

# Clean Vessel Act Regulation Update (50 CFR 85)

Welcome to the Clean Vessel Act regulation update space!

The FWS, Wildlife and Sport Fish Restoration Program (WSFR), Division of Programs and Policy staff encourage you to participate as we work toward updating the CVA regulations. We plan to use this space to provide interested parties with resources and information on opportunities to engage.

Thank you for your past and future comments and assistance that we will use to develop a regulatory update that will help States to keep the program vital and successful.
