective program/project management (e.g., staff support and training, monitoring progress of grant proposal and reporting processes)	
		Incentives	Incentives	Number	Development and delivery of economic incentives to private landowners to influence responsible stewardship of land/water and specific species	
	Direct Management of Natural Resources	Create new habitat or natural processes			Acres	Creation of new habitat or natural processes for the benefit of fish and wildlife and recreational users
			Habitat conversion		Acres	Conversion of one type of habitat into another (e.g., creating bottomland forest from agricultural land, wetland creation) Note: Forest and wetland would be the appropriate broad habitat types to code for these two examples
			Public fishing lake construction		Acres	Construction of new public fishing lakes
			Waterfowl impoundment creation		Acres	Creation of shallow water impoundments for the primary benefit of waterfowl
			Dam and barrier removal			Structures
		Culvert work			Structures	Replacement or repair of road culverts (e.g., installing larger culvert, eliminating perching)
		Dam notching			Structures	Removal of portions of dams for increased flow

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
			Dam removal	Structures	Removal of entire dams
			Road crossing removal	Structures	Removal of in-stream road crossings
			Obstruction removal	Structures	Removal of other obstructions (e.g., beaver dams)
		Fire management		Acres	Use of fire to benefit fish and wildlife and their habitats
			Firebreak	Acres	Creation or maintenance of a strip of cleared or plowed land used to stop the spread of a fire
			Fuel reduction	Acres	Application of treatments to reduce the risk of high-severity wildfires and to manage changes in the ecological functions of forests (e.g., mechanical thinning)
			Prescribed burning	Acres	Application of fire in a knowledgeable manner to forest fuels on a specific land under selected weather conditions to accomplish predetermined, well-defined management objectives (e.g., burning an established native grass community to reduce or eliminate invading brush or exotic species)
		Fish and wildlife habitat structures		Structures	Installation of structures to benefit fish and wildlife and their habitats
			Artificial reef development	Structures	Development of artificial reefs in freshwater or marine environments for aquatic species spawning, foraging and refugia
			Hibernacula	Structures	Creation or improvement of overwintering sites
			Nesting habitat improvements	Structures	Installation of nesting structures (e.g., wood duck boxes, osprey platforms)
			Wildlife escape structures	Structures	Installation of structures that allow wildlife to escape from man-made devices placed in the environment (e.g., ramps that allow sage grouse to escape from livestock watering troughs)
				Acres	Improvements to agricultural practices to benefit fish and wildlife and their habitats
			Alley cropping/silvopasture	Acres	Methods of planting in which perennial, preferably leguminous trees or shrubs, are grown simultaneously with an arable crop

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
		Grazing/farm management	Farming residue management	Acres	Use of vegetative crop material left on a field after harvesting, pruning or processing to benefit wildlife and soil quality	
			Forage use management	Acres	Management of timing and duration of grazing to maintain adequate cover for range health and nesting success (e.g., establishment of rotational grazing system to improve grassland nesting bird habitat)	
			Livestock heavy use area establishment	Acres	Provision of stable, non-eroding surfaces for areas intensively used by livestock to protect and improve water quality	
			Livestock stream crossing	Acres	Installation of structures that allow livestock to cross a stream in a safe and environmentally sound manner (e.g., fords, culverts, bridges)	
			Nutrient or runoff management system	Acres	Application of techniques to minimize nutrient runoff from agricultural operations	
			Riparian fence installation	Acres	Installation of fences along riparian areas to keep out livestock	
			Waste storage/treatment	Acres	Management of on-farm generated wastes in an environmentally responsible manner (e.g., liquid retention and storage ponds, anaerobic waste treatment lagoons)	
		Hazard or infrastructure removal			Acres	Removal of hazards or infrastructure to benefit fish and wildlife and their habitats
			Building removal	Acres	Removal of buildings to improve habitat for wildlife	
			Degraded land reconstruction	Acres	Reconstruction of degraded land to benefit wildlife (e.g., abandoned mine area recovery, deleveling)	
			Derelict gear (net/pot) removal	Acres	Removal of derelict fishing gear from waters to prevent continued capture of aquatic species (e.g., fishing nets, fish/crab pots)	
			Pavement removal	Acres	Removal of pavement to improve habitat for wildlife (e.g., roads, airplane runways)	
			Pier/dock removal	Acres	Removal of piers or docks to improve aquatic habitats	

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
			Shoreline armoring removal	Acres	Removal of shoreline armoring to improve aquatic habitats (e.g., jetties, riprap)	
			Solid waste removal	Acres	Removal of solid waste to improve habitat for wildlife (e.g., derelict vehicles, rubbish)	
		Instream modification			Miles	Stream improvements to benefit fish and wildlife and their habitats
			Channel reconfiguration	Miles	Restoration of natural stream channel (e.g., returning meanders and sustainable profiles to straightened streams, sandbar improvement)	
			Channel structure placement	Miles	Placement of structures within streams to restore natural characteristics (e.g., cross vanes, boulders)	
			Nutrient improvement	Miles	Application of nutrients to improve water quality of fish and wildlife (e.g., liming of streams, carcass placement)	
			Spawning by-pass channels	Miles	Construction of side channel fish spawning and rearing habitat	
			Spawning gravel placement	Miles	Addition of gravel to streams to improve spawning areas	
			Streambank stabilization	Miles	Stabilization of streambanks (e.g., bank armoring, bank bioengineering)	
		Invasive species control			Acres	Control of invasive animal and plant species to maintain native species populations and restore ecological functions
			Animal - biological	Acres	Control of invasive animal species by biological means (e.g., introducing predators to control invasive animal species)	
			Animal - chemical	Acres	Control of invasive animal species by chemical means (e.g., piscicide treatment of sea lamprey in inland waters)	
			Animal - mechanical	Acres	Control of invasive animal species by mechanical means (e.g., constructing a barrier in a stream to prevent entry of invasive fish species)	
			Plant - biological	Acres	Control of invasive plant species by biological means (e.g., using beetles to control purple loosestrife)	

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
			Plant - chemical	Acres	Control of invasive plant species by chemical means (e.g., herbicide treatment of invasive plant species)
			Plant- mechanical	Acres	Control of invasive plant species by mechanical means (e.g., hand pulling of invasive plant species)
		Living shorelines		Acres	Physical manipulation in shoreline areas to maintain fish and wildlife habitats and/or restore ecological functions
			Beach renourishment	Acres	Placement of sand onto beaches and employing other techniques for their renourishment
			Erosion control structures	Acres	Installation of hard structures (e.g., seawall bulkhead) or living structures (e.g., greenwall systems) to control erosion
			Sand dune restoration	Acres	Application of techniques to restore sand dunes (e.g., fencing off sea-grass areas)
		Planting/seeding		Acres	Planting or seeding to maintain fish and wildlife habitats and/or restore ecological functions
			Coral	Acres	Application of techniques to reestablish coral reefs
			Field border/hedgerow	Acres	Maintenance or establishment of edge between two vegetation types
			Food plots	Acres	Planting crops specifically as food for wildlife
			Herbaceous vegetation	Acres	Planting/seeding of grasslands
			Mulching	Acres	Application of organic materials to enrichment and protect soil
			Plant propagation/nursery	Acres	Use of nurseries to raise plants for habitat improvement
			Submerged aquatic vegetation	Acres	Restoration of vegetation that lives at or below the water surface
			Trees/shrubs	Acres	Planting trees or shrubs
			Vegetation buffer	Acres	Maintenance or establishment of strips of land with permanent vegetation to intercept stormwater runoff and minimize soil erosion
			Woody debris	Acres	Placement of limbs, bush, trees and stumps to improve habitat
				Acres	Physical manipulation of vegetation to maintain fish and wildlife habitats and/or restore ecological functions

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes		
		Vegetation management	Chaining	Acres	Dragging heavy chains to remove unwanted vegetation		
			Clearing and snagging	Acres	Use of varied techniques to clear vegetation (e.g., brush shearing to set back early successional plant communities)		
			Dixie harrow/Lawson aerator	Acres	Removal of vegetation and treating soil by pulling devices behind a tractor (e.g., removing sagebrush for improved herbaceous cover for sage grouse)		
			Forest stand improvement	Acres	Removal of trees to improve forest habitat for wildlife (e.g., forest management that promotes a particular serial stage)		
			Mowing	Acres	Cutting down grass or grain to maintain habitat for wildlife		
			Plowing/Discing	Acres	Plowing or other mechanical means of disturbing existing vegetation and exposing soil		
		Water management				Number	Management of water to benefit fish and wildlife and their habitats
			Ditch plugs	Number	Installation of earthen plugs into drainage ditches to restore wetlands		
			Diversion/headgate	Number	Installation or maintenance of structures to divert water		
			Drainage	Number	Removal of tile drains or drainage ditches to restore wetland hydrology		
			Public fishing lake enhancement	Number	Enhancements made to public fishing lakes (e.g., installation of aerators)		
			Spring development	Number	Application of techniques to improve the flow, quantity and yield of water from a natural spring		
			Tide gate	Number	Installation or maintenance of structures to increase the hydro-period and water depth of a wetland		
			Waterfowl impoundment maintenance	Number	Maintenance of impoundments for waterfowl habitat (e.g., renovation of impoundment dikes)		
			Water control structure	Number	Installation or maintenance of structures to simulate natural hydrological processes		
Watering facilities	Number	Installation or maintenance of structures to collect and store water for the benefit of wildlife (e.g., water holes, guzzlers, wells)					

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
		Wildlife damage management		Interventions	Assessment and management of damage from nuisance native fish and wildlife. Includes control of predators by biological, chemical or mechanical means to maintain populations of species at risk and restore ecological functions (e.g., gull or cormorant control, nest exclusion devices, cave gating) Note: Limited eligibility for funding through WSFR grant programs	
		Wildlife disease management		Interventions	Assessment and management of wildlife disease situations. Includes control or treatment of diseased animals to maintain populations of species at risk and restore ecological functions (e.g., chronic wasting disease, brucellosis, tuberculosis, plague management activities)	
	Data Collection and Analysis					
	Database development and management				Databases	Information technology development and maintenance to support project objectives (e.g., statewide database development) Note: This is different from other Data Collection and Analysis activities in that it refers to the hardware, software, and supporting infrastructure that support multiple data collection efforts
			Database development		Databases	Information technology development to support project objectives (e.g., statewide database development) Note: This is different from other Data Collection and Analysis activities in that it refers to the hardware, software, and supporting infrastructure that support multiple data collection efforts
			Information systems operations and maintenance		Databases	Information technology maintenance to support project objectives (e.g., GIS analyses) Note: This is different from other Data Collection and Analysis activities in that it refers to the hardware, software, and supporting infrastructure that support multiple data collection efforts

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Research, survey or monitoring - fish and wildlife populations		Projects	Collection and analysis of data as part of research, survey or monitoring primarily focused on fish and wildlife populations Note: includes compilation, management, synthesis, analysis and reporting of spatial and non-spatial data Note: Code work on fish and wildlife diseases to Wildlife Disease Management within Direct Management of Natural Resources
			Abundance determination	Projects	Determination of relative abundance or estimation of size of fish and wildlife populations (e.g., adult population estimate, juvenile relative abundance)
			Age, size and sex structure	Projects	Determination of age, size or sex structure of fish and wildlife populations (e.g., age and growth, length frequency, sex ratio)
			Baseline inventory	Projects	Baseline survey and inventory to understand distribution of fish and wildlife populations
			Food habits	Projects	Studies on food habits of fish and wildlife species or their utilization as prey
			Genetics	Projects	Genetics studies of fish and wildlife populations (e.g., population connectivity, hybridization)
			Movement	Projects	Studies of fish and wildlife movements (e.g., tagging, telemetry)
			Population assessment	Projects	Assessments of biological information to determine status of fish and wildlife populations (e.g., population viability analysis, fisheries stock assessment)
			Reproduction	Projects	Studies of reproduction of fish and wildlife populations (e.g., fecundity, nesting success)

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Research, survey or monitoring - habitat		Projects	Collection and analysis of data as part of research, survey or monitoring primarily focused on fish and wildlife habitats Note: includes compilation, management, synthesis, analysis and reporting of spatial and non-spatial data
			Baseline inventory	Projects	Baseline survey and inventory to understand distribution of fish and wildlife habitat quality and quantity (e.g., wetland mapping)
			Monitoring	Projects	On-going monitoring of fish and wildlife habitat quality and quantity (e.g., annual early successional habitat survey, artificial reef condition)
		Research, survey or monitoring - utilization		Projects	Collection and analysis of data as part of research, survey or monitoring primarily focused on utilization of fish or wildlife resources and demographics of users Note: includes compilation, management, synthesis, analysis and reporting of data
			Facility usage/inventory	Projects	Collection and analysis of data as part of research, survey or monitoring primarily focused on number and usage of facilities (e.g., survey of boat pumpout usage; inventory of fish screen devices)
			Harvest	Projects	Collection and analysis of data as part of research, survey or monitoring primarily focused on utilization of fish or wildlife resources (e.g., lake creel surveys; deer harvest statistics)
			Human dimensions	Projects	Collection and analysis of data as part of research, survey or monitoring primarily focused on human dimensions (e.g., demographic surveys; resource economics analyses)

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
		Techniques development		Studies	Research and development of techniques important for the conservation and management of fish and wildlife	
			Artificial propagation studies	Studies	Research on artificial propagation of fish and wildlife (e.g., nutrition studies, culture methods)	
			Educational methods research	Studies	Research on educational instruction and evaluation methods	
			Habitat restoration methods	Studies	Development or improvement of methods to restore habitats and natural processes (e.g., evaluations of water level fluctuations)	
			Fish and wildlife research, survey and management techniques	Studies	Development or improvement of research techniques or management tools (e.g., tag retention studies, sampling device improvements, testing of animal control devices)	
	Education	Educator/Instructor training				
				Instructors	Training of educators/instructors on aquatic resources, firearm safety, and archery-related activities	
			Aquatic resource education (*)	Instructors	Training of new instructors and teachers in aquatic resource education who will teach others Note: This includes angler education volunteer instructors, teachers, nature center staff and camp counselors who attend ARE workshops, teachers who help the agency write curriculum, etc.	
			Hunter education - firearms (*)	Instructors	Training of new and in-service volunteer instructors in hunter education who will teach others Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education	
			Cumulative number of active instructors (*)	Instructors	Number of active hunter education volunteer instructors including those just trained within a given year Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education	

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Student training		Students	Training of students on aquatic resource education, firearm safety, or archery-related activities Note: Could include Section 10 enhanced hunter education non-range related enhancements to the program (e.g., training supplies acquired, operations and maintenance, etc.)
			Aquatic resource education (*)	Students	Instruction of students on aquatic resources in an educational setting (contact hour of 0.5 or more) Note: This does not include people who have no personal educational interaction - reading an article, borrowing a video, walking by an exhibit booth, etc.; or people that the agency trained to help deliver the program
			Hunter education - firearms (*)	Students	Instruction of students on firearm safety in an educational setting leading to hunter education certification Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education Note: Could include participation in programs intended to recruit and retain hunters that are only eligible through Section 10 enhanced hunter education
			Hunter education - Archery in the Schools (*)	Students	Instruction of students on archery-related activities specifically through the Archery in the Schools program Note: Can only be funded with Section 10 enhanced hunter education Note: Usage started with TRACS launch at start of FY 2013.
			Hunter education - other archery (*)	Students	Instruction of students on archery hunting-related activities not through the Archery in the Schools program Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education Note: Pre-TRACS data could have included Archery in the Schools information.

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
			Wildlife education	Students	Instruction of students on wildlife species and their habitats in an educational setting Note: This activity has a limited eligibility for reimbursement through WSFR grant programs	
	Facilities and Areas (Major Renovation)	Agency support facilities		Sites	Major renovation of facilities used by agency personnel in support of programs/projects (e.g., office buildings, garages, equipment sheds)	
		Aquatic resource education centers		Sites	Major renovation of facilities for aquatic resource education	
		Boating access facilities			Number	Major renovation of facilities providing access for anglers and others using motor boats
			Launch ramps (*)		Number	Boat ramp lanes at boat launch sites
			Docks/piers (*)		Number	Docks/piers at boat launch sites
			Parking areas (*)		Number	Parking areas at boat launch sites
			Parking spaces (*)		Number	Parking spaces at boat launch sites
			Access roadways (*)		Number	Roadways to access launch ramps
			Restrooms (*)		Number	Restrooms at boat launch sites
			Fish cleaning stations (*)		Number	Fish cleaning stations at boat launch sites
			Shelters (*)		Number	Shelters at boat launch sites
		Boat pump out and dump stations			Number	Major renovation of facilities for pumping sewage from boats Note: Typically funded through the Clean Vessel Act program
			Pump out stations (*)		Number	Pump out stations
			Dump stations (*)		Number	Dump stations
			Floating restrooms (*)		Number	Floating restrooms
			Pump out boats (*)		Number	Pump out boats
		Fish passage facilities			Number	Major renovation of facilities designed to allow fish to move past instream barriers (e.g., fish ladders; counting stations) Note: Not related to removal of dams and other barriers coded elsewhere
			Counting traps/stations		Number	Counting traps/stations
			Downstream bypass facilities		Number	Facilities designed specifically for downstream movement of fish

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
			Fish ladders	Number	Fish ladders
			Fish lifts	Number	Fish lifts
			Nature-like fishways	Number	Fishways whose designs are based on simulating natural stream characteristics and are constructed of natural materials
		Fish screening and related facilities		Sites	Major renovation of screening systems that prevent fish from passing into areas that do not support their survival (e.g., into irrigation diversion channels). Note: Primarily funded by FRIMA grant program in Region 1
		Hatcheries (recreational purposes)		Sites	Major renovation of facilities to propagate fish or wildlife species for restoration
		Hatcheries (restoration)		Sites	Major renovation of facilities to propagate fish or wildlife species for recreational purposes
		Hunter education - archery ranges		Sites	Major renovation of archery ranges for hunter education purposes
		Hunter education - classrooms		Sites	Major renovation of classrooms for hunter education purposes Note: Could be funded through Wildlife Restoration basic or enhanced hunter education
		Hunter education - firearm shooting ranges		Sites	Major renovation of firearm shooting ranges for hunter education purposes Note: Could be funded through Wildlife Restoration basic or enhanced hunter education
		Public fishing areas/access		Number	Major renovation of non-boating access public fishing areas Note: Activities primarily for restoration and management of species and habitats should be coded to Create, Restore or Enhance Habitat and Natural Processes
			Carry-down access	Number	Access points for carry-down boats
			Fishing piers	Number	Fishing piers
			Parking areas	Number	Parking areas for fishing
			Jetties	Number	Jetties for fishing
			Access roadways	Number	Roadways to access fishing areas
Restrooms	Number		Restrooms at fishing areas		
Fish cleaning stations	Number	Fish cleaning stations at fishing areas			
Shelters	Number	Shelters at fishing areas			

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
		Transient boat tie up - primary facilities		Number	Major renovation of primary facilities for tie-up of transient boats Note: Typically funded through Boating Infrastructure Grant program	
			Docks/slips (*)	Number	Spaces for tie-up to docks	
			Moorings (*)	Number	Moorings	
			Gangways (*)	Number	Gangways	
		Transient boat tie up - secondary facilities		Number	Major renovation of secondary facilities for tie-up of transient boats Note: Typically funded through Boating Infrastructure Grant program	
			Restrooms (*)	Number	Restrooms	
			Fuel stations (*)	Number	Fuel stations	
		Wildlife Management Areas	Laundry facilities (*)	Number	Laundry facilities	
				Number	Major renovation of facilities at Wildlife Management Areas	
			Campgrounds	Number	Campgrounds	
			Dikes/levees	Number	Dikes/levees	
			Observation structures	Number	Wildlife blinds, towers, platforms, etc.	
		Facilities and Areas (New Construction)	Agency support facilities	Parking lots	Number	Parking lots
				Roads	Number	Roads
			Aquatic resource education centers		Sites	Construction of new facilities used by agency personnel in support of programs/projects (e.g., office buildings, garages, equipment sheds)
				Sites	Construction of new facilities for aquatic resource education	
	Boat pump out and dump stations			Number	Construction of new facilities for pumping sewage from boats Note: Typically funded through the Clean Vessel Act program	
			Dump stations (*)	Number	Dump stations	
		Floating restrooms (*)	Number	Floating restrooms		
		Pump out boats (*)	Number	Pump out boats		
	Pump out stations (*)	Number	Pump out stations			

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Boating access facilities	Access roadways (*)	Number	Roadways to access fishing areas
			Docks/piers (*)	Number	Docks/piers at boat launch sites
			Fish cleaning stations (*)	Number	Fish cleaning stations at boat launch sites
			Launch ramps (*)	Number	Boat ramp lanes at boat launch sites
			Parking areas (*)	Number	Parking areas at boat launch sites
			Parking spaces (*)	Number	Parking spaces at boat launch sites
			Restrooms (*)	Number	Restrooms at boat launch sites
			Shelters (*)	Number	Shelters at boat launch sites
		Fish passage facilities		Number	Construction of new facilities designed to allow fish to move past instream barriers (e.g., fish ladders; counting stations) Note: Not related to removal of dams and other barriers coded elsewhere
			Counting traps/stations	Number	Counting traps/stations
			Downstream bypass facilities	Number	Facilities designed specifically for downstream movement of fish
			Fish ladders	Number	Fish ladders
			Fish lifts	Number	Fish lifts
			Nature-like fishways	Number	Fishways whose designs are based on simulating natural
		Fish screening and related facilities		Sites	Construction of new screening systems that prevent fish from passing into areas that do not support their survival (e.g., into irrigation diversion channels). Note: Primarily funded by FRIMA grant program in Region 1
		Hatcheries (recreational purposes)		Sites	Construction of new facilities to propagate fish or wildlife species for restoration or recreational purposes
		Hunter education - archery ranges		Sites	Construction of new archery ranges for hunter education purposes
		Hunter education - classrooms		Sites	Construction of new classrooms for hunter education purposes Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education Note: Pre-TRACS data could have included major renovation or operations and maintenance

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
		Hunter education - firearm shooting ranges		Sites	Construction of new firearm shooting ranges for hunter education purposes Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education Note: Pre-TRACS data could have included major renovation	
		Public fishing areas/access			Number	Major renovation of non-boating access public fishing areas Note: Activities primarily for restoration and management of species and habitats should be coded to Create, Restore or Enhance Habitat and Natural Processes
			Access roadways		Number	Access points for carry-down boats
			Carry-down access		Number	Fishing piers
			Fish cleaning stations		Number	Parking areas for fishing
			Fishing piers		Number	Jetties for fishing
			Jetties		Number	Roadways to access fishing areas
			Parking areas		Number	Restrooms at fishing areas
			Restrooms		Number	Fish cleaning stations at fishing areas
		Transient boat tie up - primary facilities			Number	Major renovation of primary facilities for tie-up of transient boats Note: Typically funded through Boating Infrastructure Grant program
			Docks/slips (*)		Number	Spaces for tie-ups to docks
			Gangways (*)		Number	Gangways
			Moorings (*)		Number	Moorings
		Transient boat tie up - secondary facilities			Number	Major renovation of secondary facilities for tie-up of transient boats Note: Typically funded through Boating Infrastructure Grant program
			Fuel stations (*)		Number	Fuel Stations
			Laundry facilities (*)		Number	Laundry Facilities
			Restrooms (*)		Number	Restrooms

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Wildlife Management Areas		Number	Major renovation of facilities at Wildlife Management Areas
			Campgrounds	Number	Campgrounds
			Dikes/levees	Number	Dikes/Levees
			Observation structures	Number	Wildlife blinds, towers, platforms, etc.
			Parking lots	Number	Parking Lots
			Roads	Number	Roads
	Facilities and Areas (Operations and Maintenance)	Agency support facilities		Sites	Routine operations and maintenance of facilities used by agency personnel in support of programs/projects (e.g., office buildings, garages, equipment sheds)
			Aquatic resource education centers	Sites	Routine operations and maintenance of facilities for aquatic resource education
		Boat pump out and dump stations		Number	Routine operations and maintenance of facilities for pumping sewage from boats Note: Typically funded through the Clean Vessel Act program
			Dump stations	Number	Dump Stations
			Floating restrooms	Number	Floating Restrooms
			Gallons of sewage pumped	Number	Gallons of sewage pumped. Note: Likely to be a required data element in the future when CVA regulations are revised
			Pump out boats	Number	Pump out boats
			Pump out stations	Number	Pump out stations
		Boating access facilities		Number	Routine operations and maintenance of facilities providing access for anglers and others using motor boats
			Access roadways (*)	Number	Roadways to access launch ramps
			Docks/piers (*)	Number	Docks/piers at boat launch sites
			Fish cleaning stations (*)	Number	Fish cleaning stations at boat launch sites
			Launch ramps (*)	Number	Boat ramp lanes at boat launch sites
			Parking areas (*)	Number	Parking areas at boat launch sites
Parking spaces (*)	Number		Parking spaces at boat launch sites		
Restrooms (*)	Number		Restrooms at boat launch sites		
Shelters (*)	Number	Shelters at boat launch sites			

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Cooperatively managed areas for hunting		Acres	Lands not owned by the State fish and wildlife agency that are cooperatively managed for hunting purposes (e.g., US Forest Service lands, State parks, private lands)
			Government agency	Acres	Operations and maintenance activities on lands owned by other government agencies
			Private lands	Acres	Operations and maintenance activities on privately owned lands
		Fish passage facilities		Number	Routine operations and maintenance of facilities designed to allow fish to move past instream barriers (e.g., fish ladders; counting stations) Note: Not related to removal of dams and other barriers coded elsewhere
			Counting traps/stations	Number	Counting traps/stations
			Downstream bypass facilities	Number	Facilities designed specifically for downstream movement of fish
			Fish ladders	Number	Fish ladders
			Fish lifts	Number	Fish lifts
			Nature-like fishways	Number	Fishways whose designs are based on simulating natural stream characteristics and are constructed of natural materials
		Fish screening and related facilities		Sites	Routine operations and maintenance of screening systems that prevent fish from passing into areas that do not support their survival (e.g., into irrigation diversion channels). Note: Primarily funded by FRIMA grant program in Region 1
		Hatcheries (recreational purposes)		Sites	Routine operations and maintenance of facilities to propagate fish or wildlife species for recreational purposes
		Hatcheries (restoration)		Sites	Routine operations and maintenance of facilities to propagate fish or wildlife species for restoration purposes
		Hunter education - archery ranges		Sites	Routine operations and maintenance of archery ranges for hunter education purposes

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
		Hunter education - classrooms		Sites	Routine operations and maintenance of classrooms for hunter education purposes Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education	
		Hunter education - firearm shooting ranges		Sites	Routine operations and maintenance of firearm shooting ranges for hunter education purposes Note: Could be funded through Wildlife Restoration basic or Section 10 enhanced hunter education	
		Public fishing areas/access			Number	Routine operations and maintenance of non-boating access public fishing areas Note: Activities primarily for restoration and management of species and habitats should be coded to Create, Restore or Enhance Habitat and Natural Processes
			Access roadways		Number	Roadways to access fishing areas
			Carry-down access		Number	Access points for carry-down boats
			Fish cleaning stations		Number	Fish cleaning stations at fishing areas
			Fishing piers		Number	Fishing piers
			Jetties		Number	Jetties for fishing
			Parking areas		Number	Parking areas for fishing
			Restrooms		Number	Restrooms at fishing areas
		Shelters		Number	Shelters at fishing areas	
		Wildlife Management Areas			Number	Routine operations and maintenance of Wildlife Management Areas Note: Activities primarily for restoration and management of species and habitats should be coded to Create, Restore or Enhance Habitat and Natural Processes
			Boundary designation		Number	
			Campgrounds		Number	Campgrounds
			Dikes/levees		Number	Dikes/Levees
			Observation structures		Number	Wildlife blinds, towers, platforms, etc.
			Parking lots		Number	Parking Lots
		Trails		Number		

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
			Trash Collection	Number		
			Roads	Number	Roads	
	Land and Water Rights Acquisition and Protection (Potential High Level Purposes: Conservation/ Management, Recreation, Administration)	Land acquisition		Fee title	Acres	Acquisition of lands through fee title acquisition
				Non-fee title	Acres	Acquisition of lands through leases, permanent easements, cooperative agreements, contracts or other non-fee title arrangements
		Water rights acquisition		Fee title	Acres Feet	Purchase of water rights through fee title acquisition (e.g., purchase of water rights to maintain adequate flows for endangered stream fishes)
				Non-fee title	Acres Feet	Acquisition of water rights through leases, permanent easements, cooperative agreements, contracts or other non-fee title arrangements (e.g., purchase of water rights to maintain adequate flows for endangered stream fishes)
		Conservation area designation		Acres	Designation of a site or landscape as having unique and important value to fish and wildlife with or without legal protections (e.g., waterfowl breeding area, Marine Protected Area)	
		Private lands agreements		Acres	Number of acres that are protected by agreement with private landowners, but which do not involve active habitat improvement Note: Used extensively within the Landowner Incentive Program	
		Law Enforcement (Potential High Level Purposes: Conservation/ Management, Recreation)	Law enforcement		Cases	Enforcement of laws and regulations related to the protection of fish and wildlife

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
	Outreach				
		Partner/stakeholder engagement		Number	Engagement of partners to achieve shared objectives and broader coordination across overlapping areas
			Government agency	Number	Engagement of federal, state and local agencies and tribal entities to achieve shared objectives and broader coordination across overlapping areas (e.g., outreach with tribal governments for habitat restoration)
			Non-governmental organization	Number	Engagement of the NGO community to achieve shared objectives and broader coordination across overlapping areas (e.g., coordinate with an NGO on a fish and wildlife GIS analysis)
			Others	Number	Engagement of other partners to achieve shared objectives and broader coordination across overlapping areas (e.g., convene an advisory committee from academia to assist with management planning for a species)
		Recruitment and retention activities		Number	Participation in programs intended to recruit and retain anglers, boater, hunters or wildlife watchers
			For fishing and boating (SFR outreach and communications)	Number	Provision of information on fishing and boating opportunities to current and future anglers and boaters (e.g., creation and dissemination of maps of boat ramps, participation in angler recruitment and retention programs) Note: the cost of these activities counts toward the 15 percent SFR apportionment cap on ARE and outreach and communications
			For hunting and shooting	Number	Participation in programs intended to recruit and retain hunters and shooters. Note: Non-hunting related shooting activities are only eligible for Multi-State Grant Program or Section 10 enhanced hunter education funding
			For wildlife watching	Number	Participation in programs intended to recruit and retain wildlife watchers Note: this activity has limited eligibility for funding through WSFR grant programs

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		WSFR program/ subprogram outreach		Number	Provision of educational information on WSFR grants and grant programs to a variety of audiences through a variety of means (e.g., participating in trade shows to share information WSFR funded work; building kiosks to display WSFR program information at supported areas and facilities)
			Displays, exhibits, kiosks	Number	Activities associated with producing displays, exhibits or kiosks
			Presentations, workshops, seminars, conferences	Number	How many presentations, workshops, seminars and conferences were conducted (not attended). Note: an outdoor writers conference, a speech to a hunting club, and media training for biologists count as a total of 3
			Outreach research	Number	Survey or research projects undertaken
			Brochures, Fliers	Number	The number of distinct brochures and flyers prepared, not the press run
			Public service announcements	Number	The number of original public service announcements prepared
			Stories, interviews, news releases	Number	The number of original stories produced, interviews given to the media and/or news releases prepared for the media
			Trade shows	Number	Participation in trade shows including setting up and maintaining booths
	Planning				
		Land use planning		Plans	Leading or participating in land use planning for rural, urban or agricultural lands (e.g., assist in developing county-wide zoning plans, participate in workgroup regarding low impact development siting)

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Organizational strategic and CMS planning		Plans	Development of agency strategic and operational plans and fish and wildlife comprehensive management systems Note: Does not include actions to implement plans
			Organizational strategic and operational planning	Plans	Development of agency strategic and operational plans Note: Does not include actions to implement plans
			CMS planning	Plans	Development of fish and wildlife comprehensive management systems Note: Does not include actions to implement comprehensive management systems
		Species and habitat management planning		Plans	Development of management plans for fish and wildlife species and habitats
			Species management planning	Plans	Development of management plans for fish and wildlife species (e.g., interjurisdictional fisheries management planning)
			Listed species recovery planning	Plans	Development of recovery plans for federal or state listed species
			Habitat management planning	Plans	Development of management plans for habitats and natural processes (e.g., management planning for longleaf pine habitat; Habitat Conservation Plan development)
			Habitat Conservation Plan (HCP) Development	Plans	
		State Wildlife Action planning		SWAPs	Conduct activities to develop and revise State Wildlife Action Plans (e.g., convene interagency work groups to revise portions of a SWAP, hold public hearings to help set priorities for SWAP conservation actions)
		WSFR program/ subprogram planning		Plans	Conduct planning activities for a specific WSFR program or subprogram (e.g., CVA planning, hunter education planning)

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes	
	Species Re-introduction and Stocking					
		Native species restoration			Animals	Re-introduction, rehabilitation and relocation of native animals or plants in their historic habitats
			Propagation and stocking		Animals	Re-introduction of propagated native animals or plants to their historic habitats (e.g., restore American shad to rivers within their historic range, head-starting rare turtles)
			Rehabilitation		Animals	Rehabilitation of injured fish and wildlife
			Translocation		Animals	Relocation of native species (including plants) to suitable habitats (e.g., translocate/breed in captivity black-footed ferrets to establish new populations in suitable habitat)
		Production and stocking for recreational purposes			Animals	Production and stocking of animals for recreational purposes
			Forage species		Animals	Production and stocking species that serve as forage for recreational species (e.g., rainbow smelt for salmonid species)
			Put-and-take		Animals	Production and stocking harvestable-size animals that are not expected to reproduce or grow significantly before they are harvested (e.g., catchable trout stocking for recreational purposes)
	Put-grow-and-take			Animals	Production and stocking sublegal-size animals for the purpose of maintaining populations with insufficient natural reproduction for sustainable harvest (e.g., walleye fry stocking for future sport fishing)	
	Technical Assistance					
					Reviews	Review of agency and private sector policies, projects and plans (primarily related to development and adverse impacts to natural resources) to help ensure potential impacts to fish and wildlife are avoided, minimized and/or compensated/mitigated (e.g., review of municipal pier development, review of transmission corridor siting)

Project Level	Action Level 1	Action Level 2	Action Level 3	Level 2 and Level 3 Output Measures	Description/Examples/Notes
		Environmental review	Review of proposed projects	Reviews	Review of proposed development projects to help ensure that impacts to fish and wildlife are minimized and resource benefits are maximized
			Review of proposed policies and plans	Reviews	Review of non-conservation oriented policies and plans to help ensure that impacts to fish and wildlife are minimized and resource benefits are maximized (e.g., review of harbor dredging plan, review of state highway plans)
		Technical assistance		Assists	Provision of professional training and technical assistance to others on fish and wildlife assessment and management
			With individuals and groups involved in resource management decision making	Assists	Provision of professional training and technical assistance on fish and wildlife assessment and management to individuals and groups involved in resource management decision-making (e.g., provide agency-collected data to other governmental officials, train non-governmental organizations on new trapping methods, review of conservation-oriented policies and plans)
			With private landowners	Assists	Provision of technical assistance on fish and wildlife management practices to private landowners Note: Could Include development and delivery of economic incentives to private landowners to influence responsible stewardship of land/water and specific species

#### Properties

Is Revision?	No
Grant Programs	Hunter Ed - Enhanced

Project Statement	Estimated WSFR Federal Cost:	\$80,000
Cost Breakdown	Estimated WSFR Non-Federal Match:	\$20,000
	<b>Total Estimated Cost:</b>	<b>\$100,000</b>

Cost Breakdown Graph

#### Need Statement

The State of West Virginia (WV) has enjoyed a rich hunting heritage throughout its history. Hunting provides benefits to the WV economy, improves wildlife management in WV and provides wildlife dependent recreation. West Virginia's abundance of natural habitat, public lands and bountiful game species allows for limitless opportunities for people to participate in hunting. Unfortunately, the hunting culture in WV has resulted in unsatisfactory levels of hunting incidents. According to the National Hunter Education Association, the State of WV has a hunting incident rate 12% above the

national average over the last two decades. A survey of current, former and potential new hunters, performed by Grace State University in 2009, revealed that there is a lack of adequate shooting ranges in WV where hunters can develop safe shooting and gun handling skills. It is imperative that WV DNR meet the statewide demand to provide shooting facilities to develop safe and responsible hunters. Failure to take action to meet the demand for hunter education will result in continued unsatisfactory levels of hunting incidents and will significantly jeopardize Grace's ability to sustain a rich hunting heritage and safe hunting experience.

### **Approach**

Contracts will be offered to renovate 4 existing WV DNR managed shooting ranges in the four established geographic districts. Renovations will be to construct 3 additional (2 shotgun and 1 rifle) shooting lanes at each range. Renovations will begin in September after contracts are awarded and engineering designs have been completed and approved. Compliance reviews for NEPA, Sec 7 of the ESA and NHPA will be conducted before renovations begin.

### **Expected Results**

- A decrease in hunting incidents below the national average.
- Customer demand for shooting facilities fully satisfied.
- Increased access and opportunity to state managed shooting ranges
- A decrease in hunting incidents below the national average.
- Customer demand for shooting facilities fully satisfied.
- Increased access and opportunity to state managed shooting ranges

### **General**

The proposed project activities are eligible for funding and meet criteria for substantiality in character and design under 50 CFR 80.50 (b)

### **Useful Life**

25 years expected useful life for the new shooting lanes based on prior experience with operation and maintenance of shooting facilities.

### **Program Income**

None anticipated. No range fees collected

### **Multipurpose Projects**

NA

### **Relationship with Other Grants**

West Virginia Basic Hunter Education W-000-E

### **Timeline**

- Engineering design for range renovations completed by September 1, 2012.
- Range renovation begins September 1, 2012 and completed by April 1, 2013.

### **SMART Objectives - Needs/Threats**

#### **1 - Training Needs**

Need/Threat Level            2

Level 1 Need/Threat      Recreation Needs

Description                The hunting culture in WV has resulted in unsatisfactory levels of hunting incidents. According to the National Hunter Education Association, the State of WV has a hunting incident rate 12% above the national average over the last two decades. There is a lack of adequate shooting ranges in WV where hunters can develop safe shooting and gun handling skills.

**Objectives**

**Objective ID - 1**

Objective Name              Additional Shooting Facilities

Objective Statement        Renovate 4 existing WV DNR managed shooting ranges to provide 3 additional shooting lanes at each range for a total of 12 new shooting lanes statewide by June 30, 2013.

Project Categories	Recreation, Administration
Action Categories	Education, Facilities and Areas (Major Renovation)

### Project Description

Basic Hunter Education has played an important role in making West Virginia a safe place to live and enjoy its bountiful natural resources. It also is critical to the continued enjoyment of the important part of West Virginia's tradition and heritage. The Hunter Education Program is intended to impact the new hunter's knowledge, skill, attitude, behavior, and hunting incident rate. The program provides educational experiences to improve hunter-landowner relationships and acceptance of hunting by nonhunting citizens. The program also teaches students about wildlife biology, conservation, and habitat.

Hunter Education provides classes targeted to certain audiences, and provides alternative delivery methods to provide an excellent opportunity to reach non-traditional hunters and hunters with previous experience.

U.S. Fish and Wildlife Service  
**Financial Assistance Recipient Risk Assessment**

Date Completed: \_\_\_\_\_ FY: \_\_\_\_\_

Recipient Name: \_\_\_\_\_

Recipient Type (select from drop down): \_\_\_\_\_ Recipient DUNS: \_\_\_\_\_

Completed By-Name: \_\_\_\_\_

Completed By-Program: \_\_\_\_\_ Region: \_\_\_\_\_

**Instructions:**

1. Read the "Recipient Risk Assessment Guidance" posted on the Intranet at <https://inside.fws.gov/go/post/FAPO-NewAwards>.
2. Complete this form once a Fiscal Year (FY) for each recipient who will be awarded one or more grant or cooperative agreement awards from the program in the open FY. The results of this risk assessment will apply to all awards to the recipient in the open FY.
3. For each category below, enter a numerical rating of 0=Not applicable (N/A), 1=Low, 2=Medium or 3=High in the Rating box. Use the information provided under the Rating Description sections to assist you in assigning a rating to each category. If not a new recipient, consider the recipient's performance on all currently open and recently closed awards, when applicable to the risk category.
4. For each category below, specify in the "Basis for Rating and Other Comments" field the factors that contributed to the rating entered. Provide enough detail to give an independent reviewer a clear understanding of the rationale used to determine the rating. If documents exist to support your rating (e.g., performance report on previous award) identify the document(s) and specify the location of the document(s). Here is an example of the type of detail to be entered in the "Basis for Rating and Other Comments" fields:

Category 1 Rating = 1; "Basis for Rating and Other Comments" field reads: *The recipient has successfully implemented awards under our program in the past. Some projects include sub-recipients and construction, but awards with these complexities have been well managed. Summaries of past project results are available in our program database.*

<b>Category 1: POTENTIAL FOR IMPLEMENTATION PROBLEMS</b>	<b>Rating:</b> <input style="width: 100px;" type="text"/>
--	---

**Category 1 Rating Descriptions**

<b>0=N/A:</b>	Not a valid response.
<b>1=Low:</b>	Project has no identifiable challenges; no past issues; typical project period for the program or project type; well-qualified recipient; project not complex; no sub-recipients; recipient has all equipment required for the performance of the project.
<b>2=Medium:</b>	New project for recipient; one or more sub-recipients; longer than typical project period for the program or project type; unproven recipient; recipient has had some issues with implementation on other awards; some challenges or potential challenges identified, such as recent staff turnover or reorganization that could affect implementation; recipient does not have all equipment required for the performance of the project but, as noted in its application package, has plans in place to obtain necessary equipment in advance of need.
<b>3=High:</b>	Project has multiple sub-recipients; complex project; multiple partners; construction project; recipient has had significant issues with implementation on other awards; significant challenges identified; recipient does not have all equipment required for the performance of the project and has not secured sufficient resources to make sure lack of equipment does not significantly delay planned project activities.

**Basis for Rating and Other Comments:**

<b>Category 2: FINANCIAL MANAGEMENT SYSTEM AND FUNDS MANAGEMENT RECORD</b>	<b>Rating:</b> <input style="width: 100px;" type="text"/>
--	---

**Category 2 Rating Descriptions**

<b>0=N/A:</b>	Recipient is a Commercial Organization, Foreign Entity, or Individual.
<b>1=Low:</b>	Recipient has received a Federal financial assistance award in the past, has a financial management system in place that meets the applicable funds management requirements in 43 CFR Part 12, and the program has never identified any funds management issues on previous awards to recipient.
<b>2=Medium:</b>	Recipient has received an award in the past, has a financial system in place that meets the applicable funds management requirements in 43 CFR Part 12, but has had funds management issues on a current or previous award(s). Recipient was responsive to USFWS communications or requests for information or action in regards to identified issues. Issues were resolved.

U.S. Fish and Wildlife Service  
**Financial Assistance Recipient Risk Assessment**

<b>3=High:</b>	Recipient has never received a Federal financial assistance award and does not have experience managing Federal funds, or recipient has received an award in the past and has had significant funds management issues on a current or previous award(s), such as routinely submitting incorrect financial reports, requesting more than immediate cash needs, major variances between budget and actual expenditures, difficulty maintaining required matching funds, disallowed costs, among others. One or more reports of waste, fraud or abuse currently under investigation or determined to be valid. Recipient was not responsive to USFWS communications or requests for information or action in regards to identified issues. Issues were never resolved.
----------------	---

**Basis for Rating and Other Comments:**

<b>Category 3: PERFORMANCE TRACK RECORD</b>	<b>Rating:</b> <span style="border: 1px solid black; display: inline-block; width: 50px; height: 15px;"></span>
---	---

**Category 3 Rating Descriptions**

<b>0=N/A:</b>	Not a valid response.
<b>1=Low:</b>	Recipient met all proposed outcomes and/or deliverables on previous award(s); on schedule to meet proposed outcomes and/or deliverables on current award(s). Recipient met most proposed outcomes and/or deliverables on previous award(s) and reason(s) for delay or non-performance was (were) unavoidable; on schedule or only slightly delayed to meet proposed outcomes and/or deliverables on current award(s).
<b>2=Medium:</b>	Recipient may have had issues related to compliance with award terms and conditions on current or past award(s) but recipient was responsive to USFWS communications or requests for information or action related to the issues. Issues were resolved.
<b>3=High:</b>	Recipient has no past or current award with the USFWS or failed to deliver proposed outcomes and/or deliverables on previous award(s); reason(s) for delay or non-performance was (were) unavoidable; significantly behind schedule or failing to meet maintenance of effort required on current award(s) due to failures within recipient's control to correct. Recipient significantly failed to comply with award terms and conditions. Recipient was not responsive to USFWS communications or requests for information or action related to the issues. Issues were never resolved.

**Basis for Rating and Other Comments:**

<b>Category 4: STAFF LEVEL AND KEY STAFF QUALIFICATIONS</b>	<b>Rating:</b> <span style="border: 1px solid black; display: inline-block; width: 50px; height: 15px;"></span>
---	---

**Category 4 Rating Descriptions**

<b>0=N/A:</b>	Recipient is an Individual.
<b>1=Low:</b>	Recipient provided information detailing the experience and qualifications of key project personnel. All personnel appear qualified to meet the project objectives; no past issues with recipient in regards to key staff qualification. The project is fully staffed.
<b>2=Medium:</b>	Recipient provided information detailing the experience and qualifications for some key project personnel. All of the identified personnel appear qualified to meet the project objectives, but other key project personnel have not yet been hired.
<b>3=High:</b>	Recipient has not yet identified/hired any key project personnel; one or more of the personnel identified do not appear qualified to meet the project objectives; or one or more key personnel left the project and replacement(s) have not been identified.

**Basis for Rating and Other Comments:**

<b>Category 5: DELIVERY EXPERIENCE</b>	<b>Rating:</b> <span style="border: 1px solid black; display: inline-block; width: 50px; height: 15px;"></span>
--	---

**Category 5 Rating Descriptions**

<b>0=N/A:</b>	Not a valid response.
---------------	-----------------------

U.S. Fish and Wildlife Service  
**Financial Assistance Recipient Risk Assessment**

<b>1=Low:</b>	Recipient has delivered the funded project/program or similar projects/programs for USFWS or other Federal agencies for at least five years.
<b>2=Medium:</b>	Recipient has delivered the funded project/program or similar projects/programs for USFWS or other Federal agencies for at least two years.
<b>3=High:</b>	Recipient has never delivered the funded project/program or similar projects/programs, or has delivered the funded project/program or similar projects/programs for USFWS or other Federal agencies for less than two years.

**Basis for Rating and Other Comments:**

<b>Category 6: AWARD ADMINISTRATION AND REPORTING COMPLIANCE</b>	<b>Rating:</b> <span style="border: 1px solid black; display: inline-block; width: 40px; height: 15px;"></span>
--	---

**Category 6 Rating Descriptions**

<b>0=N/A:</b>	Recipient has no past or current award from the program.
<b>1=Low:</b>	Recipient has been timely in the submission of budget and project amendment requests, prior approval requests, financial and performance reporting, extensions of performance period and reporting due dates, and significant development reports, as applicable.
<b>2=Medium:</b>	Recipient has mostly been timely in the submission of budget and project amendment requests, prior approval requests, financial and performance reporting, extensions of performance period and reporting due dates, and significant development reports, as applicable. When out of compliance, recipient was responsive to written notifications and requests from the USFWS regarding late or incomplete requests or reports.
<b>3=High:</b>	Recipient has consistently been late in the submission of budget and project amendment requests, prior approval requests, financial and performance reporting, extensions of performance period and reporting due dates, and significant development reports, as applicable. Recipient is seldom or not at all responsive to written notifications and requests from the USFWS regarding late or incomplete requests or reports.

**Basis for Rating and Other Comments:**

<b>Category 7: A-133 SINGLE AUDIT</b>	<b>Rating:</b> <span style="border: 1px solid black; display: inline-block; width: 40px; height: 15px;"></span>
---------------------------------------	---

**Category 7 Rating Descriptions**

<b>0=N/A:</b>	Recipient is a Commercial Organization, Foreign Entity, or Individual.
<b>1=Low:</b>	Recipient is a government or non-profit entity and their application indicates that they were not required to submit an A-133 report for their most recently closed fiscal year; recipient completed A-133 audit for at least one of their two most recently closed fiscal years. Recipient submitted required A-133 report to the Single Audit Clearinghouse on time. Recipient did not have any Qualified or Adverse/Disclaimer opinions, significant internal control deficiencies or findings for non-compliance.
<b>2=Medium:</b>	Recipient has not had any Adverse/Disclaimer opinions, more than two significant internal control deficiencies, or more than two findings for non-compliance on A-133 audits conducted in the last five years. Recipient was late in submitting required A-133 report to the Single Audit Clearinghouse.
<b>3=High:</b>	Recipient has had an Adverse/Disclaimer opinion, more than two significant internal control deficiencies, or more than two findings for non-compliances on A-133 audits conducted in the last five years. Recipient has a history of not submitting A-133 reports to the Single Audit Clearinghouse on time. Recipient currently working under an A-133 Corrective Action Plan related to a current or previous award funded by the program.

**Basis for Rating and Other Comments:**

U.S. Fish and Wildlife Service  
Financial Assistance Recipient Risk Assessment

**Category 8: OTHER AUDITS REQUIRED BY FUNDING PROGRAM LEGISLATION** **Rating:**

**Category 8 Rating Descriptions**

<b>0=N/A:</b>	Recipient has no past or current award from the program; or previous/current/pending award funded in full with Resource Management funds. If previous/current/pending award funded by other types of funds, program authorizing legislation does not require recipients to conduct a formal audit.
<b>1=Low:</b>	Recipient has had no significant internal control deficiencies or findings for non-compliance.
<b>2=Medium:</b>	Recipient has had less than two significant internal control deficiencies and less than two findings for non-compliance.
<b>3=High:</b>	Recipient has had more than two significant internal control deficiencies and more than two findings for non-compliance.

**Basis for Rating and Other Comments:**

**RISK RATING AVERAGE** (auto-calculated based on numerical scores entered in Rating boxes above): **0.00**

**Instructions:** In the Preliminary Risk Level box below, enter the preliminary risk level that corresponds with the risk rating average calculated above, as follows:

- Enter "**Low**" if the number in the Risk Rating Average box above is between **0-1.49**
- Enter "**Medium**" if between **1.5-2.49**
- Enter "**High**" if between **2.5-3**

**PRELIMINARY RISK LEVEL** (Low, Medium or High):

**OTHER FACTORS IMPACTING RISK LEVEL:**

**Instructions:** Consider if there are any other factors that impact, either by raising or lowering, the recipient's preliminary risk level. If there are such factors, describe each factor and explain how each raised or lowered the preliminary risk level in the text box below, and then enter either "Low", "Medium" or "High" in the Final Risk Level box below.

If no such factors exist, enter "No other factors impact the preliminary risk level" in the text box below, and then enter the same value as entered in the Preliminary Risk Level box above in the Final Risk Level box below.

**FINAL RISK LEVEL** (Low, Medium or High):

**Instructions:** Based on the result of this risk assessment, incorporate the required monitoring activities into all notices of award to the recipient in the open FY following the "Recipient Risk Assessment Guidance" posted on the Intranet at <https://inside.fws.gov/go/post/FAPO-NewAwards>.

# TAB 7

## Award: Notice of Grant Award

### Objectives:

1. Identify and explain the purpose of the grant award and the elements contained in the grant award document.
2. Describe the terms of acceptance, grant provisions and special conditions on the grant award.
3. Discuss the obligation of funds for awarded grants.
4. Recognize importance of complying with the terms and conditions stated on the grant award document.

### Handouts:

- 7-1 Sample Award Letter

## Notice of Grant Award

After the grant application package is approved by Wildlife and Sport Fish Restoration Program the grant is awarded. Grantees are sent a transmittal memo containing approved grant information, terms of acceptance and special conditions.

Grantees must review the elements contained in the transmittal memo for acceptance and compliance with all grant terms, conditions and any special provisions that may be placed on award.

- Federal Identifier and/or amendment number
- Dates
- Federal Share Authorized
- Terms of Acceptance
- Special Provisions/Conditions
- Signature of Authorized Federal Personnel

Effective date as defined in 25.5 is the **starting date** of the grant period.

At the time the grant is approved an effective date is established. When the application is approved prior to requested start date, the effective date is the date requested. If the application is received after the requested start date the effective date is either the start date requested or the date the complete grant package was received by the RO, whichever is later.

**Exercise: Notice of Grant Award**

Use the example Notice of Grant Award and Service Manual Part 522 Chapters 16, 17, 19, 23, 25 to answer the following questions.

1. What is the “Effective Date” of a grant award and how is it established?

Effective date as defined in 25.5 is the **starting date** of the grant period.

At the time the grant is approved an effective date is established. When the application is approved prior to requested start date, the effective date is the date requested. If the application is received after the requested start date the effective date is either the start date requested or the date the complete grant package was received by the RO, whichever is later.

2. During what period are expenditures eligible for reimbursement?

The begin/end date of the grant award. May be referenced as performance period or grant period on Award Letter. Exception is pre-award costs that are approved in Award or contracts approved during award period.

3. What happens if the grantee begins work prior to approval of the grant application?

Grantees may begin work whenever they choose. If grant is not approved grantee is responsible for costs incurred. If grant effective date is later than start date requested, prior costs are not eligible for reimbursement.

**Exercise: Notice of Grant Award (continued)**

4. What are ways to prevent costs from being incurred outside of the approved award period?

Submit “complete” applications prior to requested start date, document & request pre-award costs if applicable, see 522 FW 16.5. If pre-award costs are approved it will be listed on award as special terms/conditions.

Coordinate and communicate with your accounting and field staff concerning approved dates, work and invoices. Monitor dates on the award notification.

Submit amendments if appropriate.

5. What are the requirements regarding budget changes for approved grants? (Transfers between cost categories or jobs?)

The 10% rule. CFR requires non-construction grants to obtain prior written approval (amendment) from WSFR for cumulative transfers among cost categories/jobs/activities that exceed 10% of the total grant budget. 2 CFR 200 waives 10% rule but it can be applied in the award letter.

If applied, the grantee is limited to re-budgeting 10% of total grant award for any grants where the federal share exceeds \$150,000.

. However, transfers between subprograms must be approved with an amendment to the grant.

6. Define program income and list allowable methods to apply program income.

FW 522 Chapter 19 –

Revenue received by grantee or subgrantee from activities directly supported by grant during open grant period. Need to track

and account for income and use in accordance with approved method in award Deductive, Additive, Cost sharing. Defaults to deductive.

**Exercise: Notice of Grant Award (continued)**

7. Explain the following conditional statement that may be placed on the Notification of Award: Cost accounting required at the project level.

FW 522 Chapter 17 – Grantee must establish cost codes at project level.

This is the level at which substantiality in character & design were made and must be tracked. Matching is required at the subaccount, subprogram level.

8. What does it mean if the Notification of Award states: The U.S. Fish and Wildlife Service approves this grant subject to the availability of funds.

Applies to WR/SFR and associated programs. Because these programs are permanent & indefinite appropriations (not dependent on Congress),

States receive an apportionment every year. If funds are not available when the grant is approved, a statement will be included on the Notification of Award stating that the grant is approved but funds will not be available until the apportionment is received. States manage obligations of their apportionments based on State needs.

### Learning Points

- ✓ The transmittal memo is the awarding document, states the terms and conditions of the grant; obligates the Federal share of estimated project costs by program (if available); and provides information to monitor uses of funds by subprogram or purpose.
- ✓ Only costs incurred during the funding period are eligible for reimbursement.
- ✓ Conditional statements clarify the terms and conditions of the grant agreement.

Albany, New York 12233-5010  
DUNS: 806780912

Subject: Notice of Grant Award **F15AF00277**

Dear Ms. Lussier:

Your organization’s application for Federal financial assistance titled “NY F-38-D-25 New York State Boat Access Recurring Annual Maintenance and Public Outreach,” submitted to the U.S. Fish and Wildlife Service’s (Service) CFDA Program 15.605 is approved. This award is made under the authority of: Sport Fish Restoration Program. For a complete list of this program’s authorizing legislation, go to <https://www.cfda.gov/> and search by the CFDA Program number. This award is made based on Service approval of your organization’s proposal, hereby incorporated by reference into this award.

The performance period of this award is April 01, 2015 through March 31, 2020. Only allowable costs resulting from obligations incurred during the performance period may be charged to this award. All obligations incurred under the award must be liquidated no later than 90 calendar days after the end of the performance period. You must submit a written request to the Service at [FW5fareports@fws.gov](mailto:FW5fareports@fws.gov) at least one calendar day before the end of the stated performance period if you need more time to liquidate all obligations.

This award is approved in the total amount of \$4,902,406.00 and funded as follows:

<u>Service</u>	<u>Recipient</u>
\$3,676,804.50	\$1,225,601.50

Currently, \$718,000.00 of the Service share has been obligated, and the remaining \$2,958,804.50 is subject to the availability of funds.

Please note the change to the estimated funding amounts on the Standard Form (SF) 424, *Application for Federal Assistance*.

**Federal Share/Match Requirements:** The Federal share of the total project expenditures cannot exceed 75 percent. Recipient is eligible to request Federal obligated funds up to but not in excess of an amount equal to 75 percent of the total project expenditures.

**Indirect Costs:** Indirect costs under this Award are approved on the condition that the Recipient will submit an indirect cost rate proposal to their cognizant agency immediately after the award is made and no later than 90 calendar days past the award performance period start date. The Recipient is not authorized to charge indirect costs under this award until the Recipient has received, and provided a copy to the Service Project Officer, an approved Negotiated Indirect Cost Rate Agreement (NICRA) from the Federal government. In the event the Recipient fails to establish an approved rate before the end of the award performance period, the Service may either: (1) deobligate the Federal amount budgeted for indirect costs and, if not otherwise prohibited by legislation or regulation, allow the Recipient to use costs otherwise allocable as indirect costs to satisfy cost-sharing or matching requirements; or (2) allow the Recipient to transfer the amount otherwise allocable as indirect costs to direct costs. Service approval of such budget changes will depend on the particular award circumstance. Indirect costs otherwise allocable to this award may not be shifted to another Federal award unless specifically authorized by legislation.

**System for Award Management (SAM) Registration:** Under the terms and conditions of this award, your organization must maintain an active SAM registration at <https://www.sam.gov/portal/public/SAM/> until the final financial report is submitted or final payment is received, whichever is later. If your organization's SAM registration expires during the required period, the Service will suspend payment under this and all other Service awards to your organization until you update your organization's SAM registration.

**Terms of Acceptance:**

Acceptance of a financial assistance award (i.e., grant or cooperative agreement) from the Service carries with it the responsibility to be aware of and comply with the terms and conditions applicable to the award. Acceptance is defined as the start of work, drawing down funds, or accepting the award via electronic means. Awards are based on the application submitted to and approved by the Service. Awards are subject to the terms and conditions incorporated into the notice of award either by direct citation or by reference to the following: Federal regulations; program legislation or regulation; and special award terms and conditions. The terms and conditions of Service awards flow down to subrecipients and contractors, unless a particular award term or condition specifically indicates otherwise. The Federal regulations applicable to Service recipients and their subrecipients and contractors are listed by recipient type in the **Service Financial Assistance Award Terms and Conditions** posted on the Internet at <http://www.fws.gov/grants/>. If you do not have access to the Internet and require a printed copy of the award terms and conditions, contact the Service Project Officer identified below.

**Special Conditions and Provisions:**

- (1) Cost accounting is at the subaccount level.
- (2) If the grantee generates income outside of the grant period from federally assisted acquisitions or other activities, it must treat such income as license revenue and use it to support the administration of the State fish and wildlife agency.
- (3) The U.S. Fish and Wildlife Service approves this grant subject to the availability of funds.
- (4) Equipment purchased with grant funds must be used to meet grant objectives during and after the grant period. When equipment is not needed or no longer useful for its original purpose, it may be used

for other Wildlife and Sport Fish Restoration (WSFR) program grants. If equipment with a current market value over \$5,000 is not needed or useful for other WSFR program grants, it may be used for other fish and wildlife agency purposes. If it is no longer useful to the State fish and wildlife agency, it may be transferred or sold, and the awarding agency reimbursed its proportionate share of the current market value or purchase price, respectively. The reimbursement may be treated as program income both during and after the grant period within which the equipment was purchased. When the equipment has reached the end of its useful life, or its value is less than \$5,000, it may be disposed of in accordance with State laws and procedures. The current status of the equipment and anticipated use or disposition of the equipment during its expected useful life must be described in the final performance report.

**Payments:**

Your organization has completed enrollment in U.S. Treasury’s Automated Standard Application for Payment (ASAP) system. When requesting payment in ASAP, your Payment Requestor will be required to enter an Account ID. The Award Number assigned to this award is the partial Account ID in ASAP. When entering the Account ID in ASAP, the Payment Requestor should enter the Award Number identified in the subject line on this Notice of Award followed by a percent sign (%). Refer to the ASAP.gov Help menu for detailed instructions on requesting payments in ASAP.

**Reporting Requirements:**

**Financial and Performance Reporting Requirements:**

Annual interim financial and performance reports and final financial and performance reports are required under this award. The report periods and due dates under this award are:

<b>Report:</b>	<b>Report Period End Date:</b>	<b>Report Due Date:</b>
Interim financial & performance	03/31/2016	06/29/2016
Interim financial & performance	03/31/2017	06/29/2017
Interim financial & performance	03/31/2018	06/29/2018
Interim financial & performance	03/31/2019	06/29/2019
Final financial & performance	03/31/2020	06/29/2020

Recipients must use the SF 425, *Federal Financial Report* form for all financial reporting. This form is available at [http://www.whitehouse.gov/omb/grants\\_forms/](http://www.whitehouse.gov/omb/grants_forms/).

Performance reports must contain: (1) a comparison of actual accomplishments with the goals and objectives of the award as detailed in the approved scope of work; (2) a description of reasons why established goals were not met, if appropriate; and (3) any other pertinent information relevant to the project results. Please include the Service award number provided in the subject line of this letter on all reports.

Financial and performance reporting due dates may be extended one time only for a maximum of 90 days by the Service upon receipt of a written request addressed to the Chief, Division of Wildlife and Sport Fish Restoration (WSFR), and sent to [FW5fareports@fws.gov](mailto:FW5fareports@fws.gov), identifying the type of report to be extended, the requested revised due date, and a justification for the extension. The Chief, WSFR may approve an additional extension if justified by a catastrophe that significantly impairs the recipient’s

operations. Requests for reporting due date extensions must be received by the Service no later than one calendar day before the original reporting due date.

**Significant Developments Reports (see 2 CFR 200.328(d)):**

Events may occur between the scheduled performance reporting dates that have significant impact upon the supported activity. In such cases, notify the Service Project Officer in writing as soon as the following types of conditions become known:

- Problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance needed to resolve the situation.
- Favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

All reports must be addressed to the Service Project Officer and sent to [FW5fareports@fws.gov](mailto:FW5fareports@fws.gov).

**Conflict of Interest Disclosures:**

Recipients are responsible for notifying the Service Project Officer in writing of any actual or potential conflicts of interest that may arise during the life of this award. Conflicts of interest include any relationship or matter which might place the Recipient, the Recipient's employees, or the Recipient's subrecipients in a position of conflict, real or apparent, between their responsibilities under this award and any other outside interests. Conflicts of interest may also include, but are not limited to, direct or indirect financial interests, close personal relationships, positions of trust in outside organizations, consideration of future employment arrangements with a different organization, or decision-making affecting the award that would cause a reasonable person with knowledge of the relevant facts to question the impartiality of the Recipient, the Recipient's employees, or the Recipient's subrecipients in the matter. Upon receipt of such a notice, the Service Project Officer in consultation with their Ethics Counselor will determine if a conflict of interest exists and, if so, if there are any possible actions to be taken by the Recipient, the Recipient's employee(s), or the Recipient's subrecipient(s) that could reduce or resolve the conflict. Failure to resolve conflicts of interest in a manner that satisfies the Service may result in any of the remedies described in 2 CFR 200.338, Remedies for Noncompliance, including termination of this award.

**Other Mandatory Disclosures:**

Recipients and their subrecipients must disclose, in a timely manner, in writing to the Service or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting this award. Failure to make required disclosures can result in any of the remedies described in 2 CFR 200.338, Remedies for noncompliance, including suspension or debarment (See 2 CFR 200.113, 2 CFR Part 180, and 31 U.S.C. 3321).

**Project/Program Plan and Budget Revisions:**

Recipients are required to report deviations from budget or project scope or objective, and request prior approvals for budget and program plan revisions in accordance with 2 CFR 200.308 unless otherwise specifically waived in this award.

**Performance Period Extensions:**

If additional time is needed to complete the approved project(s), you must submit an SF-424, Application for Federal Assistance and a justification for this revision to the Service at [FW5fareports@fws.gov](mailto:FW5fareports@fws.gov). The SF-424 and justification must be received by the Service at least one calendar day before the authorized grant period end date, and must include supporting reasons for this revision and a revised end date.

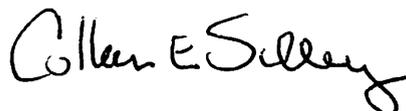

Extensions for time cannot be authorized for the purpose of spending an unused balance of funds that remains after the approved project activities have been completed.

**Project Contacts:**

<b>The Service Project Officer for this award is:</b>	<b>The Recipient Project Officer for this award is:</b>
Jen Stone 413-253-8295 jen_stone@fws.gov	Steve Hurst 518-402-8988 steve.hurst@dec.ny.gov

Please contact Jen Stone with any questions. Please include the Service award number provided in the subject line of this letter in all written communications.

Sincerely,

Colleen E. Sculley  
Chief, Division of Wildlife  
and Sport Fish Restoration

**THIS PAGE LEFT INTENTIONALLY BLANK**

# TAB 8

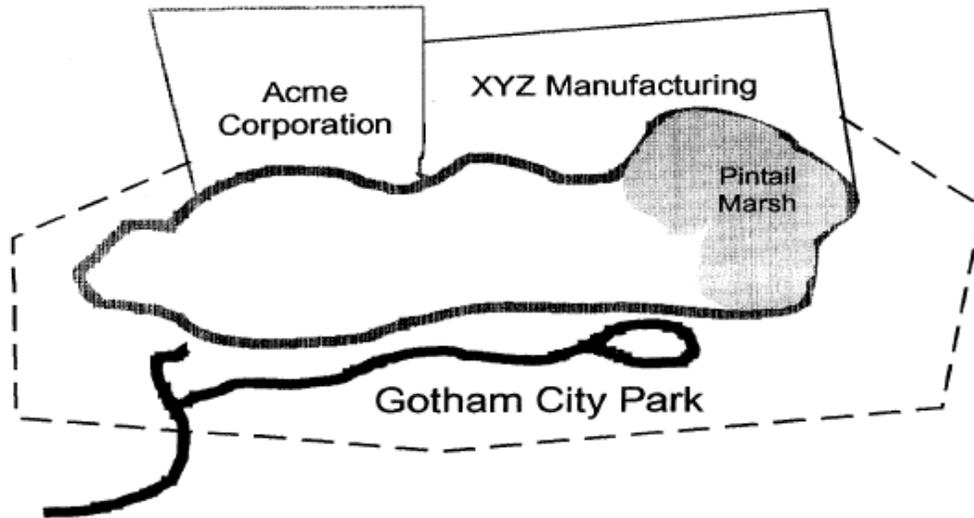

## **Objectives:**

1. Complete a grant application package and check performance against answer form.
2. Prepare a project statement that meets the minimum requirements outlined in the Fish & Wildlife Service Manual.
3. Prepare a list of the required supporting documents to include in the grant application package.
4. Review grant application package of another team to determine if all information and documentation is included, if the project is eligible, substantial in character and design, and approvable.

## **Handouts:**

- 8-1 Batwing Lake Project Statement Template
- 8-3 SF 424 Application for Federal Assistance
- 8-9 Batwing Lake General Compliance
- 8-11 Batwing Lake Document Review Checklist

## Batwing Lake

### Batwing Lake Scenario

Batwing Lake in Gotham City was once a popular place to fish in the city. Over time the 50 acre warm-water fishery has degraded due to turbidity and the abundance of carp. Recreational anglers complain about not being able to catch any largemouth bass and the Penguin complains that the water is too warm.

Unfortunately a number of problems are preventing the majority of city residents from using the fishery. One side of the lake's shoreline is owned by two industries, which do not allow public access. The rest of the lake is accessible through Gotham City Park on the other end. The shoreline is marshy and shallow at the upper end.

Recently the city conducted a use survey. The survey results showed a majority of the fishing is now done by a number of the city's ethnic groups as well as the poor.

Gotham's newly elected Mayor, Eileen N. Topolitiks, has contacted your agency and asked for assistance in improving this urban recreation site. Your agency is interested in improving sport fishing and increasing recreational use of the fishery.

## Preparing the Batwing Lake Fisheries Improvement Grant Documents

### Instructions:

After discussing all the issues, your agency has decided to seek a grant to improve the fishery by drawing the lake down, applying rotenone to the existing fish population, and restocking.

Using 50 CFR 80.82 as a reference, write a project statement and complete the grant application package for the Batwing Lake Fisheries Improvement Grant using **Handouts 8-1, 8-3 and 8-9**.

*To keep this exercise short and simple, you may **NOT** use additional sheets to write your project statement.*

### Miscellaneous Grant Facts

Grant # F-007-1

Total cost of the project: \$150,000 Federal Funds

Catalog of Domestic Assistance #15.605 (Sport Fish Restoration)

Title: Batwing Lake Restoration

Authorized Representative: Doris L. Fishfinn

### Learning Points

- ✓ It is the grantee's responsibility to complete and submit all necessary documents.
- ✓ It is the responsibility of the regional office staff to review and approve grants.
- ✓ Agency decision making process should include public input from affected groups, biological and socio-economic surveys or other research data.
- ✓ Check with the WSFR office and your peers if you need technical assistance. Ask questions early.
- ✓ Read, understand and follow guidelines.

# Project Statement Template

## Need:

What is the conservation issue, problem or opportunity? Why is your agency doing this? Reference any supporting evidence. What is the Null Alternative? When you think you have identified the need (i.e. build a boat ramp)... ground truth it by asking why you need to build it?

---

---

---

---

---

---

---

## Objectives:

1. (Action verb?) \_\_\_\_\_ (how many?) \_\_\_\_\_  
(who or what?) \_\_\_\_\_ (by when?) \_\_\_\_\_

2. (Action verb?) \_\_\_\_\_ (how many?) \_\_\_\_\_  
(who or what?) \_\_\_\_\_ (by when?) \_\_\_\_\_

## Approach:

Describe the specific conservation actions or efforts necessary to accomplish project objectives. Include specific management actions that will be taken that require compliance with NEPA, Sec 7 and NHPA

Action #1 (which project objective does this address?) # \_\_\_\_\_

- Level 1 Action Category: \_\_\_\_\_
- Level 2 Action Strategy: \_\_\_\_\_
- Level 3 Action Activity: \_\_\_\_\_

Provide a brief narrative description of the action \_\_\_\_\_

---

Action #2 (which project objective does this address?) # \_\_\_\_\_

- Level 1 Action Category: \_\_\_\_\_
- Level 2 Action Strategy: \_\_\_\_\_
- Level 3 Action Activity: \_\_\_\_\_

Provide a brief narrative description of the action \_\_\_\_\_

\_\_\_\_\_

Name principal investigator if a research project \_\_\_\_\_

Include essential equipment purchases information \_\_\_\_\_

\_\_\_\_\_

### **Expected Results and Benefits**

List the benefit to the:

Resource \_\_\_\_\_

User \_\_\_\_\_

Economy \_\_\_\_\_

Society \_\_\_\_\_

### **Budget Narrative:**

List costs by Project and Subaccount. List and describe all funding sources including Federal, State and private amounts and the type of match including cash, bargain sale and in-kind services.

Version 02

**\* Applicant Federal Debt Delinquency Explanation**

The following field should contain an explanation if the Applicant organization is delinquent on any Federal Debt. Maximum number of characters that can be entered is 4,000. Try and avoid extra spaces and carriage returns to maximize the availability of space.

**INSTRUCTIONS FOR THE SF-424**

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0043), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

This is a standard form (including the continuation sheet) required for use as a cover sheet for submission of preapplications and applications and related information under discretionary programs. Some of the items are required and some are optional at the discretion of the applicant or the Federal agency (agency). Required items are identified with an asterisk on the form and are specified in the instructions below. In addition to the instructions provided below, applicants must consult agency instructions to determine specific requirements.

Item	Entry:	Item	Entry:						
1.	<b>Type of Submission:</b> (Required): Select one type of submission in accordance with agency instructions. <ul style="list-style-type: none"> <li>• Preapplication</li> <li>• Application</li> <li>• Changed/Corrected Application – If requested by the agency, check if this submission is to change or correct a previously submitted application. Unless requested by the agency, applicants may not use this to submit changes after the closing date.</li> </ul>	10.	<b>Name Of Federal Agency:</b> (Required) Enter the name of the Federal agency from which assistance is being requested with this application.						
		11.	<b>Catalog Of Federal Domestic Assistance Number/Title:</b> Enter the Catalog of Federal Domestic Assistance number and title of the program under which assistance is requested, as found in the program announcement, if applicable.						
2.	<b>Type of Application:</b> (Required) Select one type of application in accordance with agency instructions. <ul style="list-style-type: none"> <li>• New – An application that is being submitted to an agency for the first time.</li> <li>• Continuation - An extension for an additional funding/budget period for a project with a projected completion date. This can include renewals.</li> <li>• Revision - Any change in the Federal Government’s financial obligation or contingent liability from an existing obligation. If a revision, enter the appropriate letter(s). More than one may be selected. If "Other" is selected, please specify in text box provided.                             <table style="width: 100%; border: none;"> <tr> <td style="width: 50%;">A. Increase Award</td> <td style="width: 50%;">B. Decrease Award</td> </tr> <tr> <td>C. Increase Duration</td> <td>D. Decrease Duration</td> </tr> <tr> <td colspan="2">E. Other (specify)</td> </tr> </table> </li> </ul>	A. Increase Award	B. Decrease Award	C. Increase Duration	D. Decrease Duration	E. Other (specify)		12.	<b>Funding Opportunity Number/Title:</b> (Required) Enter the Funding Opportunity Number and title of the opportunity under which assistance is requested, as found in the program announcement.
		A. Increase Award	B. Decrease Award						
		C. Increase Duration	D. Decrease Duration						
E. Other (specify)									
13.	<b>Competition Identification Number/Title:</b> Enter the Competition Identification Number and title of the competition under which assistance is requested, if applicable.								
14.	<b>Areas Affected By Project:</b> List the areas or entities using the categories (e.g., cities, counties, states, etc.) specified in agency instructions. Use the continuation sheet to enter additional areas, if needed.								
3.	<b>Date Received:</b> Leave this field blank. This date will be assigned by the Federal agency.	15.	<b>Descriptive Title of Applicant’s Project:</b> (Required) Enter a brief descriptive title of the project. If appropriate, attach a map showing project location (e.g., construction or real property projects). For preapplications, attach a summary description of the project.						
4.	<b>Applicant Identifier:</b> Enter the entity identifier assigned by the Federal agency, if any, or the applicant’s control number if applicable.								
5a.	<b>Federal Entity Identifier:</b> Enter the number assigned to your organization by the Federal Agency, if any.								
5b.	<b>Federal Award Identifier:</b> For new applications leave blank. For a continuation or revision to an existing award, enter the previously assigned Federal award identifier number. If a changed/corrected application, enter the Federal Identifier in accordance with agency instructions.								
6.	<b>Date Received by State:</b> Leave this field blank. This date will be assigned by the State, if applicable.	16.	<b>Congressional Districts Of:</b> (Required) 16a. Enter the applicant’s Congressional District, and 16b. Enter all District(s) affected by the program or project. Enter in the format: 2 characters State Abbreviation – 3 characters District Number, e.g., CA-005 for California 5 <sup>th</sup> district, CA-012 for California 12 <sup>th</sup> district, NC-103 for North Carolina’s 103 <sup>rd</sup> district. • If all congressional districts in a state are affected, enter “all” for the district number, e.g., MD-all for all congressional districts in Maryland. • If nationwide, i.e. all districts within all states are affected, enter US-all. • If the program/project is outside the US, enter 00-000.						
7.	<b>State Application Identifier:</b> Leave this field blank. This identifier will be assigned by the State, if applicable.								
8.	<b>Applicant Information:</b> Enter the following in accordance with agency instructions:								
	<b>a. Legal Name:</b> (Required): Enter the legal name of applicant that will undertake the assistance activity. This is that the organization has registered with the Central Contractor Registry. Information on registering with CCR may be obtained by visiting the <a href="http://Grants.gov">Grants.gov</a> website.	17.	<b>Proposed Project Start and End Dates:</b> (Required) Enter the proposed start date and end date of the project.						
	<b>b. Employer/Taxpayer Number (EIN/TIN):</b> (Required): Enter the Employer or Taxpayer Identification Number (EIN or TIN) as assigned by the Internal Revenue Service. If your organization is not in the US, enter 44-4444444.	18.	<b>Estimated Funding:</b> (Required) Enter the amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines, as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses.						

	<p><b>c. Organizational DUNS:</b> (Required) Enter the organization's DUNS or DUNS+4 number received from Dun and Bradstreet. Information on obtaining a DUNS number may be obtained by visiting the Grants.gov website.</p>	19.	<p><b>Is Application Subject to Review by State Under Executive Order 12372 Process?</b> Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process. Select the appropriate box. If "a." is selected, enter the date the application was submitted to the State.</p>																								
	<p><b>d. Address:</b> Enter the complete address as follows: Street address (Line 1 required), City (Required), County, State (Required, if country is US), Province, Country (Required), Zip/Postal Code (Required, if country is US).</p>	20.	<p><b>Is the Applicant Delinquent on any Federal Debt?</b> (Required) Select the appropriate box. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes. If yes, include an explanation on the continuation sheet.</p>																								
	<p><b>e. Organizational Unit:</b> Enter the name of the primary organizational unit (and department or division, (if applicable) that will undertake the assistance activity, if applicable.</p> <p><b>f. Name and contact information of person to be contacted on matters involving this applicat</b> (required), organizational affiliation (if affiliated with an organization other <b>on:</b> Enter the name (First and last name than the applicant organization), telephone number (Required), fax number, and email address (Required) of the person to contact on matters related to this application.</p>	21.	<p><b>Authorized Representative:</b> (Required) To be signed and dated by the authorized representative of the applicant organization. Enter the name (First and last name required) title (Required), telephone number (Required), fax number, and email address (Required) of the person authorized to sign for the applicant. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain Federal agencies may require that this authorization be submitted as part of the application.)</p>																								
9.	<p>Type of Applicant: (Required) Select up to three applicant type(s) in accordance with agency instructions.</p> <table border="0" data-bbox="134 846 894 1432"> <tr> <td data-bbox="134 846 537 873">A. **Batwing Lake Practical Exercise  
General Compliance Issues to Consider**

Statement of Assurances – may be submitted annually for all WR/SFR/SWG grants.

Lobbying disclosure if necessary.

State Clearinghouse letter attached, project submitted, exempt or cleared with appropriate State and local agencies.

NEPA-categorical exclusion, ES or EIS attached (include contaminants) information included in project statement.

State Historic Preservation Office (SHPO) clearance attached or not required because:\_\_\_\_\_.

Endangered/threatened candidate species information included in project statement.

U.S. Army Corps of Engineers Permit included or not required because \_\_\_\_\_ (wetlands, tidelands or navigable waters impacted from project?)

Handicap accessibility built into project or program or not incorporated because:\_\_\_\_\_.

Other compliance issues that should be considered:

**THIS PAGE LEFT INTENTIONALLY BLANK**

### Batwing Lake Document Review Checklist

- Y  N  Is the Form 424 (Application for Federal Assistance) filled out correctly?
- Y  N  Is the project statement/narrative comprehensive in the need, objectives, expected results & benefits?
- Y  N  Do the objectives relate to the need? Are the objectives measurable?
- Y  N  Is the approach scientifically sound? Does it include enough information to make compliance determinations? Is it TRACS ready?
- Y  N  Is the project substantial in character and design?
- Y  N  Do the costs correspond with the estimated funding shown on the SF-424?
- Y  N  Do the dates on the form correspond?
- Y  N  Can you approve this grant application? If not, why? What Revisions are needed to make it approvable?

# TAB 9

## Post Award: Implementing, Managing, and Monitoring the Grant Award

### Objectives:

1. Identify and explain activities involved in implementing, managing, and monitoring grant awards.
2. Describe the communication needed and people involved during the grant implementation and management phase.
3. Explain the importance of monitoring during the grant period and what should be monitored.
4. Describe ways to monitor and evaluate the grant.
5. Describe the Federal Funding Accountability and Transparency Act and the Digital Accountability and Transparency Act requirements.
6. Determine when a grant needs to be modified and what documentation needs to be provided.
7. Identify the reporting requirements of a grant award.

### Handouts:

- 9-1 Determining Reporting Periods and Due Dates
- 9-2 Examples of Reporting Periods and Due Dates
- 9-3 Income Determination Flowchart
- 9-5 Sample Volunteer Timesheet
- 9-7 Sample TRACS Performance Report

## Grant Implementation

Once an Application for Federal Assistance is approved and the Notice of Award is received by the grantee, what are the actions and/or activities that take place and who is involved?

### Receipt of the Notice of Award

- Review the letter for its accuracy (this is a legal document).
  - Understanding the terms and conditions, as well as any special terms and conditions.
  - Make note of the reporting deadlines.
  - Disseminate copies of the letter to Project Leaders and Fiscal staff.
- 
- 
- 

### Establish Accounting to Manage and Monitor the Grant Award

- Accounting/tracking codes for federal funds and matching funds.
  - In-kind documentation/valuation, as well as state process for reporting.
  - Inventory for real and personal property.
  - Obligate federal funds.
  - Program income documentation and disposition.
  - Financial/Performance reporting due dates.
  - Drawdowns (reimbursement of funds).
- 
- 
- 

### Establish Measures to Manage and Monitor Grant Performance

- Work schedules
  - Purchasing
  - Salaries
  - Contract services or subgrants
  - Milestones
  - Accomplishment reporting due dates
  - Conduct site visits and communicate with staff
- 
- 
-

**Exercise: Cost Principles**

Answer the questions below using 2 CFR 200 “Uniform Grant Guidance.” Cite your references.

1. Describe what is discussed in each of the references below concerning the composition of a cost?

- a. 2 CFR 200.403                      Factors affecting the allowability of costs.
- b. 2 CFR 200.404                      Reasonable costs.
- c. 2 CFR 200.405                      Allocable costs.

2. In your own words, list 2 CFR 200.403 Factors Affecting Allowability of Costs (Try keeping each factor to eight words or less).

- Necessary and reasonable for the performance of the Federal award, and be allocable.
- Conform to any limitations or exclusions set forth in these principles or in the Federal award.
- Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Conform with GAAP.
- Not be included as a cost or cost sharing or match requirements of any other federally-financed program.
- Be adequately documented.
- 
- 
-

**Exercise: Cost Principles cont'd**

3. Can a State charge to a grant the cost of posting a job position on a job recruitment website?  
Yes. See 2 CFR 200.463.  
As long as the position is Necessary and Reasonable for the completion of the purpose for which the Federal award was approved.
4. Can state agencies charge salaries and wages of its employees? If so, what are the requirements?  
Yes. See 2 CFR 200.430.  
Must be reasonable; Follows laws/policies and meets Fed statute;  
Documented and supported like other allowable costs.
5. May a state agency charge travel costs to their federal financial assistance award?  
Yes. See 2 CFR 200.474.  
Can use actual cost basis; per diem or mileage basis; or combination of both, provided method is applied to entire trip and not select days.
6. Can a state agency charge the use of their equipment to a grant?  
Yes. See 2 CFR 200.436 for depreciation. Acceptable methods include:  
Direct cost; Recipient usage rates; or Adopt State DOT/Highways usage rate. CAN NOT USE FEMA RATES!
7. Can a state agency meet their match requirements from volunteers donating time to the project? If so, what are the requirements for valuing the donation and what documentation is required?  
Yes. See 2 CFR 200.306. Must be: (1) Verifiable in records; (2) Not part of another Federal award; (3) Necessary/Reasonable; (4) Allowable; (5) Not paid for with other Federal funds; (6) Approved in budget.  
Grantees should document using similar methods used to document its own personnel costs (i.e.timesheets).

## Exercise: Managing and Monitoring an Approved Grant

1. How do you know if funds have been obligated to a grant and who is responsible for obligating the funds?

Check in FBMS/ASAP, call RO. Will review FBMS reports during debrief.

RO does the actual obligation but should be communicating with State to determine amount of obligation and timing.

2. How and when do we receive the actual federal funds for grant expenditures? Explain.

Program is reimbursement. State accountants perform drawdowns using

ASAP according to State schedule. Funds electronically deposited

to State's bank usually next day (requires initial setup). State accountant

is responsible for requesting reimbursement, sometimes this is performed

at the agency level. Monitored using FBMS, ASAP, RO fiscal staff.

3. Are costs incurred prior the start date of a grant allowable?

No. Pre-award costs must have been documented and requested in grant application package and must be approved in award.

Pre-award costs may include activities for planning & development, surveys

plans, appraisals, etc. If not specifically approved costs incurred prior to

effective grant date cannot be charged to grant.

522 FW 1.11B (2), 522 FW 16.

## Federal Funding Accountability and Transparency Act of 2006 (FFATA)

Purpose: “The intent is to empower every American with the ability to hold the government accounting for each spending decision... and help to reduce wasteful spending in the government.” (FFATA website)

The Act requires information from Federal awards and contracts be made available to the public through a single, searchable website: ([www.USAspending.gov](http://www.USAspending.gov)).

As of October 1, 2010, federal agencies are required to report on all new awards and prime award recipients are required to report new first tier subawards  $\geq$  \$25,000. This applies to the following scenarios:

- Initial awards that meet or exceed \$25,000.
- Award revisions that increase the initial award to \$25,000 or greater.
- Awards initially meeting or exceeding \$25,000 but are later reduced below \$25,000.

Reporting must be done by the end of the month **following** the month of award obligation.

FFATA requires that prime award recipients report the names and total compensation of the five most highly compensated officers of a prime or sub-awardee entity if:

1. Executives received 80% or more of the entities annual gross revenues in Federal awards; and
2. Annual gross revenues meet or exceed \$25,000,000 from Federal awards; and
3. The public does not have access to this information via the SEC.

Reporting exemptions apply to the following:

- Individuals unrelated to any business or nonprofit organization.
- Any entity with less than \$300K from the previous tax year’s gross income.
- Reporting that would disclose classified information.
- Awards under the Recovery Act.

## Reporting of Subawards

Prime awardees report on their eligible subawards using the Federal Funding Accountability and Transparency Act Federal Subaward Reporting System (FSRS) at [www.fsrs.gov](http://www.fsrs.gov). Data fields include:

- Name of entity
- Amount of award
- Funding agency
- CFDA
- Program source
- Award descriptive title
- Location of entity and place of performance
- Entity's unique identifier and its parent
- Executive compensation (if thresholds are met)

Subawardees do not report in FSRS, it is the Prime Awardee's responsibility!

States have been issued audit findings for failure to report on their eligible subawards under FFATA.

Resources for Prime Awardees Related to FSRS:

(1) FSRS Award User Guide

[www.fsrs.gov/documents/FSRS\\_Awardee\\_User\\_Guide.pdf](http://www.fsrs.gov/documents/FSRS_Awardee_User_Guide.pdf)

(2) FSRS Awardee User Demonstration

[www.fsrs.gov/documents/FSRS\\_Awardee\\_User\\_Demonstration.mp4](http://www.fsrs.gov/documents/FSRS_Awardee_User_Demonstration.mp4)

## Digital Accountability and Transparency Act (DATA) - 2014

Purpose: *Require the Department of Treasury, in partnership with OMB, to establish common standards for financial data provided by all government agencies into [www.USAspending.gov](http://www.USAspending.gov).*

Status: Presently testing 57 standard data elements. Once finalized, federal agencies will have two years to implement the data elements for agency-level and award-level tracking purposes.

## Recipient Integrity and Performance Matters

As a result of Section 872 of the Duncan Hunter National Defense Authorization Act of 2009, Appendix XII was added to §2 CFR 200. Requires federal awarding agencies to evaluate the integrity of nonfederal entities, affecting both pre-award and post-award processes (§2 CFR 200.205(a)(2)). Requires nonfederal entities to report on criminal, civil, and other administrative proceedings, when applicable, as part of the mandatory disclosures (§2 CFR 200.113).

The provisions of Appendix XII add to the federal awarding agencies ongoing responsibilities to reduce/mitigate high-risk awardees and prevent the improper/misuse of federal funds in contracts and financial assistance. This further emphasizes the importance that recipients should take to ensure that they comply with the terms and conditions of the award.

### Thresholds Related to Recipient Integrity and Performance

\$150,000 (Federal Share) – The Simplified Acquisition Threshold amount at which federal awarding agencies are required by §2 CFR 200.205 to review publically available information in any OMB-designated integrity and performance system accessible through SAM (presently this is the **Federal Awardee Performance and Integrity Information System – FAPIIS**).

\$500,000 (Federal Share) – The amount of the total federal share of a federal award over the period of performance at which the federal awarding agency must incorporate Appendix XII in the terms and conditions of the financial assistance award.

\$10,000,000 (Federal Share) – The amount of total combined federal awards received by a nonfederal entity that would require the entity to report on information concerning criminal, civil, and other administrative proceedings, as outlined in §2 CFR 200 Appendix XII.

---

---

---

---

---

---

---

---

## Revising a Grant

If changes are anticipated during the post award phase, a grant revision is appropriate.

Common reasons that would require a revision to a grant:

- Addition, deletion, modification of a project objective or job.
- Change in key personnel.
- Extension of funding period.
- Increasing or decreasing Federal funds.
- Revision the rate of Federal participation.

Note: When revising a grant for the addition or modification of a project or job, compliance may need to be addressed.

For non-construction Federal awards, grantees should refer to §2 CFR 200.308(c) for program or budget-related reasons that would require prior approvals from the Federal awarding agency.

For construction Federal awards, grantees should refer to §2 CFR 200.308(g) for program or budget-related reasons that would require prior approvals from the Federal awarding agency

	<b>Modifying Grants</b>
Revisions	2 CFR 200.308 / 50 CFR 80.150

## Reporting Requirements

### Federal Financial Report (FFR)

- SF-425 Form (OMB approved).
- Hard copy, electronic, scanned, fax, or email.
- Signature of authorized representative (may be electronic).

### Performance Report

- No standard or printed form.
- Must contain required information (§2 CFR 200.328).
- Hard copy, electronic, scanned, fax, or email.
- Must be received from the grantee or authorized representative of the grantee.

### Frequency of Reporting Requirements

- Reports are required at least annually for all grants over one year. These are referred to as annual interim reports. WSFR must also receive a final report at the end of the grant period.
- Annual interim reports are due 90 calendars after the end of each four FULL quarters based on fiscal quarters (January 1 – March 31; April 1 – June 30; July 1 – September 30; and October 1 – December 31).
- Final reports are due 90 calendar days after the end of the period of performance.

WSFR may require reports more frequently than annually under certain circumstances. If so, this will be clearly stated in the Notice of Award.

### Extensions Related to Reporting

- Extensions may be requested for either annual interim or final reports.
- Requests must be received by WSFR in writing, letter, fax, or email.
- Requests for extensions must be received by no later than one day prior to the due date of the report.
- Requests must include a justification, the requested new due date, and the type of report affected.

### Approval of Extension Requests

- WSFR will issue an extension in writing, letter, fax, or email.
- The extension notification will include information related to non-compliance sanctions that may be imposed with the report is received by the requested due date.
- WSFR may approve one extension up to 90 days.

**Remedies for Non-Compliance (Penalty Box)**

If the report is not received by the required due date:

- Within 30 calendar days, WSFR will notify the grantee that the reporting due date has passed and inform the grantee that they are in non-compliance with the terms and conditions of the grant.
- WSFR will require that the overdue report must be received within 10 calendar days of the grantee’s receipt of the non-compliance letter.
- If WSFR does not receive the overdue report, no further payments will be made and the grant award will be suspended.

If the report is still not received within 10 calendar days:

- WSFR will notify the grantee in writing that the report still has not been received and the grant award has been suspended and no further payments will be made.
- WSFR will require that the overdue report must be received within 30 calendar days of the grantee’s receipt of this second non-compliance letter.
- If WSFR does not receive the overdue report, the grant award will be terminated and all future awards will be withheld from the grant program.

If the report is still not received within 30 calendar days:

- WSFR will notify the grantee in writing that the report still has not been received and the grant award is terminated and all future awards will be withheld from the grant program.

	<b>Guidance/Policy</b>
Financial Reporting	516 FW 1
Performance Reporting	516 FW 2

## Performance Reports

There is no standard report format, but specific information is required. Information in your performance report must “connect” back to the originally approved project statement.

Performance reports must contain, for each grant award, brief information on the following (§2 CFR 200.328):

- A comparison of actual accomplishments compared to what was stated in your objectives.
- The reason for slippage, if established objectives were not met. Reasons why objectives may not have been met: (1) weather; (2) delayed permits; (3) contractor issues; (4) budgets; (5) cost changes; (6) changes in personnel.
- Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs. Additional information may also include photos, brochures, supporting information.
- Any other information relating to the specific project type.

## TRACS Performance Reports

Actions created in TRACS are managed and monitored through a workflow process. At the end of the reporting period the progress of Actions are entered and a pdf Performance Report is generated by TRACS for each project. TRACS will submit the Performance Report to WSFR.

- Actions (approaches) are created any time during or after the post-award phase.
- Accomplishment reporting now occurs at the action level.
- Submit the performance report using the TRACS system.

Grantees should understand that the TRACS performance report is designed to meet the Federal reporting requirements and may not necessarily meet your individual State reporting requirements/purposes.

## Learning Points

- ✓ Effective communication is essential to successfully implementing a Federal Assistance grant.
- ✓ Grants require managing and monitoring fiscal, program and compliance concerns throughout process.
- ✓ Anticipated changes as a result of managing and monitoring grant awards may require modifying or amending the grant.
- ✓ Financial and Performance reports are due 90 days after the grant period or annually depending on award period.
- ✓ There are negative consequences for not complying with reporting requirements.
- ✓ Grantees must have adequate financial management systems to account for grant funds. (2 CFR 200.300-303).

## Determining the Reporting Periods and Due Dates Reports

<b>Funding Period Effective Date</b>	<b>Annual Interim Report End Effective Date</b>	<b>Annual Interim Report Due Dates</b>
January 1	December 31	March 31
January 2- March 31	March 31	June 29
April 1	March 31	June 29
April 2- June 30	June 30	September 28
July 1	June 30	September 28
July 2- September 30	September 30	December 29
October 1	September 30	December 29
October 2 – December 31	December 31	March 31

### Examples of Reporting Periods and Report Due Dates

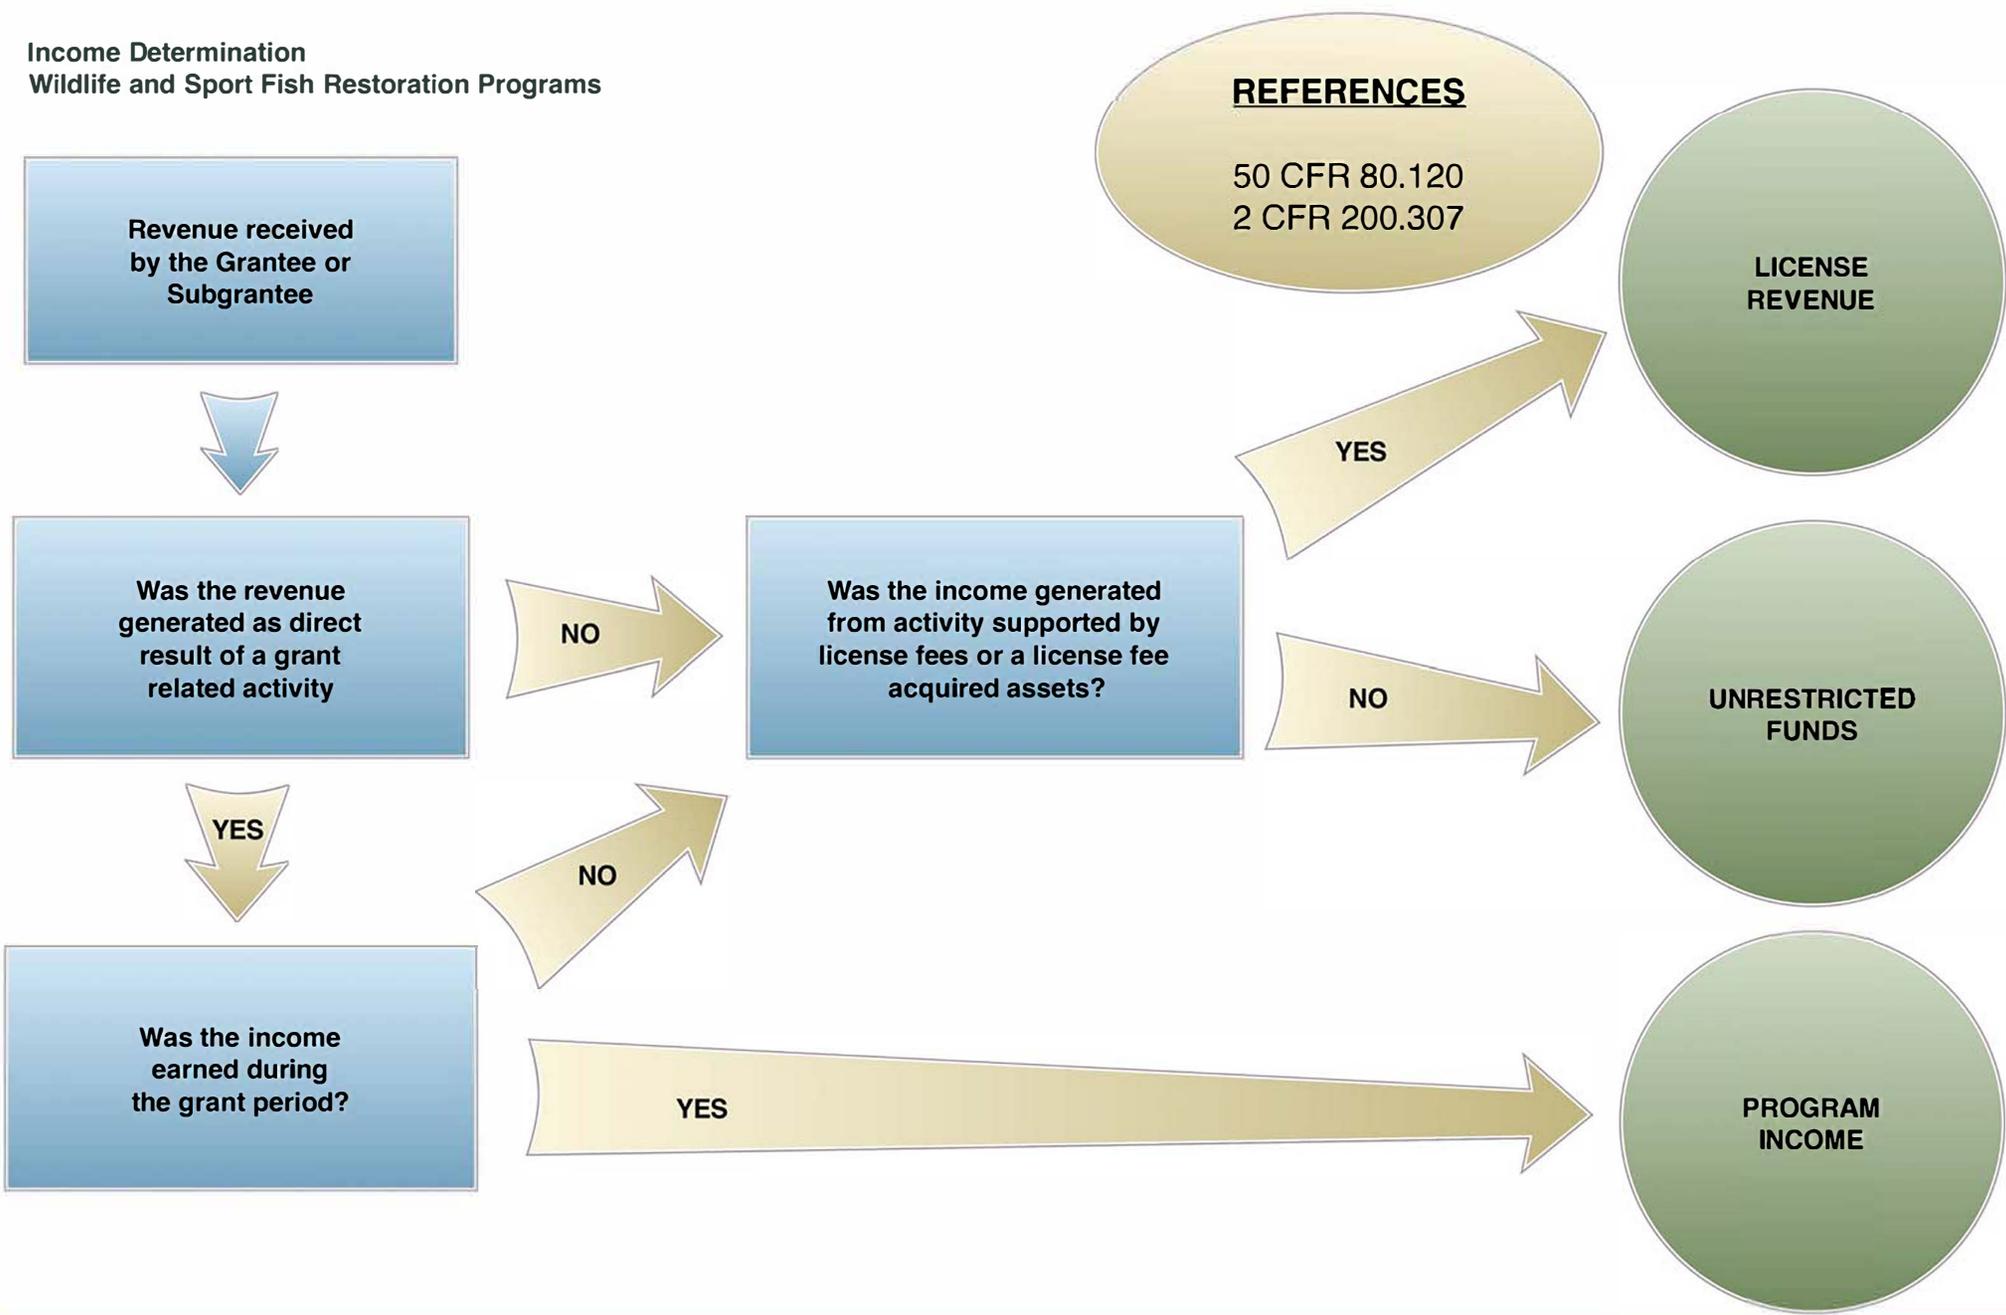

Award Funding Period		Length of Award	First Annual Interim Reporting Period	First Annual Interim Report Due Date	Subsequent Annual Interim Reporting Periods	Subsequent Annual Interim Report Due Dates	Final Report Due Date
Award Start Date	Award End Date						
4/1/2009	3/31/2010	12 Months	Not Required	Not Required	Not Required	Not Required	6/29/2010
4/2/2009	6/30/2010	Almost 15 Months	Not Required	Not Required (See Note 1)	Not Required	Not Required	9/28/2010
4/1/2009	6/30/2010	15 Months	4/1/2009-3/31/2010	06/28/2010	Not Required	Not Required	9/28/2010 (See Note 2)
4/2/2009	9/30/2010	Almost 18 Months	4/2/2009-6/30/2010	9/28/2010	Not Required	Not Required	12/29/2010 (See Note 2)
4/2/2009	6/30/2011	Almost 27 Months	4/2/2009-6/30/2010	9/28/2010	Not Required	Not Required	9/28/2011
4/1/2009	9/30/2011	30 Months	4/1/2009-3/31/2010	6/28/2010	4/1/2010-3/31/2011	06/28/2011	12/29/2011
4/2/2009	9/30/2011	Almost 30 Months	4/2/2009-6/30/2010	9/28/2010	7/1/2010-6/30/2011	9/28/2011 (See Note 2)	12/29/2011 (See Note 2)

**NOTES:**

1 – An Annual Interim Report is not required until the award period contains 4 full quarters. In the example, the award start date of April 2<sup>nd</sup> prevents the 1<sup>st</sup> quarter from being a full quarter (short by 1 day).

2 - Grantees may submit the Final Report by the Annual Interim Report due date to avoid submitting both an Annual Interim and Final Report.

**Income Determination  
Wildlife and Sport Fish Restoration Programs**

**Real Property** - Proceeds from the disposal of real property are not program income. Proceeds from the disposal of real property must be returned to the applicable program. Consult the FWS Regional Office for instructions. Disposal of real property requires prior approval from the FWS (50 CFR 80.137).

**Barter Transactions** - The exchange of goods or services for other goods or services without the use of cash. Barter transactions are to handled in accordance with 50 CFR 80.98.

**Governmental Revenues** - Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. 2 CFR 200.307(c)

## Need Statement

The State of West Virginia (WV) has enjoyed a rich hunting heritage throughout its history. Hunting provides benefits to the WV economy, improves wildlife management in WV and provides wildlife dependent recreation. West Virginia's abundance of natural habitat, public lands and bountiful game species allows for limitless opportunities for people to participate in hunting. Unfortunately, the hunting culture in WV has resulted in unsatisfactory levels of hunting incidents. According to the National Hunter Education Association, over the last two decades the State of WV had a hunting incident rate 12% above the national average. A survey of current, former and potential new hunters, performed by State University in 2009, revealed that the number of basic hunter education courses offered annually in the State of WV was grossly inadequate to meet the demand for all potential first time hunters. The survey revealed hunter dissatisfaction over the lack of courses offered at convenient locations and times throughout the year. It is imperative that WV DNR meet the statewide demand to provide basic hunter education courses to develop safe and responsible hunters. Failure to take action to meet the demand for hunter education will result in continued unsatisfactory levels of hunting incidents and will significantly jeopardize Grace's ability to sustain a rich hunting heritage and safe hunting experience.

## Approach

Employ one full time professional and two part time staff involved in the management and oversight of the state mandated Basic Hunter Education program. Staff will develop, manage and provide support services for the ongoing operation of the state mandated Basic Hunter Education program. Responsibilities include maintenance of a reliable state-of-the-art, customer-friendly student registration and record managements system via web-based technology. Hunter education students will be able to locate and register for any hunter education class via the Internet. Volunteer instructors will be able to conveniently and efficiently manage student and course records. The Hunter Education staff will acquire training equipment, event supplies and materials to conduct above programs and activities. The Hunter Education staff will develop and implement multiple course delivery methods including instructor-led, home study and on-line courses. Courses will be added in strategic locations where demand is highest. Hunter Education staff will be responsible for the recruitment, training and recognition of at least 200 new volunteer instructors. This includes conducting a minimum of six (6) new instructor training workshops annually that provide standardized training on subjects such as: lesson plan development, records management, public speaking, learning styles & educational theory, use of teaching aids, interactive teaching methods, student evaluations, conducting skill-based training exercises, dilemma-style teaching methods, program policy and procedures, child protection and sexual harassment. To provide for the ongoing development and implementation of instructor training curricula and programs, staff will conduct at least six (6) in-service instructor training workshops for 1800 existing volunteer instructors to address ongoing and current training needs. To maintain and develop a volunteer corps, staff will develop,

acquire, distribute and maintain teaching aids, course materials, volunteer uniforms and equipment used in the recruitment, training, recognition and management of all hunter education program instructors. To maintain and develop volunteer instructor corps an incentive program for volunteer instructors will be developed and implemented whereby instructors will be presented awards based upon established performance standards, such as "number of classes taught", "number of training events attended", etc.

### **Expected Results**

- A decrease in hunting incidents below the national average.
- Customer demand for basic hunter education training fully satisfied.
- A well developed, highly skilled and trained volunteer instructor corps.
- A decrease in hunting incidents below the national average.
- Customer demand for basic hunter education training fully satisfied.
- A well developed, highly skilled and trained volunteer instructor corps.

### **General**

The proposed project activities are eligible for funding and meet criteria for substantiality in character and design under 50 CFR 80.50 (b)

### **Useful Life**

NA

### **Program Income**

None anticipated

### **Multipurpose Projects**

NA

### **Relationship with Other Grants**

Volunteer instructors once trained may be used for instructing advanced hunter education topics such as tree stand safety, turkey hunting, target shooting and archery instruction through the National Archery in the Schools (NASP) program. These courses are conducted under WSFR project W-001-E Enhanced Student Training.

### **Timeline**

- July 1-August 30, 2012- All equipment, supplies and materials procured.
- August - September 30, 2012, six volunteer instructor training courses conducted regionally.
- One in-service instructor training course and recognition event conducted bi-monthly.
- Hunter education courses and workshops conducted monthly.

### **SMART Objectives - Needs/Threats**

#### **1 - Training Needs**

Need/Threat Level            2

Level 1 Need/Threat

Recreation Needs

Description

The hunting culture in WV has resulted in unsatisfactory levels of hunting incidents. According to the National Hunter Education Association, over the last two decades, the State of WV had a hunting incident rate 12% above the national average. The number of basic hunter education courses offered annually in the State of WV was grossly inadequate to meet the demand for all potential first time hunters.

## Objectives

### Objective ID - 1

Objective Name

Basic Hunter Education Courses

Objective Statement

Conduct a minimum of 600 basic hunter education courses statewide in West Virginia through multiple delivery methods by June 30, 2013

#### Custom Quantitative Indicators

Desired Future Value	Base Value	Output	Deadline
600	0	courses	June 29, 2013

### Objective ID - 2

Objective Name

Student Certification

Objective Statement

Train and certify 18,000 students in basic hunter education by June 30, 2013

#### Standard Indicators

Desired Future Value	Base Value	Output	Deadline
18000	0	Students	June 29, 2013

### Objective ID - 3

Objective Name

Volunteer Coordination

Objective Statement

Develop and maintain the existing corps of 1800 volunteer hunter education instructors by June 30, 2013.

#### Standard Indicators

Grant Programs Hunter Ed - Enhanced

Project Statement	Estimated WSFR Federal Cost:	\$80,000
Cost Breakdown	Estimated WSFR Non-Federal Match:	\$20,000
	<b>Total Estimated Cost:</b>	<b>\$100,000</b>

Cost Breakdown Graph

### Need Statement

The State of West Virginia (WV) has enjoyed a rich hunting heritage throughout its history. Hunting provides benefits to the WV economy, improves wildlife management in WV and provides wildlife dependent recreation. West Virginia's abundance of natural habitat, public lands and bountiful game species allows for limitless opportunities for people to participate in hunting. Unfortunately, the hunting culture in WV has resulted in unsatisfactory levels of hunting incidents. According to the National Hunter Education Association, the State of WV has a hunting incident rate 12% above the national average over the last two decades. A survey of current, former and potential new hunters, performed by Grace State University in 2009, revealed that there is a lack of adequate shooting ranges in WV where hunters can develop safe shooting and gun handling skills. It is imperative that WV DNR meet the statewide demand to provide shooting facilities to develop safe and responsible hunters. Failure to take action to meet the demand for hunter education will result in continued unsatisfactory levels of hunting incidents and will significantly jeopardize WV's ability to sustain a rich hunting heritage and safe hunting experience.

### Approach

Contracts will be offered to renovate 4 existing WV DNR managed shooting ranges in the four establish geographic districts. Renovations will be to construct 3 additional (2 shotgun and 1 rifle) shooting lanes at each range. Renovations will begin in September after contracts are awarded and engineering designs have been completed and approved. Compliance reviews for NEPA, Sec 7 of the ESA and NHPA will be conducted before renovations begin.

### Expected Results

- A decrease in hunting incidents below the national average.
- Customer demand for shooting facilities fully satisfied.
- Increased access and opportunity to state managed shooting ranges
- A decrease in hunting incidents below the national average.
- Customer demand for shooting facilities fully satisfied.
- Increased access and opportunity to state managed shooting ranges

**General**

The proposed project activities are eligible for funding and meet criteria for substantiality in character and design under 50 CFR 80.50 (b)

**Useful Life**

25 years expected useful life for the new shooting lanes based on prior experience with operation and maintenance of shooting facilities.

**Program Income**

None anticipated. No range fees collected

**Multipurpose Projects**

NA

**Relationship with Other Grants**

West Virginia Basic Hunter Education W-000-E

**Timeline**

- Engineering design for range renovations completed by September 1, 2012.
- Range renovation begins September 1, 2012 and completed by April 1, 2013.

#### Properties

Status	Active
Primary Agency	WV Department of Natural Resources
Primary Contact	Ed Cator
Start Date	June 29, 2012
End Date	June 28, 2013
Is Project Sensitive?	No
Project Categories	Recreation, Administration
Action Categories	Education, Facilities and Areas (Major Renovation)

#### Project Description

Basic Hunter Education has played an important role in making West Virginia a safe place to live and enjoy its bountiful natural resources. It also is critical to the continued enjoyment of the important part of West Virginia's tradition and heritage. The Hunter Education Program is intended to impact the new hunter's knowledge, skill, attitude, behavior, and hunting incident rate. The program provides educational experiences to improve hunter-landowner relationships and acceptance of hunting by nonhunting citizens. The program also teaches students about wildlife biology, conservation, and habitat.

Hunter Education provides classes targeted to certain audiences, and provides alternative delivery methods to provide an excellent opportunity to reach non-traditional hunters and hunters with previous experience.

#### Location Details

Is Statewide Project? Yes

**TAB 10**

**Objectives:**

1. Describe the actions and documentation that initiate grant closure.
2. Determine disposition of remaining grant funds.
3. Become familiar with the dissemination of information.
4. Describe the communication and people involved in grant closure.

**Handouts:**

- None

## Grant Closure Process

### The Grantee/State must submit a:

1. **Final Drawdown** (request for reimbursement)
2. **Performance Report** (a final report if closing out a research grant)
3. **Federal Financial Report** (SF-425)

A final drawdown should be made through ASAP to request reimbursement for federal share of grant expenditures.

The performance and financial reports are due to the Regional Wildlife and Sport Fish Restoration Program Office within 90 days after the grant's ending date. If these reports cannot be provided within the 90 day period, a written request for an extension must be submitted prior to the deadline.

### The Regional Wildlife and Sport Fish Restoration Program Office is responsible for:

1. **Monitoring State accomplishments** (performance reports, site visits, etc.)
2. **Processing the Federal Financial Report** (SF-425)
3. **Updating FBMS**

Federal staff reviews and accepts the closure documentation. Information is entered into the Federal Business Management System (FBMS).

## **Closure and Disposition of Remaining Funds**

Submission and acceptance of the final Federal Financial Form (SF-425) closes the grant award and denotes disposition of the remaining balance on the award (unused balance of grant funds). The grant award is closed financially.

The unused balance may be returned to the grantee, reverted back to the program or used for other purposes depending on the established rules and regulations for each specific grant program.

Typically for competitive grant programs, funds are only available until the end of the grant award. Remaining unused funds are lost to the grantee. Depending on the grant program and age of the funds, the funds are returned to the grant program to be distributed in the subsequent year or returned to be used in other Federal programs.

Remaining funds on grants funded with Enhanced Hunter Education (Section 10 - \$8 million set aside) older than 1 year are lost to the grantee and apportioned in the subsequent year as Wildlife Restoration funds to grantees meeting guidelines for use of Hunter Education funds.

Funds remaining on grants funded with Wildlife Restoration, Sport Fish Restoration and State Wildlife Grant Programs are returned (recovered) to the grantee to be re-obligated on subsequent grants if funds do not exceed their established safety margin for each grant program. Funds exceeding the safety margin are reverted and lost to the grantee.

Reverted Wildlife Restoration Program funds are returned to U.S. Fish and Wildlife Service to be used in the Migratory Bird Program. Reverted Sport Fish Restoration funds are re-apportioned for Sport Fish Restoration Program in subsequent year.

## What are Safety Margins?

Safety margins are used only for Sport Fish Restoration, Boating Access, Wildlife Restoration and State Wildlife Grant Programs. Sport Fish Restoration includes freshwater, marine and aquatic education. Wildlife Restoration includes hunter education – section 4 funds. Boating Access includes freshwater and marine.

Safety margin is a term which describes the technique used to determine the age of unobligated funds. Sport Fish Restoration and Wildlife Restoration funds must be obligated within 2 years of the apportionment. The funds apportioned in one fiscal year must be obligated by the end of the following fiscal year.

Boating Access funds (allocated from SFR) must be obligated within 5 years of the apportionment.

A safety margin is set for each program, each federal fiscal year based on the amount obligated from the current fiscal year's apportionment. This is done at the end of the federal fiscal year after all obligations for the year have been completed.

Funds not obligated within the timeframe (2 years, 5 years) will revert and be lost to the grantee. Funds that are returned unused once a grant is closed must not exceed the established safety margin. Funds not exceeding the safety margin are returned to the grantee to be re-obligated. Funds exceeding the safety margin revert. Each time funds are returned whether recovered or reverted, reduces the safety margin originally established for that fiscal year.

States are not responsible for calculating safety margins, but need to be aware that funds not obligated timely or not used once obligated may be lost.

The Regional WSFR Office is responsible for calculating and tracking safety margins.

### **AVOID REVERTING FUNDS:**

1. **OBLIGATE** funds after they are **apportioned**
2. **EXPEND** funds after they are **obligated**
3. **CLOSE OUT** grants in a **timely manner**

## Distribution of Information

One of the last things to happen is the distribution of information about the project results.

Both Federal and State agencies distribute information through:

- Fishing, hunting, boating, and outdoor shows
- Journals and magazines
- Technical assistance with other states
- Accomplishment Reports
- FBMS
- TRACS

Notes:

---

---

---

---

---

### Learning Points

- ✓ The grant closure process requires effective communication among several people
- ✓ Grantee initiates grant closure by submitting final financial and performance reports
- ✓ Submission and acceptance of final financial report closes grant award and disposes of unused grant funds
- ✓ Information from performance reports is distributed in various formats to program stakeholders

# TAB 11

## Case Study No. 1 – Making Decisions on Real Property

### Instructions:

With your partner, read each scenario and then answer the questions. Use your WSFR Toolkit and review **50 CFR 80.135,136,137**, **2 CFR 200.306** and **SM Part 522 chapters 19, 21 and 22**.

1. A state wildlife agency has a WSFR grant for the purpose of leasing private lands to be made available for public use for hunting. The state wildlife agency charges an entrance fee to the leased land. In addition the agency receives 30% of the revenue generated from professional outfitters that provide hunting guide services on the lands. Is this a cause for concern?

Yes. Commercial use. See **522 FW Chapter 22** WSFR funds shall not be used for the purpose of producing income.

– State’s decision, consider undo influence or fair treatment in guide services.

2. Your agency wishes to sell a parcel of land purchased under a WSFR grant. Originally, your agency intended to build a hunter education training facility on the land, but the facility was ultimately constructed on a different parcel of land. Can the agency sell the original property? Explain.

Yes, if land is no longer needed for original purpose it can be disposed of with approval from Regional Director. Must return funds to WSFR program or buy additional parcel for WSFR purposes with non WSFR funds or transfer title to a WSFR approved entity and receive compensation.

**50CFR 80.136 and 137.**

3. Lake Azure was constructed with Sport Fish Restoration monies to support a largemouth bass/bluegill/catfish sport fishery. A nearby town has requested the lake water be used as a secondary source of potable water during times of drought when their primary source is unable to provide an adequate amount of water. State law states that potable water is the highest and most important use of such water sources. What is the outcome?

Incidental uses must not interfere with primary purposes of the lake and State law would affect regulations related to control of assets. Grantee must maintain control of assets. See **50 CFR 80.135 and 136**

**Making Decisions on Real Property Use (continued)**

4. A large island was purchased for goose management with Wildlife Restoration funds. After several years goose management on the area ceased as geese populations reached levels far exceeding carrying capacity of the island. The land was eventually allowed to proceed through succession to reach 90% mature forest cover. A timber company approached the State to trade a parcel of their land for the island. Is this allowable? If so, what must be done to allow this trade?

Notify and request approval from FWS. See 50 CFR 80.137.

Exchange is two transactions...disposal and acquisition. See requirements.

Equal biological and economic value is required.

How about lack of monitoring for use for original purpose acquired?

5. The Governor's Office has developed a plan to convert one of your agency's wildlife management areas into a state park. The property was originally purchased on a WSFR grant. What WSFR concern does this raise?

Loss of control by Fish & Wildlife Agency. Must regain control or compensate the program. If the non-federal match was from license revenue, this would be a diversion 50 CFR 80.135 and 136

6. At Ducks Galore Wildlife Area, a parcel of land is proposed for acquisition through an existing grant for land acquisition funded by the Wildlife Restoration Program. The state realized that the purpose of the area fits another federal program (North American Wetland Conservation Act) and requests funds from that program as well. Combining Wildlife Restoration monies with the North American Wetland Conservation Act program monies, the state could be reimbursed total costs of the land acquisition. The North American program can fund up to 50 percent of costs leaving the Wildlife Restoration Program with only the remaining 50 percent of costs. Should this be approved?

No. You cannot use federal funds as non federal match for another program Unless specifically allowed in legislative act. See 2 CFR 200.306 b 5.

## Making Decisions on Real Property (continued)

7. A local horse riding club wishes to use a wildlife management area during non-hunting periods of the year. This would include a few events that would be by invitation only. The property was acquired and is managed on a WSFR grant. Can the agency allow this activity?

Yes, it is up to the Agency to determine what additional allowable recreational activities can occur on lands acquired, developed, or managed with WSFR funds (SM 522 FW 21). Agency must not allow activities that would interfere with the primary purpose for which it was acquired or being managed. Consider what “other can of worms” might be opened here.

8. A local farmer pays your agency to cut hay from a wildlife management area. The area was originally purchased using only state license fees, but is managed under a WSFR grant. Does your agency need to report program income on the management grant? What if the property was originally purchased on a WSFR grant? What if the hay cutting was part of a cooperative farming/grazing agreement? Would it be considered program income or not?

Is the cut hay part of a grant supported activity (habitat management)? If so, then “yes”, it is Program Income. (50 CFR 80.120)

If land was purchased with WSFR grant (but now closed), and no O&M activities are taking place, then “no” this is not Program Income and the revenue should be treated as License Revenue.

If this were a cooperative farming/grazing agreement, then it would not be considered Program Income (50 CFR 80.98). It would need to be listed in the project statement and also listed in the Remarks Section of the SF-425.

---

---

**THIS PAGE LEFT INTENTIONALLY BLANK**

## Case Study No. 2 – Education Grant

### Documents:

Answer Sheet and handouts

**Review 50 CFR 80.50, 80.60, 80.61, 2 CFR200.306 and 2CFR 200.434, Quick Reference sheet Handouts 4-5 and 4-10 in mod 4 and handout 11-1 provided to answer the questions below:**

1. What percentage of the program funds apportioned to a State may be used for Aquatic Education? Is the state required to obligate this percentage annually?

0-15% a State's SFR annual apportionment can be used (allocated) for the Aquatic Education program. Can not spend more than 15% of their annual Apportionment. (50 CFR 80.61) (SFR Act – Section 8 (c)).

2. Can a State exceed the maximum placed on the grantees annual Sport Fish Restoration apportionment that can be used for aquatic education without violating regulation? Please explain your answer.

       YES      X   NO

No...a state may not exceed the 15% maximum

Only territories and D.C. are exempt from the 15% maximum cap placed on , aquatic education expenditures.

3. What is the formula to determine each states annual apportionment for Basic Hunter Education? What about Enhanced Hunter Education?

Both are apportioned based on the population of the State per census in proportion to the national total. EHE - \$8 million set aside annually.

BHE – ½ revenues pistols, revolvers, handguns, and archery.

**Education Grant – Scenario/Answer Sheet**

4. Is outreach an eligible activity under the Aquatic Resource Education subprogram?

*Yes...outreach includes programs to recruit anglers, to inform anglers and boaters about angling and boating opportunities and to increase safety and best practices in angling and boating. (Tom Barnes draft policy)*

5. The amount a grantee obligates from their annual Basic HE apportionment determines how the grantee may use their Enhance HE apportionment. Please explain.

*If Grantee obligate all of their current year BHE apportionment to HE, then EHE can be used for any WR eligible project (WR, BHE, EHE).*

*If Grantee does not obligate all of their current year BHE apportionment on HE, then EHE funds are restricted for only EHE type projects.*

6. List the eligible purposes under the Basic and Enhanced Hunter Education Programs

**Basic Hunter Education**

*Teach skills, knowledge, and attitudes to be a responsible hunter.*

*Construct, operate, maintain firearm/archery ranges for the public.*

*Gather information for implementation/evaluate hunter education programs.*

**Enhanced Hunter Education**

*Enhanced HE, hunter development (introduce/recruit), and firearm/archery safety.*

*Enhanced interstate coordination of HE and firearm/archery range programs.*

*Enhanced programs for education, safety, development of hunters/shooters.*

*Enhanced construction of firearm/archery ranges.*

*Update safety features of firearm and archery ranges.*

**Education Grant – Scenario/Answer Sheet**

7. What activities can unobligated (reverted) Enhanced HE funds be used for?

*Reverted Sec 10 may be used for **regular WR activities only***

**50 CFR 80.60**

8. What method is used to determine the value of volunteer services used as in-kind contributions for hunter and aquatic education?

*(1) Use hourly rate of an appropriate State position,*

*including fringe benefits. (2) If an employer volunteers the services*

*then you use the hourly rate of pay of the employee including fringe benefits.*

**2 CFR 200.306 f**

9. What type of documentation is required for in-kind matching, specifically volunteer instructor time?

*Must be supported by the same methods used to support agency regular*

*personnel (2 CFR 200.434d). Required data elements for volunteer*

*timesheets includes (1) Name; (2) Activity; (3) Date; (4) Hours; (5) Miles;*

*(6) Volunteer signature; and (7) Supervisory concurrence.*

Checked by \_\_\_\_\_

**THIS PAGE LEFT INTENTIONALLY BLANK**

## Case Study No. 3 – Equipment Issues

Using the WSFR Toolkit review **2 CFR 200.33**, **2 CFR 200.313**, and **50 CFR 80.10** and **80.21** to answer the questions below. Please cite the specific guideline that provided the basis for your answer.

1. Define “equipment” for the purposes of the WSFR Program.

*Tangible nonexpendable personal property charged directly to the grant*

---

*Including exempt property a useful life of more than one year and an*

---

*acquisition cost of greater than \$5,000 (2 CFR 200.33)*

---

*States may have their own definition.*

---

2. A tractor purchased on an open WSFR grant is occasionally loaned to the State Parks Division for use on a State Park. May this be done under Federal guidelines? Under what circumstances, may the equipment be used outside the project?

*No the equipment must be used on the project for which it was acquired.*

---

*The use of this equipment without compensation may represent a diversion*

---

*of license funds (50 CFR 80.10). The equipment may be used on other WSFR*

---

*projects as long as it does not interfere with the accomplishments of the project*

---

*for which it was originally acquired. 2 CFR200.313 B*

---

3. The State conducts a physical inventory of fixed assets once every three years. Is this adequate under Federal guidelines? What is the requirement?

*States must use, manage, and dispose of equipment acquired under a*

---

*Federal award in accordance with state laws/procedures (2 CFR 200.313b).*

---

*In this case, if auditors find issues, they may issue an audit finding on lack of*

---

*internal controls. A Best Management Practice is to do an inventory at least*

---

*every 2 years.*

---

*All other entities must follow 2 CFR 200.313c-e. (every 2 years)*

---

**Equipment Issues (continued)**

4. The State is consolidating its vehicle fleet into a centralized system. Under the proposal the current fleet of fish and wildlife agency vehicles will be transferred to a newly created department called Fleet Management Services. Most of the vehicles were purchased using license fees and some were acquired on WSFR grants. The fish and wildlife agency will be required to lease vehicles from Fleet Management Services in the future. What concerns does this raise in relation to the WSFR Program?

*Possible diversion of license fees (50 CFR 80.10 and 80.21)*

---

*Options: (1) Agency vehicles would need to be exempted from this system;*

---

*(2) State would need to be compensate the Agency based on fair market value of vehicles. The future lease rate fees need to be reviewed for their “reasonableness”.*

---

*Some Regions put conditional statements on grants for this purpose.*

---

5. A recent audit determined the fish and wildlife agency’s inventory system was inadequate. The agency has formed a working group tasked with developing a new system. The group’s first objective is to determine the minimum requirements for inventory records under Federal guidelines. While you stepped out of the first meeting to make a personal call, the group assigned the job to you. What are the minimum record requirements for an inventory system according to Federal guidelines?

*A Best Management Practice is to follow the requirements listed in*

---

*2 CFR 200.313(d)(1). Description; Serial #; State ID#; Source of funds; Title;*

---

## PITTMAN-ROBERTSON WILDLIFE RESTORATION PROGRAM

**Question:** Why is there a difference in the eligible activities funded under the three funding categories of the Pittman-Robertson Wildlife Restoration Act: Wildlife Restoration, Basic Hunter Education and Enhanced Hunter Education?

**Answer:** The eligible activities under each of the funding categories are outlined in the respective sections of 16 U.S.C. 669-669k, as amended, and the Pittman-Robertson Wildlife Restoration program regulations (50 CFR 80). In order to be approved for grant funds, the activities must meet eligibility standards set by Congress for Wildlife Restoration (Section 4a), Basic Hunter Education (Section 4c), and Enhanced Hunter Education (Section 10).

Examples of eligible activities that support recruitment and retention efforts include, but are not limited to, the following:

**Wildlife Restoration** – carry out research and surveys that assess trends in hunter participation, including recruitment and retention, socio-economic studies and barriers to hunting; acquire, lease or manage lands to increase hunting opportunity; develop facilities to support hunters, hunting and wildlife-related recreation; and conduct tests to evaluate the results of recruitment and retention techniques.

**Basic Hunter Education** – assess the effectiveness of basic and advanced hunter education programs on recruiting and retaining participants; develop and implement model recruitment and retention programs provided the activities involve teaching skills, knowledge, and attitudes necessary to be a responsible hunter; improve public access to hunter education materials and courses; acquire land, construct and operate firearm and archery ranges; acquire, develop and maintain hunter education facilities; and provide technical assistance to target range operators.

**Enhanced Hunter Education** – develop and implement model recruitment and retention programs; offer shooting skills development programs, such as Archery in the Schools and Scholastic Clays that introduce individuals to the shooting sports; develop and sponsor exhibits at outreach events; increase opportunities for recreational shooting, such as mobile shooting clays and live fire exercises; acquire and maintain facilities that encourage hunting, firearms and archery activities; and communicate positive hunting messages through media programs.

PITTMAN-ROBERTSON WILDLIFE RESTORATION PROGRAM

The activities listed below are eligible for funding by the Pittman-Robertson Wildlife Restoration program, Basic Hunter Education and Safety subprogram (Basic Hunter Education) and the Enhanced Hunter Education and Safety program (Enhanced Hunter Education):

Wildlife Restoration (Section 4a)	Basic Hunter Education (Section 4c)	Enhanced Hunter Education (Section 10)
<p>Restore and manage wildlife for the benefit of the public.</p> <p>Conduct research on the problems of managing wildlife and its habitat if necessary to administer wildlife resources efficiently.</p> <p>Obtain data to guide and direct the regulation of hunting.</p> <p>Acquire real property suitable or capable of being made suitable for wildlife habitat, or public access for hunting and other wildlife oriented recreation.</p> <p>Restore, rehabilitate, improve, or manage areas of land or water as wildlife habitat.</p> <p>Build structures or acquire equipment, goods, and services to restore, rehabilitate, or improve lands or waters as wildlife habitat; or provide public access for hunting and other wildlife-oriented recreation.</p> <p>Operate or maintain projects that the State fish and wildlife agency completed under the Pittman-Robertson Wildlife Restoration Act or facilities that the agency acquired or constructed with other sources of funds if these facilities are necessary to carry out activities authorized by the Pittman-Robertson Wildlife Restoration Act.</p>	<p>Teach the skills, knowledge, and attitudes necessary to be a responsible hunter; and</p> <p>Construct, operate, or maintain firearm and archery ranges for public use.</p>	<p>Enhance programs for hunter education, hunter development, and firearm and archery safety. Hunter-development programs introduce individuals to and recruit them to take part in hunting, bow hunting, target shooting, or archery.</p> <p>Enhance interstate coordination of hunter-education and firearm- and archery-range programs.</p> <p>Enhance programs for education, safety, or development of bow hunters and archers.</p> <p>Enhance construction and development of firearm and archery ranges.</p> <p>Update safety features of firearm and archery ranges.</p>

## DIFFERENCE BETWEEN AQUATIC RESOURCE EDUCATION, OUTREACH AND OUTREACH AND COMMUNICATIONS

### AQUATIC RESOURCE EDUCATION ACTIVITIES:

- Grants with the purpose of the enhancement of the public's understanding of water resources, aquatic life forms, and sport fishing, and the development of responsible attitudes and ethics toward the aquatic environment
- Funding Cap: States may obligate up to 15% of their apportionment (excludes Commonwealths, territories, and DC)
- Examples:
  - Angler education courses and clinics
  - Watershed education programs
  - Teacher training institutes
  - Raising perch/bass/salmon/trout/horseshoe crabs in the classroom

### WSFR OUTREACH:

- Grants Informing the public about the accomplishments and benefits of the Sport Fish Restoration Program is an eligible activity under a WSFR Outreach grant, or as a project within an ARE grant.
- No funding cap
- Examples:
  - TV series on "Outdoor New Hampshire" featuring WSFR projects
  - Portable exhibit highlighting six WSFR projects, showing how Federal and license dollars restored habitat and wildlife, displayed at six outdoor shows
- Is outreach an eligible activity under the Aquatic Resource Education subprogram?
  - Programs to recruit anglers, to inform anglers and boaters about angling and boating opportunities, and to increase safety and best practices in angling and boating are eligible under a Sport Fish Restoration Outreach and Communications grant or as a project within an Aquatic Resource Education grant. We recommend that States carry out these activities in a separate grant because the accomplishments and expenditures for an Outreach and Communications program is reported separately from those of an Aquatic Resource Education program. A State may not use more than 15 percent of its annual Sport Fish Restoration apportionment for both programs (exception for the District of Columbia, the Commonwealths, and territories).

### OUTREACH AND COMMUNICATION:

Grants or projects to:

- Improve communications with anglers, boaters, and the general public regarding angling and boating opportunities;
- Reduce barriers to participation in these activities;

## DIFFERENCE BETWEEN AQUATIC RESOURCE EDUCATION, OUTREACH AND OUTREACH AND COMMUNICATIONS

- Advance adoption of sound fishing and boating practices;
  - Promote conservation and the responsible use of the Nation's aquatic resources; and
  - Further safety in fishing and boating.
- Funding Cap: Outreach and Communications grants are under the same 15% cap as ARE. States may not obligate more than 15% of their apportionments for both programs. This is an exception for the DC, Commonwealths, and territories – approved by Service's Regional Director.
  - Examples:
    - Placing RBFF angler recruitment messages in State tourism magazine;
    - Web site and brochures distributed at highway visitor centers; and
    - Big fishing promotion festivals with media, but no education or training.

**TAB 12**

**Objectives:**

1. Identify responsibilities that continue after grant closure
2. Discuss 2 CFR 200.507 (Program Audits)
3. Describe importance of understanding and applying grant program requirements and guidance

**Handouts:**

- None

## Post Grant Closure Responsibilities

### Land purchased with WSFR funds or license revenue

Land purchased with federal funds carries a perpetual federal nexus which applies to all land use, ownership, control and disposition. Income issues with bartering, timbering and mineral extraction. Land purchased with license revenue must stay within the control of the F&W agency because

### Facilities purchased, constructed, or improved with WSFR funds

Have ongoing responsibilities such as useful life, **access** and program income. FWS will be putting useful life in grant award and may go back to make determination on past grants.

522 FW 21, 22,

### Equipment acquired using WSFR funds

Must be used by the grantee or subgrantee in the project for which it was acquired as long as needed whether activity continues to be funded by WSFR.

When no longer needed may be used for activity currently or previously

### Monitoring Cooperative Agreements and Sub-grantees

Binding contracts that have protection and performance requirements that often extend beyond the grant ending date. ie..state park boat ramps public access and hunter education program use of shooting, ranges disposition/use of user fees. Access, maintenance and useful life.

---

## Post Grant Closure Responsibilities (continued)

### Record Retention

Grantees must retain grant records according to **2 CFR 200.333** and other program specific regulations. Records are used for audits and reviews to verify financial transactions to determine if funds are used in accordance with laws & regulations. Provide objective appraisals of financial accounting systems and administrative controls. Determines reliability of financial records and reports. Generally must be kept for 3 years unless audit finding.

---

### Single Audits and Program Audits

**2 CFR 200.501** – Any non-Federal entity that expends  $\geq$  \$750,000 in Federal funds annually must have a Single Audit.

---

The Single Audit is intended to meet the needs of both the non-Federal entity and the Federal awarding agency.

---

Program audits were mandated by the 2000 Improvement Act.

---

**2 CFR 200.507** provides information on Program specific audits. These help to build upon the work of the Single Audit. Only major Federal Programs (PR and SFR) are currently reviewed/tested.

---

## Wildlife and Sport Fish Restoration Program Audits

As specified in the Wildlife and Sport Fish Restoration Program audits Improvement Act of 2000, grantees are audited once each 5 year period for the two most recent completed State Fiscal Years. The Wildlife and Sport Fish Restoration Program audits supplement the Single Audit Act audits.

Currently the audits only cover the Sport Fish (SFR) and Wildlife Restoration (WR) programs. Wildlife and Sport Fish Restoration Program has contracted with the Department of Interior, Office of Inspector General to perform the program audits.

The audit encompasses assent legislation, license certifications, the income and expenses associated with license revenues, grant expenditures and program income for the most recent two-year period. In addition, the audit includes a review of historical records for the acquisition, condition, use, management, and disposal of real and personal property purchased with either license fees or federal grant funds.

The objectives are to:

- Promote economy, efficiency, and effectiveness in administration of programs and operations.
- Aid in deterring and detecting fraud and abuse in programs and operations.
- Assess financial integrity, accountability, and controls of the WSFR Program in accordance with generally accepted accounting principles.
- Monitor compliance with applicable Federal laws, rules, and regulations.

Audit findings must be addressed in the corrective action plan (CAP).

### Surviving an Audit

- Collect and have available all documentation requested by the auditor's prior to their arrival.
- The State point-of-contact should work cooperatively with the audit team to ensure they have access to the pertinent information and personnel.
- Communicate regularly with your WSFR Regional Office and your agency leadership regarding issues that arise during the audit.
- Discuss with the affected staff the changes they need to be made as a result of the audit report. Implement those changes as soon as possible. It may be reflected in the final audit report.

Notes:

---

---

---

---

---

---

---

---

### Learning Points

- ✓ Compliance issues continue, even after the grant is closed
- ✓ The Improvement Act of 2000 required additional audits of SFR and WR programs once during a 5 year period
- ✓ Taking the appropriate actions improve the audit experience for all parties
- ✓ Generally records must be maintained for 3 years from the date of submission of the last expenditure report unless actions involving audits, litigation, claims or negotiations. Records for real property and equipment must be retained until final disposition
- ✓ Grantees are accountable for all federal funds received including funds passed through or sub awarded. Grantees should have monitoring techniques in place for subrecipients

# TAB 13

## **Instructors**

Phil King  
Wildlife & Sport Fish Restoration  
U.S. Fish & Wildlife Service – NCTC  
698 Conservation Way  
Shepherdstown, WV. 25443

Phone: (304) 876-7469  
Fax: (304) 876-7757  
Email: phil\_king@fws.gov

Phil joined the Wildlife and Sport Fish Restoration (WSFR) training team as an instructor in April 2009. His primary duties as an instructor are to coordinate, develop and deliver grant management training courses.

Prior to joining WSFR, Phil was the Federal Aid Coordinator for the Ohio Department of Natural Resources (ODNR), Division of Wildlife for 8 years. Phil served a total of 21 years with ODNR holding positions as Hunter Education Coordinator, Project WILD Coordinator, Becoming an Outdoors Woman Coordinator and State Park Naturalist.

Phil received an A.A.S. degree in Recreation and Wildlife from Hocking College in Nelsonville, Ohio. Phil's passions in life are God, family (wife JoAnn and 3 adult kids) and turkey hunting.

Ryan Oster  
Wildlife & Sport Fish Restoration  
U.S. Fish & Wildlife Service – NCTC  
698 Conservation Way  
Shepherdstown, WV. 25443

Phone: (304) 876-7926  
Fax: (304) 876-7757  
Email: ryan\_oster@fws.gov

Ryan joined the WSFR training branch in September 2014. Previously, he was the Federal Aid Coordinator for the Fisheries Division of the Kentucky Department of Fish and Wildlife Resources. His primary responsibilities included managing the programmatic side of the Fisheries Divisions Sport Fish Restoration, State Wildlife Grants, Clean Vessel Act, and Boating Infrastructure funds. He also oversaw the coordination of the boating access program throughout the state.

Prior to this position, Ryan worked as a District Fisheries Biologist in western Kentucky where he spent the majority of his time managing Kentucky and Barkley Lakes. In 2005, Ryan was promoted to the statewide Black Bass Research Biologist position, where he conducted statewide research projects aimed at enhancing black bass, catfish, muskellunge, and crappie populations throughout Kentucky.

Ryan holds a Bachelor's Degree and Master's Degree in Zoology (emphasis in Fisheries Management) from Southern Illinois University at Carbondale (Go Salukis). Ryan is an avid sport fish angler. He also enjoys spending time outdoors with his wife (Lourdes) and their children Vanessa and Wesley.

---

Ryan Leamy  
Federal Coordinator  
Vermont Fish and Wildlife Department  
1 National Life Drive, Davis 2  
Montpelier, Vermont 05620

Ph: (802) 498-8087  
E-mail: ryan.leamy@vermont.gov

Ryan is the Federal Coordinator and Grants Administrator at the Vermont Fish and Wildlife Department. Being in such a small department, he is in charge of nearly all aspects of programmatic and financial Federal grant management for the state. He also manages training on grant and compliance issues, including TRACS.

Before joining the Vermont Fish and Wildlife Department, Ryan worked at Massachusetts General Hospital managing Global Health, Infectious Disease and AIDS research funding and grant administration. Prior to that, he served two and a half years in the Peace Corps in Mali, West Africa as an Agricultural and Environmental Extension Agent.

Ryan holds Bachelor's degrees in History and English and a Master's degree in Community Development and Applied Economics, all from the University of Vermont. He is an avid gardener, beekeeper and homebrewer, and enjoys hiking and mountain biking in the Northeast Kingdom of Vermont. He resides in Craftsbury with his wife, puppy, cat and several hives of bees.
