Document	Document Description
<a href="#">Functional Area to TAS Crosswalk</a>	<p>For awards or lines created in FBMS, these fields are populated based on the funding accounts used on the award. For awards converted from FFS, the field will not be populated. If the field is not populated, the user must select the Override Predominant Treasury Account Symbol and enter the TAS code in the fields.</p> <p>The TAS code should reflect the origin of the fund. To verify, obtain the Fund or Functional Area of the award and search for the TAS code using that information in the Functional Area to TAS Crosswalk. If the TAS code is not found, search for it using the CFDA number assigned to the award in the "Fish and Wildlife Service CFDA Program Profiles" available at <a href="https://inside.fws.gov/index.cfm/go/post/FASOPOL-CFDA">https://inside.fws.gov/index.cfm/go/post/FASOPOL-CFDA</a>.</p>
<a href="#">FFS to FBMS Vendor and Award Crosswalk</a>	<p>The FFS to FBMS Vendor and Award Crosswalk provides a list of awards that were converted from FFS and the new FBMS vendor and award number associated with the FFS award number.</p>
