

# Extending an ASAP Account End Date for Funds Liquidation

**\*\*This page is for U.S. Fish & Wildlife Service (FWS) employees only\*\***

This user guide provides instructions on submitting a request to the Systems Branch to extend the ASAP Account End Date to allow a recipient to draw down unliquidated funds beyond the standard 90-day post period of performance liquidation and reporting period. This guide does not apply when we have approved a final financial reporting due date extension and no funds remain on the award in ASAP.
