

# WSFR Quick Reference Guides

Below are links to the most current versions (updated as of March 2019) of the Wildlife and Sport Fish Restoration (WSFR) Quick Reference sheets that are incorporated into the WSFR Training classes (i.e. Project Leaders Course, Basic Grants Management, and Advanced Grants Management). These files are copyright-free and available for download. Please note that each WSFR Quick Reference sheet is available in both a color and black/white version. Each of these files is saved as a PDF.

## To Download

Click on the Quick Reference to open it. It will appear on your screen. At the top right of the screen, click on the image of an arrow pointing down to download the document. The PDF file will appear at the bottom left of your screen (above the task bar). Open it and save it (click on the image of a disk at the top right corner). You may now save the PDF file to your computer. A bundle of all the quick reference guides is also available at the bottom if you are interested in downloading or printing all of them.
